The Armenian Apocalyptic Tradition Kevork Bardakjian, Sergio La Porta, 2014-05-28 The Armenian Apocalyptic Tradition: A Comparative Perspective comprises a collection of essays on apocalyptic literature in the Armenian tradition. This collection is unprecedented in its subject and scope and employs a comparative approach that situates the Armenian apocalyptic tradition within a broader context. The topics in this volume include the role of apocalyptic literature and apocalypticism in the conversion of the Armenians to Christianity, apocalyptic ideology and holy war, the significance of the Book of Daniel in Armenian thought, the reception of the Apocalypse of St. Methodius in Armenia, the role of apocalyptic literature in political ideologies and the expression of apocalypticism in the visual arts.

Treasures from the Ark Vrej Nersessian, 2001-06-21 Armenia was the first country to recognize Christianity as the official state religion in 301 AD, twelve years before Constantine's decree granting tolerance to Christianity within the Roman Empire. Ever since, Armenia has claimed the privilege of being the first Christian nation, and the wealth of Christian art produced in Armenia since then is testimony to the fundamental importance of the Christian faith to the Armenian people. This extensive new survey of Armenian Christian art, published to accompany a major exhibition at The British Library, celebrates the Christian art tradition in Armenia during the last 1700 years. The extraordinary quality and range of Armenian art, which is documented, includes sculpture, metalwork, textiles, ceramics, wood carvings, and illuminated manuscripts, and has been drawn together from collections throughout the world; many of the examples have never before been seen outside Armenia. In his authoritative text, Dr Vrej Nersessian, Curator at The British Library, charts the development of Christianity in Armenia. This fascinating history is essential to an understanding of the art and religious tradition of Armenia, a country in which the sense of the sacred extends well beyond the purely religious, infiltrating the entire fabric of Armenian affairs to create a fascinating culture. This sumptuously illustrated book will be of immense value to anyone with an interest in Byzantine art and culture, the history of Christianity, and the history of Armenia and the Middle Orient.

Christians and the Holy Places Joan E. Taylor, 1993 The origins of Christian holy places in Palestine and the beginnings of Christian pilgrimage to these sites have seemed obscure From a detailed examination of the literature and archaeology pertaining to specific sites and the region in general the present author finds no evidence that Christians of any kind venerated holy places before the fourth century It appears that scholarly Christians had visited certain Biblical sites out of historical and exegetical concerns but that these sites were not considered holy or the visitors as pilgrims Instead the origins of Christian pilgrimage and holy places rest with the emperor Constantine who established four basilicas in Palestine c 325 30 and provided two imperial matrons Helena and Eutropia as examples of a new kind of pious pilgrim Pilgrimage to intrinsically sacred shrines had been a pagan practice which was grafted on to Christianity Many Jewish Samaritan and pagan sites were thereafter appropriated by the church and turned into Christian holy places This process helped to destroy the widespread paganism of Palestine and mark the country as a holy land Very few sites are genuine the most important being the cave not Garden of Gethsemane in which Jesus was probably arrested *Armenian Mind* ,1999

Cultural, Linguistic and Ethnological Interrelations In and Around Armenia Uwe Bläsing, Jasmine Dum-Tragut, 2020-05-15 The geographical region of the Southern Caucasus the lowlands between the Black and the Caspian Seas and the Armenian and Anatolian highlands is located on the peripheries of Europe from Asia This region shares a common pre history with pre Christian and pre Muslim cultures and beliefs The later periods however starting from the pre Christian Iranian dominations followed by the Arab conquest and the later campaigns of Seljuks Mongols and Ottomans had a heavy impact on the development of the region s various ethnic languages and cultures Nevertheless many similarities can be found in the languages cultures and religious traditions of the people living in this region Armenia has often been a bridge between various cultures Even though Armenians have succeeded in preserving their original language and culture through the centuries many of their traditions and myths their linguistic peculiarities particularly in Armenian dialects may be explained by an often long lasting influence of other cultures be it occidental Hellenistic Roman later Byzantine and Medieval European or oriental Iranian later Arab Turkic Mongolian etc or even Caucasian The Armenians have also left many traces in the languages and cultures of the Occident Orient and the Caucasus This volume gives an impressive approach to an interdisciplinary view of the linguistic and cultural properties which Armenians share with their neighbours
