Armand Le Vampire:

The Vampire Armand Anne Rice, 2009-10-06 When I found Rice's work I absolutely loved how she took that genre and made it feel so contemporary and relevant. Sarah Pinborough, bestselling author of *Behind Her Eyes*. Rice wrote in the great tradition of the gothic. Ramsey Campbell, bestselling author of *The Hungry Moon*. The previous volume of the Vampire Chronicles, *Memnoch the Devil*, was called a modern *Paradise Lost* by the Washington Post. Taking the Vampire Lestat from fiction into legend, it left him lying in a New Orleans convent at the edge of death. Magnificent and electrifying, this new volume in the Vampire Chronicles returns to the glittering story of Armand, mesmerizing leader of the vampire coven at the eighteenth-century Theatre des Vampires in Paris, seductively played by Antonio Banderas in the film *Interview with the Vampire*. Snatched from the steppes of Russia as a child and sold as a slave in Renaissance Venice, Armand's story sweeps through several hundred years to New Orleans at the end of the twentieth century where Lestat lies waiting for immortality and the legend continues to grow.

The Vampire Armand Anne Rice, 1998 From the Publisher In the latest installment of *The Vampire Chronicles*, Anne Rice summons up dazzling worlds to bring us the story of Armand, eternally young with the face of a Botticelli angel. Armand, who first appeared in all his dark glory more than twenty years ago in the now classic *Interview with the Vampire*, the first of *The Vampire Chronicles*, the novel that established its author worldwide as a magnificent storyteller and creator of magical realms. Now we go with Armand across the centuries to the Kiev Rus of his boyhood, a ruined city under Mongol dominion, and to ancient Constantinople where Tartar raiders sell him into slavery. And in a magnificent palazzo in the Venice of the Renaissance, we see him emotionally and intellectually in thrall to the great vampire Marius, who masquerades among humankind as a mysterious, reclusive painter and who will bestow upon Armand the gift of vampiric blood. As the novel races to its climax, moving through scenes of luxury and elegance, of ambush, fire, and devil worship, to nineteenth-century Paris and today's New Orleans, we see its eternally vulnerable and romantic hero forced to choose between his twilight immortality and the salvation of his immortal soul.

Vampire Armand Anne Rice, 1998-10 In her latest installment of *The Vampire Chronicles*, Anne Rice brings readers the story of Armand, eternally young with the face of a Botticelli angel, who first appeared in his dark glory in *Interview with the Vampire*. Moving through scenes of luxury, of ambush, fire, and devil worship, to 19th-century Paris and today's New Orleans, this romantic hero is forced to choose between his twilight immortality and the salvation of his immortal soul.

Armand le vampire. Anne Rice, 2002-10 Au chevet de Lestat, plongé dans un profond coma, David Talbot, l'archiviste du Talamasca, rencontre Armand, peut-être le plus mystérieux et sans conteste le plus séduisant des vampires. Il entreprend de lui faire raconter l'histoire de sa vie. Une histoire cruelle et flamboyante qui nous mène des steppes de la Russie, Constantinople et la Venise de la Renaissance où il est recueilli par Marius, un peintre qui vit avec faste et dont il ignore qu'il s'agit d'un vampire. Mais Marius, dont le mode de vie et la tolérance suscitent la haine des autres vampires, sera brisé sous les yeux d'Armand. Commence alors pour celui-ci une errance de

plusieurs siècles qui le conduit Londres Paris et enfin New York grâce deux enfants et la magie de la musique il pourra enfin entrevoir une forme de rédemption **The Vampire Armand** Faye Perozich,1991 **The Vampire Armand** Anne

Rice,1998-10 Armand the nubile Venetian the living breathing remnant of the high Renaissance narrates his own story here and his world weary perspective is a subdued contrast to the bombast of Rice's usual hero the egomaniacal rock star French pop Lestat A complicated sexually ambiguous pretty boy with an evolving but perpetually twisted relationship to Christianity Armand at times comes across as endearingly muddled as any modern teen Unfortunately he can also be just as irritating He may be 500 years old but Armand apparently still has neither the depth to passionately probe his religious mysteries with convincing fervor nor the sense of humor to see the ridiculousness of his quests [The Vampire in Literature: A Comparison of Bram Stoker's Dracula and Anne Rice's Interview with the Vampire](#) Janina Nußbaumer,2014-02-01 The figure of the vampire has been around for centuries and has lost none of its fascination Although the portrayal of the vampire in literature today has not much in common with its historical origins the vampire belief is based on true events Bram Stoker's novel Dracula laid the foundation for the success story of the vampire He created something sinister a monster in the shape of a gentleman The evil of the Victorian society was personified in the form of the revenant Boundaries between good and evil human and non human death and life are blurred and unrecognizable in his book In contrast Anne Rice creates a world where humans and vampires live next to each other Her vampires resemble human beings not only in terms of their bodies but also in terms of their minds There is no horror detectable but amazement and identification with the revenants by the reader In this context the differentiation of the constructed images of the vampires in the two novels Dracula by Bram Stoker and Interview with the Vampire by Anne Rice is analyzed Thereby the study investigates those elements that have been adopted those ones that have developed over the time and the consequences that go along with the manner of construction

