Lang,2020-09-28 The children who read fairy books or have fairy books read to them do not read prefaces and the parents aunts uncles and cousins who give fairy books to their daughters nieces and cousines leave prefaces unread For whom then are prefaces written When an author publishes a book out of his own head he writes the preface for his own pleasure After reading over his book in print to make sure that all the u s are not printed as n s and all the n s as u s in the proper names then the author says mildly in his preface what he thinks about his own book and what he means it to prove if he means it to prove anything and why it is not a better book than it is But perhaps nobody reads prefaces except other authors and critics who hope that they will find enough in the preface to enable them to do without reading any of the book This appears to be the philosophy of prefaces in general and perhaps authors might be more daring and candid than they are with advantage and write regular criticisms of their own books in their prefaces for nobody can be so good a critic of himself as the author if he has a sense of humour If he has not the less he says in his preface the better These Fairy Books however are not written by the Editor as he has often explained out of his own head The stories are taken from those told by grannies to grandchildren in many countries and in many languages French Italian Spanish Catalan Gaelic Icelandic Cherokee African Indian Australian Slavonic Eskimo and what not The stories are not literal or word by word translations but have been altered in many ways to make them suitable for children Much has been left out in places and the narrative has been broken up into conversations the characters telling each other how matters stand and speaking for themselves as children and some older people prefer them to do In many tales fairly cruel and savage deeds are done and these have been softened down as much as possible though it is impossible even if it were desirable to conceal the circumstance that popular stories were never intended to be tracts and nothing else Though they usually take the side of courage and kindness and the virtues in general the old story tellers admire successful cunning as much as Homer does in the Odyssey At least if the cunning hero human or animal is the weaker like Odysseus Brer Rabbit and many others the story teller sees little in intellect but superior cunning by which tiny Jack gets the better of the giants In the fairy tales of no country are improper incidents common which is to the credit of human nature as they were obviously composed mainly for children It is not difficult to get rid of this element when it does occur in popular tales The old puzzle remains a puzzle why do the stories of the remotest people so closely resemble each other Of course in the immeasurable past they have been carried about by conquering races and learned by conquering races from vanquished peoples Slaves carried far from home brought their stories with them into captivity Wanderers travellers shipwrecked men merchants and wives stolen from alien tribes have diffused the stories gipsies and Jews have peddled them about Roman soldiers of many different races moved here and there about the Empire have trafficked in them From the remotest days men have been wanderers and wherever they went their stories accompanied them The slave trade

Mouse, 2017-10-23 This extraordinary volume contains 33 old and forgotten folk and fairy tales including stories like The Magic Mirror The Ugly Duckling The Goldsmith's Fortune The Enchanted Wreath The Clever Cat and many many more These stories originate from Jutland Rhodesia Zimbabwe Uganda India Scotland Denmark and various European countries The stories are brought to life by illustrations from H J Ford Herein are 8 full page colour plates 19 full page pen and ink drawings and a further 33 in text vignettes There was a time when the president of the Folk Lore Society believed it was not acceptable for the editors of the day in particular Mr Andrew Lang and Mr Joseph Jacobs to publish fairy books Their reply was that they did not see any harm in it and they were ready to put themselves on their country and be tried by a jury of children And so they were proving the President of the FLS wrong This book also contains many references to fairies As to whether there are really any fairies or not is a difficult question Andrew Lang never saw any himself but he knew several people who have seen them in the Highlands and heard their music

If ever you are near Nether Lochaber go to the Fairy Hill and you may hear the music your self as grown up people have done but you must go on a fine day If fairies really do not exist why do so many people believe in them the world over The ancient Greeks the old Egyptians the Hindus the Chinese the Africans and even the Native Americans claim to have seen them and it is unlikely that so many different peoples would have seen and heard them The Editor cannot say good bye without advising children as they pursue their studies to read The Rose and the Ring by the late Mr Thackeray He believes this book is quite indispensable in every child s library and parents should be urged to purchase it at the first opportunity as without it no education is really complete
