Arrest Movement An Essay On Space Ti:

Arrest and Movement Henriette Antonia Groenewegen-Frankfort, 1987 The beauty of Egyptian Babylonian and Cretan art is shot through with oddity However much we are fascinated by the ancient works we find ourselves wondering what precisely the artists meant when they rendered objects and indicated spatial relations the way they did Arrest and Movement is the only book to analyze pre Greek art in terms of issues such as space and narrative It is a landmark book that will bring to students and museum goers deeper understanding of this eloquent but seemingly eccentric art The Tomb and Beyond Naguib Kanawati, 2024-08-15 Provides a much needed summary overview of the key elements of Egyptian tomb form use and decoration over time The tombs with their scenes inscriptions objects and human remains represent our richest source of information for the understanding of Egyptian beliefs and practices art and architecture and of many aspects of daily life Detailed scholarly reports on individual cemeteries and tombs are abundant but in this fully illustrated more general work reproduced in this facsimile edition Kanawati provides an invaluable introduction to and overview of the key elements of Egyptian tombs from Predynastic to the Late Period The Egyptian dead enjoyed a continued existence in both the Netherworld and the land of the living the individual possessing multiple entities that experienced different destinies after death The tomb provided an everlasting earthly dwelling and consisted of a chapel above ground where the deceased's cult was maintained and offerings presented and a burial chamber for the body Either or both could be richly decorated with paintings reliefs and inscriptions Kanawati describes and illustrates the principal forms and features of architecture and nature and subject matter of decoration and demonstrates how tomb design and decoration changed through time

and working environments and satirical scenes Such scenes provide many insights into the lives of Egyptians and their relationships with animals that are further enhanced by many decorative figurines and statues and often poignantly by the mummies of mostly small animals including cats and dogs
