Arna Bontemps-Langston Hughes Letters, 1925-1967 Arna Bontemps, Langston Hughes, 1990 The work of Arna Bontemps and Langston Hughes is a celebration of the triumphant creative spirit in African American life From the welding of their friendship in 1925 until Hughes s death in 1967 this volume gathers the best of the forty two years of correspondence between them The first letters written in the midst of the Harlem Renaissance witness the struggle of two young writers searching for a voice and an identity By 1941 both Bontemps and Hughes had achieved a certain degree of success and had become increasingly involved in racial and social struggles Finally in the period between 1959 and 1967 we see them react to the civil rights movement This fascinating collection makes an invaluable contribution to the understanding of twentieth century American culture and one of its most vital components the African American heritage which these two correspondents did so much to create From book cover The Genesis of the Chicago Renaissance Mary Hricko, 2013-09-05 This study examines the genesis of Chicago's two identified literary renaissance periods 1890 1920 and 1930 1950 through the writings of Dreiser Hughes Wright and Farrell The relationship of these four writers demonstrates a continuity of thought between the two renaissance periods By noting the affinities of these writers patterns such as the rise of the city novel the development of urban realism and the shift to modernism are identified as significant connections between the two periods Although Dreiser Wright and Farrell are more commonly thought of as Chicago writers this study argues that Langston Hughes is a transitional pivotal figure between the two periods Through close readings and contextualization the influence of Chicago writing on American literature in such areas as realism and naturalism as well as proletarian and ethnic fiction becomes apparent Editing the Harlem Renaissance Joshua M. Murray, Ross K. Tangedal, 2021-05-01 In his introduction to the foundational 1925 text The New Negro Alain Locke described the Old Negro as a creature of moral debate and historical controversy necessitating a metamorphosis into a literary art that embraced modernism and left sentimentalism behind This was the underlying theoretical background that contributed to the flowering of African American culture and art that would come to be called the Harlem Renaissance While the popular period has received much scholarly attention the significance of editors and editing in the Harlem Renaissance remains woefully understudied Editing the Harlem Renaissance foregrounds an in depth exhaustive approach to relevant editing and editorial issues exploring not only those figures of the Harlem Renaissance who edited in professional capacities but also those authors who employed editorial practices during the writing process and those texts that have been discovered and or edited by others in the decades following the Harlem Renaissance Editing the Harlem Renaissance considers developmental editing textual self fashioning textual editing documentary editing and bibliography Chapters utilize methodologies of authorial intention copy text manuscript transcription critical edition building and anthology creation Together these chapters provide readers with a new way of viewing the artistic production of one of the United States most important literary movements

Mickenberg, 2006 Publisher Description To See the Wizard Laurie Allen Tate Ousley, 2021-02-19 To See the Wizard Politics and the Literature of Childhood takes its central premise as the title indicates from L Frank Baum's The Wonderful Wizard of Oz Upon their return to The Emerald City after killing the Wicked Witch of the West the task the Wizard assigned them Dorothy the Tin Woodman Scarecrow and Lion learn that the wizard is a humbug merely a man from Nebraska manipulating them and the citizens of both the Emerald City and of Oz from behind a screen Yet they all continue to believe in the powers they know he does not have still insisting he grant their wishes The image of the man behind the screen and the reader's continued pursuit of the Wizard is a powerful one that has at its core an issue central to the study of children's literature the relationship between the adult writer and the child reader As Jack Zipes Perry Nodelman Daniel Hade Jacqueline Rose and many others point out before the literature for children and young adults

The book presents new and instructive queer contexts for understanding the influential formal achievements of Stein Hughes O Hara and Merrill and uncovers the unexpected ways that the history of the modern lyric intertwines with histories of sexuality Harlem Renaissance, 1920-1940 James Vernon Hatch, Leo Hamalian, 1996 The topics of the plays cover the realm of the human experience in styles as wide ranging as poetry farce comedy tragedy social realism and romance Individual introductions to each play provide essential biographical background on the playwrights
