state killings of civilians have increasingly been captured on the cameras of both bystanders and police Screen Shots studies  
this phenomenon from the vantage point of the Israeli occupation of Palestinian territories Here cameras have proliferated as  
political tools in the hands of a broad range of actors and institutions including Palestinian activists Israeli soldiers Jewish  
settlers and human rights workers All trained their lens on Israeli state violence propelled by a shared dream that advances  
in digital photography closer sharper faster would advance their respective political agendas Most would be let down  
Drawing on ethnographic work Rebecca L Stein chronicles Palestinian video activists seeking justice Israeli soldiers laboring

Committee,2012-07-13 The Committees on Arms Export Controls CAEC believe that the Government should apply  
significantly more cautious judgements on the export of arms to authoritarian regimes which might be used for internal  
repression The Committees have scrutinised in unprecedented detail the Government s latest 2010 Annual Report on  
Strategic Export Controls HC 1402 session 2011 12 ISBN 9780102973662 the Government s quarterly information on  
individual export licence approvals and refusals and the Government s policies and performance on arms export controls and  
on arms control generally The Committees conclude that the Government s review of its policies and practices on arms  
exports following the Arab Spring should not have been carried out merely as an internal review and should instead have  
been the subject of public consultation in accordance with the Government s stated policy of transparency on arms exports  
And whilst the Government s introduction of a new licence suspension mechanism is welcome this is not sufficient to ensure  
that arms exported are not used for internal repression overseas because in many cases the arms will have left the UK before  
suspension occurs The Government should extend its arms export policy review from countries in the Middle East and North  
Africa to authoritarian regimes and countries of human rights concern worldwide Annex 7 of the report gives selected arms  
export licence approvals by the Government to countries of human rights concern and the report also contains details of the  
extant UK Government approved arms export licences to Argentina Bahrain Egypt Libya Saudi Arabia Syria Tunisia and  
Yemen
