the World Bank's annual compilation of data about development. This statistical work allows readers to consult over 800 indicators for more than 150 economies and 14 country groups in more than 90 tables. It provides a current overview of regional data and income group analysis in six thematic sections: World View, People, Environment, Economy, States and Markets, and Global Links. This book presents current and accurate development data on both a national level and aggregated globally. It allows readers to monitor the progress made toward meeting the Millennium Development Goals endorsed by the United Nations and its member countries, the World Bank, and a host of partner organizations. These goals, which focus on development and the elimination of poverty, serve as the agenda for international development efforts. The CD-ROM contains time series data for more than 200 economies from 1960-2009, single year observations, and spreadsheets on many topics. It contains more than 1,000 country tables and the text from the WDI 2010 print edition. The Windows-based format permits users to search for and retrieve data in spreadsheet form, create maps and charts, and fully download them into other software programs for study or presentation purposes. *Chamber Concise Dictionary, 2004*
