**Oil, Politics and Violence** Max Siollun, 2009 An insider traces the details of hope and ambition gone wrong in the Giant of Africa Nigeria Africa s most populous country When it gained independence from Britain in 1960 hopes were high that with mineral wealth and over 140 million people the most educated workforce in Africa Nigeria would become Africa s first superpower and a stabilizing democratic influence in the region However these lofty hopes were soon dashed and the country lumbered from crisis to crisis with the democratic government eventually being overthrown in a violent military coup in January 1966 From 1966 until 1999 the army held onto power almost uninterrupted under a succession of increasingly authoritarian military governments and army coups Military coups and military rule which began as an emergency aberration became a seemingly permanent feature of Nigerian politics The author names names and explores how British influence aggravated indigenous rivalries He shows how various factions in the military were able to hold onto power and resist civil and international pressure for democratic governance by exploiting the country s oil wealth and ethnic divisions to its advantage Publisher s description **Translations on Sub-Saharan Africa** United States. **Research Companion to Planning and Culture** Greg Young, 2016-03-23 It has become increasingly evident that effective planning for sustainable communities environments and economies pivots on the ability of planners to see the possibilities for culture in comprehensive social historical and environmental terms and to more fully engage with the cultural practices processes and theorisation that comprise a social formation. More broadly an approach to planning theory and practice that is itself formed through a close engagement with culture is required. This Research Companion brings together leading experts from around the world to map the contours of the relationship between planning and culture and to present these inextricably linked concepts and issues together in one place. By examining significant trends in varying national and international contexts the contributors scrutinise the theories and practices of both planning and culture and explore not only their interface but significant divergences and tensions. In doing so this collection provides the first comprehensive overview and analysis of planning and culture interdisciplinary and international in scope. It is comprised of six parts organised around the themes of global and historical contexts key dimensions of planning and cultural theory and practice and cultural and planning dynamics. Each section includes a final chapter that provides a case study lens which pulls the themes of the section together with reference to a significant planning issue or initiative AF Press Clips, 1983 **Lonely Planet Africa**

It also explores the pros and cons of the Nigerian National Youth Service Corps program. Orafi is a naive young girl from Port Harcourt who goes out of her state for the very first time to Lagos for her National Youth service. She is academically bright but socially inept. In the course of the service year, however, she makes life-long friends and learns valuable lessons about life, love, loyalty, support, family, and friendship. Reaching Beyond Nora E. Milner, 2011-08-12 A conspiracy of the greatest proportions threatening to destroy mankind. Murder on an international space vessel. Plundering the riches of an African nation. The first Court of Outer Space. Has the treachery so common on Earth found a new home in space? These seemingly unrelated events weave themselves into a mystery that encompasses every continent of Earth and the far reaches of outer space. The United States stands on the brink of its greatest conquest yet: the arrival of a crew on Mars and the exploration of the Red Planet. But powerful forces are at work to stop the West from reaching beyond. The extent to which these forces will go to stop the conquest of Mars is unimaginable and unforeseeable: that is to everyone but a small tribe of Gypsies in Europe. Rebecca's Reads highly recommends *REACHING BEYOND* as a wondrous galactic story filled with suspense, deception, murder on an international space station scale. *REACHING BEYOND* is a trendsetter in the contemporary legal thriller genre. Rebecca Brown *Being and Becoming* Ukpokolo, Chinyere, 2016-02-27 This book illuminates the complex and constantly shifting social and cultural dynamics that shape people's identity. Specifically, the volume focuses on the intersections of gender with culture and identity and, at different historical epochs, on the way men and women define themselves and are defined by diverse peoples and cultures across time and space in sub-Saharan Africa. The discussions presented in this anthology primarily focus on being as a state or condition defined by sex identity and how this identity shifts and hence becoming assuming diverse meanings in disparate societies, contexts, and time. The discourse therefore moves from how the perception of the self in cultural and historical contexts has informed actions and, at some other times, shaped interpretations given to historical facts to how changing economic realities also shape the definitions and constructions of social and relational issues in sub-Saharan Africa. The historical trajectories of Islamic religion, colonialism, and Christian missionary activities in sub-Saharan Africa have shaped the worlds of the peoples of the region and impacted on gender relations.
