discussion of the author's research methods One chapter discusses how gender socialization plays a part in the effects of wrestling on its viewers arguing that wrestling goes beyond the image of physically violent acts to models of interpersonal behavior The expansion of wrestling into storylines outside the ring includes problem situations involving class race homophobia and nationality to which violence is often presented as a solution The book concludes with an investigation of the attractiveness of wrestling and its ability to lure fans back year after year **Ethnomusicology** Jennifer Post, 2013-03 First published in 2011 Routledge is an imprint of Taylor Francis an informa company **Twentieth Century Fox** Michael Troyan, Jeffrey Paul Thompson, Stephen X.
