Armoured Guardsman:

Armoured Guardsman Robert Boscowan, 2008-12-23 A rare treat a well written account of what it was like to serve as a junior rank in the Brigade of Guards during the Second World War The Guards Magazine The outbreak of World War II brought many changes to Britain s Brigade of Guards The dress parade units had always maintained a full combat capacity and made a relatively easy transition into a new unit the Guards Armoured Division The Guards landed in Normandy on 26 June 1944 and steadily fought their way across northern Europe Robert Boscawen was a tank commander in the 1st Coldstream Guards and had four tanks shot from under him On the fourth occasion he was badly wounded and burned making a difficult postwar recovery The years after the war however also brought both business and political success culminating in a twenty three year career in Parliament Boscawen s account of Britain s elite at war is based on his wartime diaries Tells the author s story in a most readable yet matter of fact way It is one of the finest accounts of armoured warfare that I have ever read and I have no hesitation in recommending it to anyone who has not Tank Regiment Magazine A *History of the Guards Armoured Formations 1941-1945* Charles Richard Trumpess, 2025-03-30 Although the Guards armored Division and its sister formation the 6th Guards Tank Brigade shared a common origin they went on to forge quite different operational records One of the units would be tarnished by its failures while the other was applauded for its successes A month after VE Day the two Guards armored formations would be reunited one last time before being officially disbanded During the intervening years the Guards faced criticism public ridicule the threat of disbandment and many other challenges Nevertheless these armored Guardsmen would prevail on the battlefield In response to the threat of a German invasion of the British Isles the Guards armored Division formed in the spring of 1941 But why convert battalions of Foot Guards considered by many to be first class infantry into an armored formation Certainly many people were skeptical that spit and polish Guardsmen could ever adapt to a new armored role As the threat of invasion receded the Guards armored Division and 6th Guards Tank Brigade embarked on years of training while the war raged elsewhere This book examines the decision to form the Guards armored Division and then keep it at home for an extended period Once deployed to Normandy the fighting quickly revealed shortcomings in the Division s training equipment and operational procedures In contrast when the Churchill tanks of the 6th Guards Tank Brigade went into action south of Caumont it was to prove an affirmation of everything they had learnt in training Over the next ten months the Guards armored formations would celebrate victories and lament failures while fighting their way across northwest Europe This book examines how the decision to raise a Guards armored Division came about and why the idea met with such strong opposition It also takes an in depth look at the training equipment and culture of the Brigade of Guards and how that influenced the two formations preparedness for war Once deployed overseas the book explores how the Guards were able to adapt to changing conditions on the battlefield and adopt new operational and tactical procedures Finally the book reveals why the Guards armored formations were hurriedly

disbanded in June 1945 Additionally using new archive material the book discloses why it took over a decade to publish the official history of the Guards armored Division **Armor**, 2002 The magazine of mobile warfare **A GUARDSMAN'S LOT** STEVE RUDGE, 2005-01-10 Steve Rudge writes in graphic and humorous detail his life in the Grenadier Guards from 1966 to 1990 it shows how he matured from a 15 year old boy soldier to becoming a senior Warrant Officer He served in many places around the world and with numerous Armies the reader will enjoy the truthful way that the book is written Harsh and blunt language is used to describe his life for 25 years This book also gives the authors views on the severe amount of stupidity and bullying that he was subjected too by those in authority who had used their Rank and position to fulfill their own aims instead of looking after their subordinates or comrades **Our Boy - Always a Coldstreamer** Graham Philip Dix, 2024-06-28 Our Boy tells the factual and tragic yet incredulous story of a Coldstream Guardsman in World War Two From the discovery of a bundle of old letters and documents a journey of discovery unfolded that led to fascinating revelations of the exploits of the author s uncle who died shortly after the end of World War Two Using information from multiple sources a story slowly emerged of friendship bravery deprivation elation and horror It transpired that the battles he fought in were some of the most gargantuan and bloody of the war in Europe Dix explores the horrendous gruelling battles of the Rhineland crossing the Rhine and fighting innumerable battles across north west Germany against the elite and fanatical German Parachute Army The book also details the very human story of life at home where the family struggled to cope with the anxiety for their son s safety rationing the blackout and all the hardships that come with war This is a gripping and fascinating biography of one man s journey and the difficulties he faced during World War Two **We Were Brothers In Arms** Frank Clark, 2013-12-01 We Were Brothers in Arms is an attempt to understand the experience of battle during WW2 through the personal experiences of the ordinary soldier Frank Clark has gathered together the amazing stories of British soldiers during the eleven months of frenzied warfare that followed D Day and combined them into this fascinating volume As a veteran himself serving in WW2 Korea Malaya Cyprus Northern Ireland and during the Cold War Frank is well versed in the adrenalin of battle and here he brings together the tales of a wide cross section of fighting men on the front line There are stories from the infantry the assault troops who stormed the Normandy beaches and forced bridgeheads The dashing reconnaissance men in their thin skinned tanks sending back vital radio reports the parachutists dropping behind enemy lines to fight the sappers building bridges and clearing minefields under fire the gunners bringing down fast furious and accurate barrages the signallers patching up communication links the non combatant stretcher bearers the doctors tending the wounded the support services bringing up food and ammunition This book tells their story of war and reminds us why their sacrifice should never be forgotten We Were Brothers in Arms is a compelling account of the last months of war told through eye witness accounts some never before published **The Autobiography of an Ex-Grenadier Guardsman** Gerald Griffiths, 2012 The record of military service of Gerald Glyn Griffiths who served with the Grenadier Guards from August 1

1961 until July 31 1970 discharged on July 31 1973 service number 23862933 rank lance corporal For Crown and Country
