Arms And The Woman Teach Yourself:

Woman's Home Companion ,1910 **Women's Fitness in 15 minutes** Robert Duffy,2020-07-27 The Population of the United Kingdom has now reached 67 million 40% approximately 27 million are not classed as physically active This is a shocking statistic and it is getting worse The decline in physical activity starts at around 24 years and it is all downhill from there The unique fifteen minute plan means that anyone from 18 80 can quickly reach their optimum fitness level in just 15 minutes a day They can then maintain their level by exercising just 3 times a week The plan is based on The Royal Canadian Air Force BX Plan and has been the core source of fitness in the Canadian Airforce for over 50years No special equipment is needed all of the exercises are free form and can be done at home in the office or out and about if you travel in your work There is no need to join a gym so there are no fees to pay No group memberships although the plans are really good for families and groups of friends The system is graded so to start with the exercises are quite simple and gentle You move on to the second set of exercises at your own pace All of the exercises are illustrated and there are charts to help you plot your progress Easy steps to get you fit and keep you fit in less time than it probably takes to drive to the gym Fully illustrated and with integral progress charts fitness can be fun With a minimum amount of space and no costs the Need2Know Plan is ideal for anyone from 18 80 **Arms and the Woman** Kate Muir,1993 **Understand Body Language: Teach Yourself**
