nineteenth and early twentieth centuries. Salvage anthropologists of this era relied on Native informants to accomplish their mission of saving Native American cultures and ultimately turned many informants into anthropologists after years of fieldwork experience. Sowry investigates ten relatively unknown Native American anthropologists and collaborators who from 1878 to 1930 attended a religiously affiliated mission school, a federal Indian boarding school, or both. He tells the stories of Native anthropologists Tichkematse, William Jones, and James R. Murie, who were alumni of the Hampton Institute in Virginia. Richard Davis and Cleaver Warden were among the first and second classes to attend the Carlisle Indian Industrial School in Pennsylvania. Amos Oneroad graduated from the Haskell Indian Industrial Training School in Lawrence, Kansas, after attending mission and boarding schools in South Dakota. D. C. Duvall, John V. Satterlee, and Florence and Louis Shotridge attended smaller boarding and mission schools in Montana, Wisconsin, and Alaska Territory, respectively. Turning the Power follows the forced indoctrination of Native American students and then details how each of them turned the power using their English knowledge and work experience in the anthropological field to embrace, document, and preserve their Native cultures rather than abandoning their heritage.

*American Vacation* Raluca Barbu, 2022-01-05

AMERICAN VACATION challenges you to leave behind your familiar background and carries you 12,000 miles into the Wild West. It trades your usual city streets for 170 miles of hiking through 7 types of natural landmarks. You will climb from 260 feet below sea level up to 14,000 feet of altitude. Starting in The Land of Lincoln, you will experience a 45-day tour across 19 states at times asking yourself whether you have left the earth and landed on a different planet. You will ride along to discover 33 national, state, and tribal parks and corners of paradise hidden deep within the North American landscape. You will laugh and empathize with Raluca whenever she has to overcome her fears and limits like climbing down rugged rocks in Spooky Gulch or reaching the summit of Mount White. As a vivid slice of Raluca's travel experience, this book stands witness to a small fraction of this world's flawless beauty which has taken hundreds of millions of years to perfect. *American Vacation: 12,000 Miles Into the Wild West* is Raluca Barbu's fifth book, the first four having been published in her home country, Romania. It is a travel book about the most iconic Western landmarks seen through the eyes of a Romanian writer. It is, in many respects, one of a kind because no other Romanian author has traveled and written about the American West. It provides a foreign writer's take on the American landscape and tourism through the eyes of a former citizen of a communist country. It is a homage given both to the beauty of the American outdoors and to the way nature is respected and preserved by the authorities and visitors. What makes *American Vacation* special is the travel narrative that Raluca has brought back as a literary genre. In a world of Google reviews, travel blogs, and vacation guides, she manages to shine a light on the lost art of travel memoirs. Praise for *American Vacation: 12,000 Miles Into the Wild West* I thoroughly enjoyed *American Vacation* from destination to destination and cover to cover. Interesting and informative in a framework of armchair travel, the book is so much more. It provides the reader at times an opportunity to reflect about the amazing landscapes, large and small, that are America and about us as their

*Coconino National Forest* ,2009      *See America First* Marguerite Shaffer,2013-08-06 In *See America First* Marguerite Shaffer chronicles the birth of modern American tourism between 1880 and 1940 linking tourism to the simultaneous growth of national transportation systems print media a national market and a middle class with money and time to spend on leisure Focusing on the *See America First* slogan and idea employed at different times by railroads guidebook publishers Western boosters and Good Roads advocates she describes both the modern marketing strategies used to promote tourism and the messages of patriotism and loyalty embedded in the tourist experience She shows how tourists as consumers participated in the search for a national identity that could assuage their anxieties about American society and culture Generously illustrated with images from advertisements guidebooks and travelogues *See America First* demonstrates that the promotion of tourist landscapes and the consumption of tourist experiences were central to the development of an American identity      U.S. Department of Transportation Federal Motor Carrier Safety Administration Register ,2001      *Feminism Enchanted* Yanbing Er,2025-09-16 The feminist movement has long been guided by the promise of progress for women politically economically and in personal life But we live in a time when history appears to be moving backward into a more reactionary past How might feminist thought make sense of this plight without returning to the liberal Western framework of progressive reason Yanbing Er argues that the key to this predicament lies in the capacity of the literary imagination to invigorate feminist critical practice She reveals how a literary mode of enchantment fundamentally transforms feminist theory and praxis imagining new and surprising possibilities that had once been foreclosed by dominant paradigms of progress Enchantment illuminates forms of existence that have been lost erased or obscured allowing us to encounter both feminism and the world anew Er finds incantatory power in the works of writers such as Rivers Solomon Akwaeke Emezi Ruth Ozeki and Alexis Wright who disrupt hegemonic ways of thinking by summoning otherwise unimaginable ways of being Their works collectively present an immersive and expansive feminist imaginary that makes space for marginalized histories narratives and lifeworlds Elegantly written and boldly argued *Feminism Enchanted* shows how poetic language conjures alternative futures for feminist thought      **Liberalism, Theology, and the Performative in Antebellum American Literature** Patrick McDonald,2023-09-19 The 1850s United States witnessed a far reaching political social and economic crisis Symptomatic of this a wide range of narrative fiction from sentimental novels to sensational drama identifies a foundational link between liberal institutions and performative utterances Auctions trials marriages and contracts this fiction contends all depend on the self constituting authority of words and performances which anybody and everybody can appropriate and are always subject to misfiring Rather than viewing this as a liberatory and egalitarian political force however writers from Herman Melville and James Fenimore Cooper to Captain Mayne Reid and E D E N Southworth insist that such naked

authority must be supplemented A broad swath of 1850s literature insists that this supplement ought to come from Christianity Anticipating thinkers like Carl Schmitt and Giorgio Agamben these works suggest that legitimate political authority depends upon its ability to represent Christian transcendence and account for revealed truth something firmly outside of speech acts and performance s purview In so doing this diverse body of fiction registers a desire to reconstitute political authority on transcendent and representable ground augmenting institutional reliance on mere words and assuaging the contemporary crises of confidence and authority *Catalog of Copyright Entries.
