Department of Agriculture, 1887 **Cherry Blossom Winter** Jennifer Maruno, 2012-09-01 After Pearl Harbor the Canadian government confiscates the possessions of all Japanese families and they are forcibly moved to small impoverished communities including ten year old Michiko her parents and the new baby on the way **The Garden**, 1898 **In Praise of the Earth**

Byung-Chul Han, 2025-09-03 The earth is not a dead mute landscape but an eloquent living being Sometimes it just takes a spade a packet of seeds and a pair of sturdy boots to realize it The philosopher Byung Chul Han spent three springs summers autumns and winters in his secret garden in Berlin devoting himself to daily gardening in all weathers For Han gardening is a form of silent meditation a lingering in stillness It gives you a different sense of time Every plant has its own time that is specific to it and the garden is a space in which these multiple temporalities overlap and cut across one another The longer

he worked in the garden the more respect he developed for the earth and for its enchanting beauty Gardening taught him what care for others means Each organism has its own consciousness of time passing each organism lives in its own micro universe Step by step Han receded from himself and the world moving closer and closer to an exuberant divine nature which we are increasingly in danger of losing Through this rich meditation on plants soil gardening and time Han unfolds a way of relating to and tending the earth that is in sharp contrast to the brutal incessant exploitation of our planet that we see all around us today
