button causing a cardboard ticket to leap at you out of a brass slab Thus far you may argue that I have not sufficiently identified Rosie New York being full of girls who do conjuring tricks in glass cages True since the movie delirium set in there are a great many girls who do this But Rosie is the one who smiles The others give you your ticket with a sort of aloof hauteur They have a resigned air as if the spectacle of multitudes wasting money on the movies saddened them If they spoke you feel that they would say Oh well what s the use There s one born every minute Rosie is different Rosie beams at you She has a cheerful little face with a nice wide mouth and when you push your hard earned money through the opening in the glass a flash of white teeth encourages you to believe that after all you may not be going to waste your evening and that you will not subsequently kick your spine up through your hat for having been such a chump as to pay thirty good cents to see Mabelle Gooch or whoever it is tumble over herself in Lepers of the Great White Way or whatever the picture is called You go in feeling heartened with a vague impression that Rosie must be a rather nice girl George Mellon the party of the second part is also curiously enough a door hound a keeper of the gates and a dweller upon the threshold But he works by day He is the presentable young man who sits in the anteroom at the offices of the Ladies Sphere and keeps people from seeing the editor Editors who are human beavers industrious little creatures who work hard and shrink from the public gaze generally employ to insure privacy a small boy with red hair a tight suit and an air of having seen all the trickery and wickedness in the world At the Ladies Sphere however where beautiful and refined women are popping in and out all day like rabbits something with a little more tone is required and George landed the job against a field of twenty six competitors This should enable you to get an adequate angle on George It is not every young man who can head off without offense lovely creatures in Paris frocks and mink coats and convince them simultaneously that it is the editor s dearest wish to have a long cozy chat with them but that he can t see them this morning Men with less diplomacy than George have held down ambassadorships in foreign capitals
