

Blue Jeans

Robert J. Shiller

Blue Jeans:

Blue Jeans Daniel Miller, Sophie Woodward, 2012-02 Focuses on an everyday item blue jeans to learn what one simple article of clothing can tell us about our individual and social lives and challenging by extension the foundational anthropological presumption of the normative Blue Jeans Daniel Miller, Sophie Woodward, 2012-02-01 This fresh and accessible ethnography offers a new vision of how society might cohere in the face of on going global displacement dislocation and migration Drawing from intensive fieldwork in a highly diverse North London neighborhood Daniel Miller and Sophie Woodward focus on an everyday item blue jeans to learn what one simple article of clothing can tell us about our individual and social lives and challenging by extension the foundational anthropological presumption of the normative Miller and Woodward argue that blue jeans do not always represent social and cultural difference from gender and wealth to style and circumstance Instead they find that jeans allow individuals to inhabit what the authors term the ordinary Miller and Woodward demonstrate that the emphasis on becoming ordinary is important for immigrants and the population of North London more generally and they call into question foundational principles behind anthropology sociology and philosophy

Blue jeans Bloembergen, 2012 Blue jeans in bijna iedere garderobe is wel een exemplaar te vinden De Nederlander heeft zelfs de meeste spijkerbroeken per hoofd van de bevolking in vergelijking met andere westerse landen Vreemd genoeg is dat tot nu toe geen aanleiding geweest voor een tentoonstelling op grote schaal het Centraal Museum heeft dit najaar de primeur Bij deze tentoonstelling verschijnt het boek Blue jeans Aan de hand van verschillende thema's wordt duidelijk gemaakt dat spijkerstof een veel langere geschiedenis heeft dan veelal gedacht wordt Al in de zeventiende eeuw werd spijkerstof in kleding verwerkt Tegenwoordig blijkt de jeans nog altijd innovatief en actueel te zijn In aansprekende teksten en met prachtige verrassende afbeeldingen wordt aandacht besteed aan onder meer de zeventiende eeuwse spijkerrok DNA indigo innovatie duurzaamheid ambacht catwalk en uniformiteit individualiteit 0Exhibition Centraal Museum Utrecht The Netherlands 24 11 2012 10 3 2013 Dress and Popular Culture Patricia Anne Cunningham, Susan Voso Lab, 1991 The subjects of the essays in this book range from looking at the ever changing means of specific garments and clothing practices of subcultural groups to examining dress as a reflection of changing life styles in American culture The essays also examine fashions fads and popular images Dress and Popular Culture hopes to shed new light on popular culture through a study of the associations of dress to culture Blue Jeans Carolyn Purnell, 2022-12-15 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things Few clothing items are as ubiquitous or casual as blue jeans Yet their simplicity is deceptive Blue jeans are nothing if not an exercise in opposites Americans have accepted jeans as a symbol of their culture but today jeans are a global consumer product category Levi Strauss made blue jeans in the 1870s to withstand the hard work of mining but denim has since become the epitome of leisure In the 1950s celebrities like Marlon Brando transformed the utilitarian clothing of industrial labor into a glamorous statement of youthful rebellion and now you

can find jeans on chic fashion runways For some indigo blue might be the color of freedom but for workers who have produced the dye it has often been a color of oppression and tyranny Blue Jeans considers the versatility of this iconic garment and investigates what makes denim a universal signifier ready to fit any context meaning and body Object Lessons is published in partnership with an essay series in The Atlantic **Global Denim** Daniel Miller,Sophie Woodward,2011-01-01 On any given day nearly half of the world s population is wearing blue jeans this is a fascinating study of the causes nature and consequences of the rise of global denim **Backpacker** ,1996-09 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured Textiles and Clothing Sustainability Subramanian Senthilkannan Muthu,2016-08-06 This book discusses in detail the concepts of recycling and upcycling and their implications for the textiles and fashion sector In addition to the theoretical concepts the book also presents various options for recycling and upcycling in textiles and fashion Although recycling is a much developed and widely used concept upcycling is also gaining popularity in the sector **Inventions in Fashion** Lisa Hiton,2016-12-15 Fashion is much more than what we wear In fact designing fabricating and styling clothes is an art form that relies on up to the minute technology Inventions in Fashion From Rawhide to Rayon explores the trajectory of fashion from the first clothing worn by primitive humans to scientifically engineered fabrics The book examines the development of rawhide blue jeans sewing machines and rayon in chronological order These inventions have applications well beyond the runway and the book explains these effects the stories of their inventors and the ways earlier inventions influenced those that came after **SLAMM Stock Item Catalog** California Office of Procurement,1983 **Postwar America** James Ciment,2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of the most turbulent and prosperous years in American history Postwar America An Encyclopedia of Social Political Cultural and Economic History provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes

