Treasures from the Heart Kenneth Dixon, 2005-12-19 There is no available information at this time **Idaho Adventure** Nancy Wilper Tacke, Todd A. Shallat, 2010-01-01 The Idaho Adventure is a multi media textbook program for 4th grade Idaho studies The program is based on Idaho s Content Standards for social studies and teaches civics history geography and economics The student edition places the state s historical events in the larger context of our nation s history **Lost Mines and Buried Treasures of the West** Thomas Probert, 1977 This large easy to use volume lists the works of more than eleven hundred different authors covering thousands of stories of lost mines and buried treasures supposedly located in fifteen Western and Southwestern states and in Mexico In addition to being a boon to those adventurers who are tempted to search for lost mines and buried treasures it will be an important basic research tool for historians geologists geographers anthropologists archaeologists and folklorists and it will be useful in identifying the man treasure hoards and mining claims all the way from the Lost Adams Diggings in Arizona to the Stagecoach in Wyoming The information given in this important bibliography was acquired through perusal of an unusually large number of books newspapers magazines unpublished manuscripts deposits in private and public libraries holdings of various historical foundations and governmental records and archives The task took Mr Probert three full years of steady patient work Many of these stories of lost mines and buried treasures have resulted in the discovery of some that are rarely acknowledged largely because as Mr Probert points out those who have been so fortunate as to find the pot of gold at the end of the rainbow have deemed it wiser and much safer to keep their own counsel Book jacket Buried Treasures of the Pacific Northwest W. C. Jameson, 2006-01-30 Do Indians living today know the location of the supposedly cursed Lost Gold of Devil s Sink Did Sir Francis Drake bury millions of dollars worth of ancient Incan treasures Has anyone found the box of gold coins buried by a reputed giant in the Washington rain forest Is there a noble family s fortune buried near an old log cabin in the Cascades Latah County Julie R. Monroe, 2006-06-14 Its name derived from the Nez Perce language Latah County is the only county in the United States to have been created by an Act of Congress The abundance of its natural resources from blue fields of camas to deep veins of gold from great stands of white pine trees to vast green grasslands attracted a diversity of dreamers seeking only the opportunity to build their own futures Nestled in the heart of the Palouse an agricultural area of extraordinary production Latah County is a land of timber and at Potlatch was once the site of one of the largest sawmills in the world At Moscow it is also the home of the states land grant institution the University of Idaho From the forests of Troy and the ridges of Juliaetta and Kendrick from the homesteads of Genesee to Bovills hunting lodge and Dearys town site Latah County has had a rich and varied history The Meek Cutoff Brooks Geer Ragen, 2016-06-01 In 1845 an estimated 2 500 emigrants left Independence and St Joseph Missouri for the Willamette Valley in what was soon to become the Oregon Territory It was general knowledge that the route of the Oregon Trail through the Blue Mountains and down the Columbia River to The Dalles was grueling and

dangerous About 1 200 men women and children in over two hundred wagons accepted fur trapper and guide Stephen Meek s offer to lead them on a shortcut across the trackless high desert of eastern Oregon Those who followed Meek experienced a terrible ordeal when his memory of the terrain apparently failed Lost for weeks with little or no water and a shortage of food the Overlanders encountered deep dust alkali lakes and steep rocky terrain Many became ill and some died in the forty days it took to travel from the Snake River in present day Idaho to the Deschutes River near Bend Oregon Stories persist that children in the group found gold nuggets in a small dry creek bed along the way From 2006 to 2011 Brooks Ragan and a team of specialists in history geology global positioning metal detecting and aerial photography spent weeks every spring and summer tracing the Meek Cutoff They located wagon ruts gravesites and other physical evidence from the most difficult part of the trail from Vale Oregon to the upper reaches of the Crooked River and to a location near Redmond where a section of the train reached the Deschutes The Meek Cutoff moves readers back and forth in time using surviving journals from members of the 1845 party detailed day to day maps aerial photographs and descriptions of the modern day exploration to document an extraordinary story of the Oregon Trail

The Sagebrush Curtain Melvin Adams,2019-08-08 This book contains a diversity of natural and human stories about the southeast quarter of Oregon state an area seemingly empty and barren to many people driving through it This surprising view of the region features the botany geology wildlife and history of the area wrapped in a memoir of the author s youth spent there Born in the sagebrush community of Lakeview in 1941 the author moved on following high school graduation But as with many native sons and daughters from out of the way places the urge to return to his roots proved irresistible I endeavored to write this collection about the Oregon desert because of my childhood there says Adams but also because it is a place of startling mystery subdued danger and beauty *Into the White* Two
