

BLUE CALHOUN

A man with short brown hair, wearing a green and white plaid shirt and dark blue pants, is sitting on a stone balcony. He is looking out over a city street. A white cloth is draped over his lap. The background shows a white balustrade and a building with columns.

Blue Calhoun:

Blue Calhoun Reynolds Price,1992 Since the publication of his famous first novel *A Long and Happy Life* Price has been accorded the praise and admiration reserved for America's most distinguished writers Now he has written the most searching most passionate novel of his rich and varied career *Blue Calhoun* the narrator looks back over his past from the mid 1950s to the present Understanding Reynolds Price James A. Schiff,1996 This critical analysis of Price's writings traces the development of an esteemed American writer from the 1962 publication *A Long and Happy Life* Demonstrating how literary trends have often run counter to Price's career Schiff argues that Price has remained committed to a personal vision The Christ-Haunted Landscape Susan Ketchin,2009-11-12 Here are Susan Ketchin's discerning interviews with twelve southerners living and writing in the South and along with a piece of fiction by each are her penetrating commentaries about the impact of southern religious experience on their work A little more than a generation ago Flannery O'Connor made a startling observation about herself and her fellow southerners By and large she said people in the South still conceive of humanity in theological terms While the South is hardly Christ centered it is most certainly Christ haunted The southerner who isn't convinced of it is very much afraid that he may have been formed in the image and likeness of God Guided by O'Connor's perceptive commentary about southerners in general Susan Ketchin has created a deeply revealing collection that mirrors the pervasive role of religion in the literature by the recent generation of notable southern writers Ketchin confirms that old time religion remains a potent force in the literature of the contemporary South United States Official Postal Guide United States. Post Office Department,1899 Learning a Trade Reynolds Price,1998 This journal offers a rich reward for those seeking to enter the guild of writers as well as those intrigued by the process of the literary life Price is the award winning author of 30 books and is a regular broadcast commentator for NPR's *All Things Considered*
