Art Across America East And The Midatlantic:

Art Across America: New England, New York, the Mid-Atlantic William H. Gerdts, 1990 **Art in Chicago** Maggie Taft, Robert Cozzolino, 2018-10-10 For decades now the story of art in America has been dominated by New York It gets the majority of attention the stories of its schools and movements and masterpieces the stuff of pop culture legend Chicago on the other hand well people here just get on with the work of making art Now that art is getting its due Art in Chicago is a magisterial account of the long history of Chicago art from the rupture of the Great Fire in 1871 to the present Manierre Dawson L szl Moholy Nagy and Ivan Albright to Chris Ware Anne Wilson and Theaster Gates The first single volume history of art and artists in Chicago the book in recognition of the complexity of the story it tells doesn't follow a single continuous trajectory Rather it presents an overlapping sequence of interrelated narratives that together tell a full and nuanced yet wholly accessible history of visual art in the city From the temptingly blank canvas left by the Fire we loop back to the 1830s and on up through the 1860s tracing the beginnings of the city's institutional and professional art world and community From there we travel in chronological order through the decades to the present Familiar developments such as the founding of the Art Institute the Armory Show and the arrival of the Bauhaus are given a fresh look while less well known aspects of the story like the contributions of African American artists dating back to the 1860s or the long history of activist art finally get suitable recognition The six chapters each written by an expert in the period brilliantly mix narrative and image weaving in oral histories from artists and critics reflecting on their work in the city and setting new movements and key works in historical context The final chapter comprised of interviews and conversations with contemporary artists brings the story up to the present offering a look at the vibrant art being created in the city now and addressing ongoing debates about what it means to identify as or resist identifying as a Chicago artist today The result is an unprecedentedly inclusive and rich tapestry one that reveals Chicago art in all its variety and vigor and one that will surprise and enlighten even the most dedicated fan of the city's artistic heritage Part of the Terra Foundation for American Art's year long Art Design Chicago initiative which will bring major arts events to venues throughout Chicago in 2018 Art in Chicago is a landmark publication a book that will be the standard account of Chicago art for decades to come No art fan regardless of their city will want to miss it *Animal & Sporting Artists in America* F. Karen Brown's Mid-Atlantic Karen Brown, 2006 After 40 years of protest and debate we all know one thing for certain about abortion it's a women's issue Right Wrong says Brian Fisher in his groundbreaking reexamination of men and abortion He reveals long forgotten or never known facts to show that abortion is very much a man's concern And it's part of a long and tragic pattern of male oppression of women Exactly opposite what you've been told And why the original author of the Equal Rights Amendment feminist Alice Paul called abortion the ultimate exploitation of women Fisher shows that a select group of compassionate men led the way in the 19th century to pass laws strengthening the criminalization of abortion and worked with feminists of that era to do so And it was men not women who drove the campaign that led to the 1973 Supreme Court ruling giving women an unqualified right to end the lives of their pre born children So what's in it for men As feminist legal scholar Catharine MacKinnon observes abortion does not liberate women it frees male sexual aggression

Abortion is the ultimate get out of jail free card for men with non committal sex lives Another agenda is at work as well Men use abortion to advance their racist eugenic and population control dreams and schemes as Fisher shows citing their own words And if men gave us abortion men can end it as well Fisher outlines why and how and urges men to take up the task with courageous women He lays out a five point plan for men to with humility faithfulness and relentless perseverance commit our time resources energy heart and testimony to ending abortion in America
