Psychoanalytic Approaches to Myth Daniel Merkur, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company *Animism and the Question of Life* Istvan Praet, 2013-08-15 The central purpose of this book is to help change the terms of the debate on animism a classic theme in anthropology It combines some of the finest ethnographic material currently available including firsthand research on the Chachi of Ecuador with an unusually broad geographic scope the Americas Asia and Africa Edward B Tylor originally defined animism as the first phase in the development of religion The heyday of cultural evolutionism may be over but his basic conception is commonly assumed to remain valid in at least one respect there is still a broad consensus that everything is alive within animism or at least that more things are alive than a modern scientific observer would allow for e g clouds rivers mountains It is considered self evident that animism is based on a kind of exaggeration its adherents are presumed to impute life to this that and the other in a remarkably generous manner Against the prevailing consensus this book argues that if animism has one outstanding feature it is its peculiar restrictiveness Animistic notions of life are astonishingly uniform across the globe insofar as they are restricted rather than exaggerated In the modern Western cosmology life overlaps with the animate Within animism however life is always conditional and therefore tends to be limited to one s kin one s pets and perhaps the plants in one s garden Thus it emerges that our modern biological concept of life is stranger than generally thought *Zuñi Fetiches* Frank Hamilton Cushing, 2024-02-25 Reprint of the original first published in 1883 *Abundantly Attractive* Tonwand North, 2022-07-01 How Much is Love Truly Worth Romantic Comedy LGBTQ British Humour Liam has a simple plan find a wealthy wife and enjoy a luxurious life by the pool He has the looks the charm and the confidence to pull it off But when he lands the job as barman to the irresistible billionaire Lawrence Paul his plan takes an unexpected turn Suddenly he s not so opposed to the future Mrs Perry being a wealthy Mr Perry But alas bats cats rats and reindeer are out to ruin his happily ever after With an empty fridge and rent due he can t afford to lose his heart or his job Will Liam s plan land him love and luxury or will nature s mischievous twists leave him broke single and questioning everything hilariously heartwarming romantic comedy with sizzling chemistry and witty banter *Defection at 60: I left dinner on the stove and ran away from home* Adora Mitchell Bayles, 2011-06-07 Sebring Florida knew nothing about Grand Prix Racing when Adora Bayles was born there in 1931 Growing up in a dysfunctional family she married into a dysfunctional family Sometime during that marriage she realized there was a way out of the bickering manipulative jealousy ridden envy ridden low self esteem ridden life style Through nine months of extensive counseling she suddenly became functional The rest of the family remained dysfunctional

Wings in the Desert Amadeo M. Rea,2022-04-12 There is a common but often unspoken arrogance on the part of outside observers that folk science and traditional knowledge the type developed by Native communities and tribal groups is inferior to the formal science practiced by Westerners In this lucidly written and humanistic account of the O odham tribes of Arizona and Northwest Mexico ethnobiologist Amadeo M Rea exposes the limitations of this assumption by exploring the rich ornithology that these tribes have generated about the birds that are native to their region He shows how these peoples observational knowledge provides insights into the behaviors mating habits migratory patterns and distribution of local bird species and he uncovers the various ways that this knowledge is incorporated into the communities traditions and esoteric belief systems Drawing on more than four decades of field and

textual research along with hundreds of interviews with tribe members Rea identifies how birds are incorporated both symbolically and practically into Piman legends songs art religion and ceremonies Through highly detailed descriptions and accounts loaded with Native voice this book is the definitive study of folk ornithology It also provides valuable data for scholars of linguistics and North American Native studies and it makes a significant contribution to our understanding of how humans make sense of their world It will be of interest to historians of science anthropologists and scholars of indigenous cultures and folk taxonomy

One of the significant advantages of Blue Coyote books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes.
