

"In the women's gun movement, Paxton Quigley is the great persuader."—Morley Safer, "60 Minutes"

ARMED & FEMALE

AS SEEN ON "60 MINUTES"

- BY AGE THIRTY, AN AMERICAN WOMAN HAS A 50-50 CHANCE OF BEING CRIMINALLY ATTACKED.
- ONE WOMAN OUT OF THREE CAN EXPECT TO BE SEXUALLY ASSAULTED.
- OVER 15 MILLION AMERICAN WOMEN OWN GUNS. SHOULD YOU?

"Very readable...Responsibly teaches women how and when to use these weapons."

Armed And Female Twelve Million American Women Own Guns Should You:

Gun Women Mary Zeiss Stange, Carol K. Oyster, 2000-09-01 Women we are told should not own guns Women we are told are more likely to be injured by their own guns than to fend off an attack themselves This fact is rooted in a fundamental assumption of female weakness and vulnerability Why should a woman not be every bit as capable as a man of using a firearm in self defense And yet the reality is that millions of American women somewhere between 11 000 000 and 17 000 000 use guns confidently and competently every day Women are hunting using firearms in their work as policewomen and in the military shooting for sport and arming themselves for personal security in ever increasing numbers What motivates women to possess firearms What is their relationship to their guns And who exactly are these women Crucially can a woman be a gun owner and a feminist too Women s growing tendency to arm themselves has in recent years been political fodder for both the right and the left Female gun owners are frequently painted as trying to be like men the conservative perspective or capitulating to patriarchal ideas about power the liberal critique Eschewing the polar extremes in the heated debate over gun ownership and gun control and linking firearms and feminism in novel fashion Mary Zeiss Stange and Carol K Oyster here cut through the rhetoric to paint a precise and unflinching account of America s gun women *Disgrace* Joanna

Bourke, 2022-09-26 Looking across time and the globe a critical history of sexual violence what causes it and how we overcome it *Disgrace* is the first truly global history of sexual violence The book explores how sexual violence varies widely across time and place from nineteenth century peasant women in Ireland who were abducted as a way of forcing marriage to date raped high school students in twentieth century America and from girls and women violated by Russian soldiers in 1945 to Dalit women raped by men of higher castes today It delves into the factors that facilitate violence including institutions ideologies and practices but also gives voice to survivors and activists drawing inspiration from their struggles Ultimately Joanna Bourke intends to forge a transnational feminism that will promote a more harmonious equal and rape and violence free world *Armed and Female* Paxton Quigley, 1990 *Sexed Pistols* Vanessa Farr, Henri Myrtilinen, Albrecht

Schnabel, 2009 Every day small arms and light weapons SALW kill wound and threaten millions of adults and children Due to their widespread availability mobility and ease of use prolific SALW have become central to maintaining social dislocation destabilization insecurity and crime in the build up to war during wartime and in the aftermath of conflict Small arms are misused within domestic settings as well as in public spaces affecting everyone in the community without regard to sex or age The impact of these weapons can be vastly different for women and men and for girls and boys However careful consideration of gender and age is rare in the formulation of small arms policy of planning small arms collection or control or even in small arms research To counter the effects of prolific SALW their role in gender and age specific violence must be more deeply analyzed and the results applied at the policy and operational level This work should be undertaken in war afflicted contexts in societies suffering from elevated levels of social violence and or severe underdevelopment and in those

tolerant of the presence of individually owned firearms Contributors to the book draw on experience and research from around the world on the nexus of gender age violence and small arms in developing and developed countries They provide a number of recommendations for policies programs and research designed to further illuminate and counteract the firing of the sexed pistol *The Right Women* Elinor Burkett,1998 From a fearless and forthright journalist comes this lively often surprising always even handed exploration of the growing anti feminism movement based on more than 100 interviews with conservative women 中国 中国 中国 中国 • 中国 (Joanna Bourke),2025-03-06 TAAZE 226 2024 Wherever we are situated we can make a difference rape free BBC **Encyclopedia of Gun Control and Gun Rights** Glenn H. Utter,2000 A listing of the court cases personalities laws and groups involved in the regulation of guns The book begins with an essay on the issues in the gun control battle and a short guide to the court cases and groups involved placing them in the opposing camps The entries which are balanced and well written include photographs and charts Libr J **Loose Women, Lecherous Men** Linda LeMoncheck,1997-10-09 Linda LeMoncheck introduces a new way of thinking and talking about women s sexual pleasures preferences and desires Using the tools of contemporary analytic philosophy she discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women s sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women s sexuality across a broad political spectrum She argues that in order to capture the diversity and complexity of women s sexual experience women s sexuality must be examined from two equally compelling perspectives that of women s sexual oppression under conditions of individual and institutional male dominance and that of women s sexual liberation both in terms of each woman s pursuit of sexual agency and self definition and in terms of women s sexual liberation as a class *Loose Women Lecherous Men* sheds crucial new light on such much debated topics as promiscuity adultery sexual deviance prostitution pornography sexual harassment and sexual violence against women Her book supports a dialogue that encourages both women and men to take up a feminist perspective in exploring the meaning and value of sexuality in their lives *The Second Amendment and Gun Control* Kevin Yuill,Joe Street,2017-09-14 The Second Amendment by far the most controversial amendment to the US Constitution will soon celebrate its 225th anniversary Yet despite the amount of ink spilled over this controversy the debate continues on into the 21st century Initially written with a view towards protecting the nascent nation from more powerful enemies and preventing the tyranny experienced during the final years of British rule the Second Amendment has since become central to discussions about the balance between security and freedom It features in election contests and informs cultural discussions about race and gender This book seeks to broaden the discussion It situates discussion about gun controls within contemporary debates about citizenship culture philosophy and foreign policy as well as in the more familiar terrain of politics and history It features experts on the Constitution as well as chapters discussing the symbolic importance of Annie Oakley the role of firearms in race and filmic representations of armed Hispanic girl gangs It asks about the morality of gun controls and of not

imposing them The collection presents a balanced view between those who favour more gun controls and those who would prefer fewer of them It is infused with the belief that through honest and open debate the often bitter cultural divide on the Second Amendment can be overcome and real progress made It contains a diverse range of perspectives including uniquely a European perspective on this most American of issues *Pennsylvania Game News*, 1990 Not an Easy Target Paxton Quigley, 1995-04-27 A nationally recognized authority on personal safety who has taught thousands of women her strategies offers a no nonsense book that shows women how to develop a survival strategy emphasizing the importance of awareness boundary setting and resistance Photos illustrations Paperbound Books in Print, 1992 *Congressional Record* United States.
