Blue Sky Of Spring:

The Blue Sky of Spring Elizabeth Cadell,1972-01-01 *Promised Valley War* Ron Fritsch,2011-11-22 Promised Valley War is the second book in Ron Fritsch's four novel Promised Valley series set in prehistoric times Blue Sky the farmer's son who led the rebellion in the first book and Wandering Star the young hunter who became his lover realize they and their peoples will suffer for the high treason they knowingly commit every moment they spend together They along with the other individuals on both sides willing to treat their eternal enemies as their equals nevertheless set the stage for what they've feared most another horrifying war *Promised Valley Rebellion* Ron Fritsch,2010-10-19 Promised Valley Rebellion the first book in the Promised Valley series of four novels by Ron Fritsch is a story of forbidden love The farmer's king refuses to allow the marriage of the coming of age prince to the daughter of the farmer who saved the king's life in the last war with the hunters Her brother decides he has to help his sister and the prince his boyhood friend correct the flagrant injustice That decision leads them and their allies into a youthful rebellion against the king and his officials who rule the kingdom from their bluff top town The far more numerous farmers in the villages below who despise the officials but not the king and who admire the prince are in a position to determine whether the rebels will succeed or face execution for treason *Promised Valley Conspiracy* Ron Fritsch,2012-12-04 Promised Valley Conspiracy is the third novel in Ron Fritsch's four book prehistoric Promised Valley series Fritsch continues to ask if history and civilization which prehistory gave birth to could've begun differently US Review of Books There is a traditional epic tone to the book that is reminiscent of Homer's Iliad or Odyssey It is a story whose firm relentless action is the narrative drive of this novel It fascinates with pages filled with excitement and drama Fritsch's world is one filled with wondrous surprises where there are no damaging thoughts among the people toward same sex unions It's refreshing to see the disappearance of negative cultural trappings found in today's world Kirkus Promised Valley Conspiracy explores the ongoing conflict between the valley people who are prosperous farmers occupying all the richest Promised Valley lands and the hill people who inhabit the sparser uplands and live bitterly believing that their gods promised the valley and its comforts to them Since the valley people have a similar belief about themselves a state of dangerous friction exists between the two groups Savage warfare and desperate diplomacy marked the well orchestrated events of the first two books and tensions continue to boil to the surface in this volume These books continue to be an intelligent and involving look at the personal sacrifices of making war and keeping peace Reader Views The author's creativity in writing a series such as this is to be admired I noticed as the two different peoples learned to see similarities amongst their differences it is the same in our world today Lack of understanding of the beliefs of others creates a disconnection and fear among people Learning to understand and respect the differences makes for a better world whether it is prehistoric or current There are many valuable lessons to be learned in this story Feathered Quill I highly recommend the captivating and interesting Promised Valley series Quill says A thought provoking tale of intrigue and what ifs had life

Ron Fritsch,2013-11-04 Promised Valley Peace is the fourth and last novel in Ron Fritsch s allegorical Promised Valley series The conspirators and their allies from the first three novels give up on the gods whose existence many of them doubt and discover how to use horses in warfare They prepare to employ them in a last battle to bring the prehistoric enemy hunters and farmers together as one people in a new kingdom and end warfare between them forever Individuals who partner with persons of the same gender are once again in the front lines risking their lives for their peoples The first three novels Promised Valley Rebellion Promised Valley War and Promised Valley Conspiracy have won a number of awards Reviewers have included these comments about the series Reader Views It s the story s prehistoric setting that provides the basis for the intellectual question which binds the Promised Valley books together Could civilization and history with their countless heaven sanctioned wars and genocides have begun differently With that as his touchstone Fritsch thoughtfully and compassionately offers answers through the story and its characters While it s an adventurous tale on its surface it s not what it seems to be it s much more For me it was a book of revelations For anyone who has never lost their child s heart and imagination Promised Valley War will compel them to consider all that the book has to say to them That s what unforgettable books do Kirkus The author s well rendered descriptions of the creeping onslaught of war give the reader a visceral feel for the endangered paradise that can occur despite the best intentions of the best people and readers will be surprised by the twists he gives his tale Alongside the careful plotting and natural sounding dialogue there s a refreshing amount of deeper resonances in the Promised Valley series a steady undercurrent of commentary on the present day Feathered Quill An imaginative and well crafted piece of fiction featuring plenty of action and unexpected twists and turns The suspenseful battles sweeping scenery and interpersonal drama would undoubtedly be a satisfying mix on the big screen Are you listening Hollywood *Spring Poems for a New World* Mark S.