The Vampire Montague Summers,1928 **The Vampire as Numinous Experience** Beth E. McDonald,2015-01-24 The critical work examines the vampire as a spiritual figure whether literal or metaphorical analyzing how the use of the vampire in literature has served to convey both a human sense of alienation from the divine and a desire to overcome that alienation While expressing isolation the vampire also represents the transcendent agent through which individuals and societies must confront questions about innate good or evil and belief in the divine and the afterlife Textual experiences of the numinous in the form of the vampire propel the subject on a spiritual journey involving both psychological and religious qualities Through this journey the reader and the main character may begin to understand the value of their existence and the divine A variety of works poetry and fiction by British and American authors is discussed with particular concentration on Coleridge's *The Rime of the Ancient Mariner* Bram Stoker's *Dracula* and Anne Rice's *Vampire Chronicles* as representative of the Romantic Victorian and late twentieth century periods of literature A conclusion looks at the future of the literary vampire **Wampir Armand** Anne Rice,2004 **The Vampire Defanged** Susannah Clements,2011-03-01 Vampires first entered the pop

culture arena with Bram Stoker's 1897 novel *Dracula*. Today vampires are everywhere. From *Buffy the Vampire Slayer* to the *Twilight* Saga to HBO's *True Blood* series, pop culture can't get enough of the vampire phenomenon. Bringing her literary expertise to this timely subject, Susannah Clements reveals the roots of the vampire myth and shows how it was originally immersed in Christian values and symbolism. Over time, however, vampires have been defanged as their spiritual significance has waned and what was once the embodiment of evil has turned into a teen idol and the ultimate romantic hero. Clements offers a close reading of selected vampire texts, explaining how this transformation occurred and helping readers discern between the variety of vampire stories presented in movies, TV shows, and novels. Her probing engagement of the vampire metaphor enables readers to make Christian sense of this popular obsession.

The Palgrave Handbook of the Vampire
 Simon Bacon, 2024-04-16
 Winner of the The Lord Ruthven Assembly Award for Non Fiction 2024
 This Handbook MRW is a unique encompassing overview of the figure of the vampire. Not only covering the list of usual suspects, this volume provides coverage from the very first reports of vampire-like creatures in the 17th century to film and media representations in the 21st century. The Palgrave Handbook of the Vampire shows that what you thought you knew about vampires is only a fraction of the real and fascinating story.

Vampires, 2006-01-01
 In the modern world, vampires come in all forms; they can be perpetrators or victims, metaphors or monsters, scapegoats for sinfulness or mirrors of our own evil. What becomes obvious from the scope of the fifteen essays in this collection is that vampires have infiltrated just about every area of popular culture and consciousness. In fact, the way that vampires are depicted in all types of media is often a telling signifier of the fears and expectations of a culture or community and the way that it perceives itself and others. The volume's essays offer a fascinating insight into both vampires themselves and the cultures that envisage them.

The Vampire Gallery J. Gordon Melton, 1998
 Biographies on vampires since the 12th century with an exploration of the vampire myth.

All Around Monstrous: Monster Media in Their Historical Contexts Verena Bernardi, Frank Jacob, 2019-10-31
 We know all kinds of monsters: Vampires who suck human blood, werewolves who harass tourists in London or Paris, zombies who long to feast on our brains, or Godzilla who is famous in and outside of Japan for destroying whole cities at once. Regardless of their monstrosity, all of these creatures are figments of the human mind and as real as they may seem, monsters are and always have been constructed by human beings. In other words, they are imagined. How they are imagined, however, depends on many different aspects and changes throughout history. The present volume provides an insight into the construction of monstrosity in different kinds of media, including literature, film, and TV series. It will show how and by whom monsters are really created, how time changes the perception of monsters, and what characterizes specific monstrosities in their specific historical contexts. The book will provide valuable insights for scholars in different fields whose interest focuses on either media studies or history.

The Dark World S.C. Parris, 2016-08-30
 Welcome To The Dark World. A world kept from the eyes of humans where all manner of Dark Creatures live, war, and thrive. But certain Creatures are about to find that there is more to the dark than blood and bite.

The Dark World holds secrets and the greatest of all are about to be revealed When Xavier Delacroix witnesses the death of beloved Vampire Order member Eleanor Black his world is turned upside down A visit to the King of All Dark Creatures Dracula reveals little but more secrets sending Xavier to keep a few for himself After all he is no longer sure who he can trust With the surprising appearance of strange new Creatures the Dark World is plagued with a strange energy energy that is affecting all Dark Creatures for the worst Equipped with nothing but questions Xavier and those close to him are forced to face this new threat even if it may cost them their lives
