Arkansas Delta Land Of Paradox:

The Arkansas Delta Williard B. Gatewood Jr., Jeannie M. Wayne, 1996-12-01 Emerges is a rich tapestry of dichotomies that is the Delta a land of black and white of wealth and poverty of progress and stasis of despair and hope in which all that is dear and terrible about this often overlooked region of the South is revealed **Worthy of the Cause for Which They**

Fight Robert Patrick Bender, 2011-11-01 Worthy of the Cause for Which They Fight chronicles the experiences of a well educated and articulate Confederate officer from Arkansas who witnessed the full evolution of the Civil War in the Trans Mississippi Department and western theater Daniel Harris Reynolds a community leader with a thriving law practice in Chicot County entered service in 1861 as a captain in command of Company A of the First Arkansas Mounted Rifles Reynolds saw action at Wilson s Creek and Pea Ridge before the regiment was dismounted and transferred to the Army of Tennessee the primary Confederate force in the western theater As Reynolds fought through the battles of Chickamauga Atlanta Nashville and Bentonville he consistently kept a diary in which he described the harsh realities of battle the shifting fortunes of war and the personal and political conflicts that characterized and sometimes divided the soldiers The result is a significant testimonial offering valuable insights into the nature of command from the company to brigade levels expressed by a committed Southerner coming to grips with the realities of defeat and the ultimate demoralization of surrender

discuss different groups access to the political process postwar economic issues including women's work and the interrelated problems of industrialization education and race relations The Civil Rights Acts of the 1960s transformed political and social landscapes but vestiges of the old attitudes and prejudices remain in place **Trouble in Goshen** Fred C. Smith, 2014 The Great Depression emboldened Americans to tolerate radical experimentation in search of solutions to seemingly overwhelming economic problems Amongst the thorniest of those was rural southern poverty In *Trouble in Goshen* Fred C. Smith focuses on three communities designed and implemented to meet that challenge This book examines the economic and social theories and their histories that resulted in the creation and operation of the most aggressive and radical experiments in the United States *Trouble in Goshen* chronicles three communitarian experiments both the administrative details and the struggles and reactions of the clients Smith covers the Tupelo Homesteads in Mississippi the Dyess Colony in Arkansas and the Delta Cooperative Farm also in Mississippi The Tupelo Homesteads were created under the aegis of the tiny Division of Subsistence Homesteads a short lived first New Deal agency Dyess Colony was the largest of the Resettlement Administration's efforts to transform failed farmers into Jeffersonian yeoman farmers The third community the Delta Cooperative Farm a product of the active cooperation between the Socialist Party of America and a cadre of liberal churchmen led by Reinhold Niebuhr attempted to meld the pieties passions propaganda and theories of Jesus and Marx The equipment facilities and management styles of the projects reveal a clearly delineated class order among the poor *Trouble in Goshen* demonstrates the class conscious angst that enveloped three distinct levels of poverty and the struggles of plain folk to preserve their tenuous status and avoid overt peasantry **Terror in the Heart of Freedom** Hannah Rosen, 2009-06-01 The meaning of race in the antebellum southern United States was anchored in the racial exclusivity of slavery coded as black and full citizenship coded as white as well as male These traditional definitions of race were radically disrupted after emancipation when citizenship was granted to all persons born in the United States and suffrage was extended to all men Hannah Rosen persuasively argues that in this critical moment of Reconstruction contests over the future meaning of race were often fought on the terrain of gender Sexual violence specifically white on black rape emerged as a critical arena in postemancipation struggles over African American citizenship Analyzing the testimony of rape survivors Rosen finds that white men often staged elaborate attacks meant to enact prior racial hierarchy Through their testimony black women defiantly rejected such hierarchy and claimed their new and equal rights Rosen explains how heated debates over interracial marriage were also attempts by whites to undermine African American men's demands for suffrage and a voice in public affairs By connecting histories of rape and discourses of social equality with struggles over citizenship Rosen shows how gendered violence and gendered rhetorics of race together produced a climate of terror for black men and women seeking to exercise their new rights as citizens Linking political events at the city state and regional levels Rosen places gender and sexual violence at the heart of understanding the reconsolidation of race and racism in the postemancipation United States

associated with the region's expanding defense industry and its reputation for greater racial tolerance. Drawing on fifty oral interviews with migrants as well as on archival and other written records, *Abiding Courage* examines the experiences of the African American women who migrated west and built communities there. Gretchen Lemke Santangelo vividly shows how women made the transition from southern domestic and field work to jobs in an industrial wartime economy. At the same time they were struggling to keep their families together, establishing new households and creating community-sustaining networks and institutions. While white women shouldered the double burden of wage labor and housework, black women faced even greater challenges finding houses and schools, locating churches and medical services, and contending with racism. By focusing on women, Lemke Santangelo provides new perspectives on where and how social change takes place and how community is established and maintained.

William Grant Still Catherine Parsons Smith, 2000-03-30 A tough mixture of courage and diplomacy, the material presented here could hardly be richer. Susan McClary, author of *Feminine Endings* A Cry for Justice Gary B. Agee, 2011-12-01 Daniel A. Rudd, born a slave in Bardstown, Kentucky, grew up to achieve much in the years following the Civil War. His Catholic faith, passion for activism, and talent for writing led him to increasingly influential positions in many places. One of his important early accomplishments was the publication of the *American Catholic Tribune*, which Rudd referred to as the only Catholic journal owned and published by colored men. At its zenith, the *Tribune* run out of Detroit and Cincinnati, where Rudd lived, had ten thousand subscribers, making it one of the most successful black newspapers in the country. Rudd was also active in the leadership of the Afro American Press Association and he was a founding member of the Catholic Press Association. By 1889, Rudd was one of the nation's best-known black Catholics. His work was endorsed by a number of high-ranking church officials in Europe as well as in the United States, and he was one of the founders of the Lay Catholic Congress movement. Later, his travels took him to Bolivar County, Mississippi, and eventually on to Forrest City, Arkansas, where he worked for the well-known black farmer and businessperson Scott Bond and eventually co-wrote Bond's biography.