Consumption and Its Consequences Daniel Miller, 2013-04-17 This is a book for those looking for different answers to some of today's most fundamental questions: What is a consumer society? Does being a consumer make us less authentic or more materialistic? How and why do we shop? How should we understand the economy? Is our seemingly insatiable desire for goods destroying the planet? Can we reconcile curbs on consumption with goals such as reducing poverty and social inequality? Miller responds to these questions by proposing feasible and where possible currently available alternatives drawn mainly from his own original ethnographic research. Here you will find shopping analysed as a technology of love; clothing that sidesteps politics in tackling issues of immigration. There is an alternative theory of value that does not assume the economy is intelligent, scientific, moral or immoral. We see Coca Cola as an example of localization not globalization. We learn why the response to climate change will work only when we reverse our assumptions about the impact of consumption on citizens. Given the evidence that consumption is now central to the way we create and maintain our core values and relationships, the conclusions differ dramatically from conventional and accepted views as to its consequences for humanity and the planet.

King Cotton in Modern America D. Clayton Brown, 2011-02-25 King Cotton in Modern America places the once kingly crop in historical perspective, showing how cotton culture was actually part of the larger culture of the United States despite many regarding its cultivation and sources as hopelessly backward. Leaders in the industry acting through the National Cotton Council organized the various and often conflicting segments to make the commodity a viable part of the greater American economy. The industry faced new challenges, particularly the rise of foreign competition in production and the increase of man-made fibers in the consumer market. Modernization and efficiency became key elements for cotton planters. The expansion of cotton growing areas into the Far West after 1945 enabled American growers to compete in the world market. Internal dissension developed between the traditional cotton growing regions in the South and the new areas in the West, particularly over the USDA cotton allotment program. Mechanization had profound social and economic impacts. Through music and literature and with special emphasis placed on the meaning of cotton to African Americans in the lore of Memphis's Beale Street blues music and African American migration off the land, author D. Clayton Brown carries cotton's story to the present.

Here Are My People David A. Reichard, 2024-06-01 Beginning in the late 1960s and throughout the 1970s, a new generation of LGBT students in California began to organize publicly on college and university campuses, inspired by contemporaneous social movements and informed by California's rich history of LGBT community formation and political engagement. Here Are My People documents how a trailblazing group of queer student activists in California made their mark on the history of the modern LGBTQ movement and paved the way for generations of organizers who followed. Rooted in extensive archival research and original oral histories, Here Are My People explores how this organizing unfolded, comparing different regions, types of campuses, and diverse student populations. Through campus-based organizations and within women's studies programs and despite various forms of reactionary resistance, student organizers promoted LGBT

themed educational programming and changes to curriculum provided peer support like counseling and hotlines and sponsored events showcasing queer creative practices including poetry theater and film Collaborating across various campuses they formed regional and statewide alliances And importantly LGBT student organizers engaged California s vibrant gay liberation and lesbian feminist political communities forging new and important relationships in the movement which enhanced both on and off campus LGBT organizing

Narrative Economics Robert J. Shiller,2019-10 Economists have long based their forecasts on financial aggregates such as price earnings ratios asset prices and exchange rate fluctuations and used them to produce statistically informed speculations about the future with limited success Robert Shiller employs such aggregates in his own forecasts but has famously complemented them with observations about the influence of mass psychology on certain events This approach has come to be known as behavioral economics How can economists effectively capture the effects of psychology and its influence on economic events and change Shiller attempts to help us better understand how psychology affects events by explaining how popular economic stories arise how they grow viral and ultimately how they drive economic developments After defining narrative economics in the book s preface with allusions to the advent of both the Great Depression and to World War II Shiller presents an example of a recent economic narrative gone viral in the story of Bitcoin Next he explains how narrative economics works with reference to how other disciplines incorporate narrative into their analyses and also to how epidemiology explains how disease goes viral He then presents accounts of recurring economic narratives including the gold standard real estate booms war and depression and stock market booms and crashes He ends his book with a blueprint for future research by economists on narrative economics Provided by publisher

Engineering Economics Tahir Hussain,2010 Investigation of Whitewater Development Corporation and Related Matters: The inquiry into whether improper conduct occurred with respect to the operation, investments, and activities of Whitewater Development Corporation, Madison Guaranty Savings & Loan, Capital Management Services, and related matters United States. Congress. Senate. Special Committee to Investigate Whitewater Development Corporation and Related Matters,1997

Venus in Blue Jeans Nathalie Bartle,Susan Abel Lieberman,1998 Based on interviews with mother daughter pairs Bartle explores how mothers and their teenage daughters communicate about sex what teenagers know and need to know and how mothers can improve their communication styles
