## **Arms Control And Confidence Building In The Middle East:**

Arms Control and Confidence Building in the Middle East Alan Platt, 1992 Nine experts examine the East West arms control experience to identify lessons that could be applied to the Middle East The authors pinpoint specific near term actions particularly confidence and security building measures that might be explored now whether or not they are linked to formal peace negotiations Each chapter pairs a co author who has detailed knowledge of a particular East West arms control approach with a co author who has extensive experience in the Middle East Region Written in clear jargon free prose this book will be especially useful to Middle East specialists and students of arms control as well as readers with a general interest in Middle East Affairs

WMD Arms Control in the Middle East Harald Müller, 2016-02-17 The Middle East is a hot spot of proliferation It contains one state assumed to possess nuclear weapons several states that tried and failed to develop a military nuclear capability one state under suspicion of trying to do so and it is the world region that witnessed the most frequent and severe employment of chemical weapons since the end of World War I Notwithstanding not a single arms control regime concerning weapons of mass destruction WMD covers the region as a whole Instead we have seen several proliferation related military operations which have rather contributed to destabilization than served non proliferation This volume written under the auspices of the EU Consortium for Non Proliferation and Disarmament determines the current state of diplomatic efforts to establish a WMD free zone in the Middle East In doing so it provides insights into central actors conflicting political positions thereby explaining the stalemate of efforts to negotiate a WMD free zone Chapters written by renowned experts from academia and policy oriented think tanks as well as by next generation Middle East and arms control experts introduce the subject to the reader give background information about arms control initiatives provide technical expertise and endeavour to make proposals for arms control measures in support of the creation of a Middle East WMD free zone

**Global and Regional Approaches to Arms Control in the Middle East** Gamal M. Selim, 2013-07-11 Since the end of the Cold War the Middle East has been the focus of various projects for the establishment of arms control including CBMs regimes Whereas some of these projects were initiated at the global level others were discussed and debated at the regional level This book analyses the global and regional dynamics of arms control in the Middle East in the post Cold War era It examines American and European arms control projects the contexts in which they were presented the reactions of major regional actors and their impacts on arms control efforts in the region It assesses Arab perceptions of the motivations for and constraints on establishing arms control regimes It also explores the prospects of regional arms control in the context of the ongoing Arab Spring with its ramifications for Arab regional politics and provides a new perspective on arms control in the Middle East This volume enriches the ongoing discourse which to date has been dominated by mainly Western perspectives

**Confidence-building Measures and Arms Control in the Middle East Can Go Hand-in-hand**, 2014      **Arms Control in the Middle East** Emily B. Landau, 2006-08-24 This book focuses on the Middle East arms control process as it unfolded during the years 1992-1995 as part of the multilateral track of the Arab-Israeli peace process initiated in Madrid October 1991      **United States Institute of Peace in Brief**, 1989      **Contributions to the Study of Peacemaking: v. [1]. A summary of completed grant projects, December 1990** United States Institute of Peace, 1991      Building Regional Security in the Middle East Emily B. Landau, Tamar Malz, Zeev Maoz, 2004-11-23 Discussions on regional security were initiated in the Middle East in 1992 as part of the Middle East peace process. The collapse of the Oslo process and other regional developments in the latter half of the 1990s have diminished hopes that the initial gains made in this direction might further develop as violence has again become the primary mode of effecting political changes in the region. On the backdrop of this somewhat dismal current reality in the Middle East, the rationale for this volume is that research into regional security structures should nevertheless be pursued. When looking at the long-term process of creating regional security, setbacks are not unlikely. The articles that make up this collection focus on the problems that have been encountered and possible directions for getting regional efforts back on track. A special issue of the *Journal of Strategic Studies*      **Weapons Proliferation and World Order** Brad Roberts, 2023-09-29 With the end of the Cold War, the subject of weapons proliferation has acquired new interest and prominence. So too have questions about the nature of the world order that will succeed the structure of the last fifty years. This study explores the connections among these topics. It describes the prevailing conceptual model of nuclear proliferation, evaluates proliferation's changing technical features, considers economic and political factors bearing on its future rate and character, and speculates about proliferation's implications on the post-cold war world order. It also considers the role of international public policy in meeting proliferation's challenges. Arguing that updated approaches are needed, the analysis emphasizes cooperative over coercive approaches to order. It concludes with an assessment of progress to date in meeting these new challenges, arguing that the new agenda is only slowly coming into focus      **The United States Institute of Peace Journal**, 1992      **Contributions to the Study of Peacemaking** United States Institute of Peace, 1992      *Authorization for the Arms Control and Disarmament Agency and the On-Site Inspection Agency for Fiscal Years 1992-93* United States Congress, House, Committee on Foreign Affairs, 1991      *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 1994* United States Congress, House, Committee on Appropriations, Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies, 1993      *Contributions to the Study of Peacemaking*, 1996      *The End of Strategic Stability?* Lawrence Rubin, Adam N. Stulberg, 2018-09-03 During the Cold War, many believed that the superpowers shared a conception of strategic stability: a coexistence where both sides would compete for global influence but would be deterred from using nuclear weapons. In actuality, both sides understood strategic stability and deterrence quite differently. Today's international

system is further complicated by more nuclear powers regional rivalries and nonstate actors who punch above their weight but the United States and other nuclear powers still cling to old conceptions of strategic stability The purpose of this book is to unpack and examine how different states in different regions view strategic stability the use or non use of nuclear weapons and whether or not strategic stability is still a prevailing concept The contributors to this volume explore policies of current and potential nuclear powers including the United States Russia China India Iran Israel Pakistan and Saudi Arabia This volume makes an important contribution toward understanding how nuclear weapons will impact the international system in the twenty first century and will be useful to students scholars and practitioners of nuclear weapons policy     **Middle**
