Around Quitting Time Work And Middle Class Fantasy In American Fiction:

Around Quitting Time Robert Seguin, 2001 Posits social class as the American political unconscious showing in an analysis of 19th and 20th century novels how class exerts pressure on the American cultural imagination and claiming that what is desired is ultimately the liberation from work **Around Quitting Time** Robert Seguin, 2001-06-20 Posits social class as the American political unconscious showing in an analysis of 19th and 20th century novels how class exerts pressure on the American cultural imagination and claiming that what is desired is ultimately the liberation from work *Class, Whiteness, and Southern Literature* Jolene Hubbs, 2022-12-15 Class Whiteness and Southern Literature explores the role that representations of poor white people play in shaping both middle class American identity and major American literary movements and genres across the long twentieth century Jolene Hubbs reveals that more often than not poor white characters imagined by middle class writers embody what better off people are anxious to distance themselves from in a given moment Poor white southerners are cast as social climbers during the status conscious Gilded Age country rubes in the modern era racist obstacles to progress during the civil rights struggle and junk food devotees in the health conscious 1990s Hubbs illuminates how Charles Chesnutt William Faulkner Flannery O Connor Dorothy Allison and Barbara Robinette Moss swam against these tides pioneering formal innovations with an eye to representing poor white characters in new ways

The Twilight of the Middle Class Andrew Hoberek, 2009-01-10 In *The Twilight of the Middle Class* Andrew Hoberek challenges the commonly held notion that post World War II American fiction eschewed the economic for the psychological or the spiritual Reading works by Ayn Rand Ralph Ellison Saul Bellow Phillip Roth Flannery O Connor Thomas Pynchon Don DeLillo and others he shows how both the form and content of postwar fiction responded to the transformation of the American middle class from small property owners to white collar employees In the process he produces compelling new accounts of identity politics and postmodernism that will be of interest to anyone who reads or teaches contemporary fiction Hoberek argues that despite the financial gains and job security enjoyed by the postwar middle class the transition to white collar employment paved the way for its current precarious state in a country marked by increasingly deep class divisions Postwar fiction provided the middle class with various imaginative substitutes for its former property owning independence substitutes that since then have not only allowed but abetted this class's downward mobility To read this fiction in the light of the middle class experience is thus not only to restore the severed connections between literary and economic history in the second half of the twentieth century but to explore the roots of the contemporary crisis of the middle class **The Radical Middle Class** Robert D. Johnston, 2006-02-19 America has a long tradition of middle class radicalism albeit one that intellectual orthodoxy has tended to obscure *The Radical Middle Class* seeks to uncover the democratic populist and even anticapitalist legacy of the middle class By examining in particular the independent small business sector or petite bourgeoisie using Progressive Era Portland Oregon as a case study Robert Johnston shows that class still matters in America

But it matters only if the politics and culture of the leading player in affairs of class the middle class is dramatically reconceived This book is a powerful combination of intellectual business labor medical and above all political history Its author also humanizes the middle class by describing the lives of four small business owners Harry Lane Will Daly William U Ren and Lora Little Lane was Portland s reform mayor before becoming one of only six senators to vote against U S entry into World War I Daly was Oregon s most prominent labor leader and a onetime Socialist U Ren was the national architect of the direct democracy movement Little was a leading antivaccinationist The Radical Middle Class further explores the Portland Ku Klux Klan and concludes with a national overview of the American middle class from the Progressive Era to the present With its engaging narrative conceptual richness and daring argumentation it will be welcomed by all who understand that reexamining the middle class can yield not only better scholarship but firmer grounds for democratic hope *Class* Stanley Aronowitz, Michael J. Roberts, 2017-09-25 Using an innovative framework this reader examines the most important and influential writings on modern class relations Uses an interdisciplinary approach that combines scholarship from political economy social history and cultural studies Brings together more than 50 selections rich in theory and empirical detail that span the working middle and capitalist classes Analyzes class within the larger context of labor particularly as it relates to conflicts over and about work Provides insight into the current crisis in the global capitalist system including the Occupy Wall Street Movement the explosion of Arab Spring and the emergence of class conflict in China **Transgression and Redemption in American Fiction** Thomas J. Ferraro, 2020 A critical study of classic American novels *Transgression and Redemption* explores Catholicism in *The Scarlet Letter* *The Great Gatsby* *The Professor s House* *The Awakening* and *The Sun Also Rises* *George Saunders* Philip Coleman, Steve Gronert Ellerhoff, 2017-03-25 This timely volume explores the signal contribution George Saunders has made to the development of the short story form in books ranging from *CivilWarLand in Bad Decline* 1996 to *Tenth of December* 2013 The book brings together a team of scholars from around the world to explore topics ranging from Saunders s treatment of work and religion to biopolitics and the limits of the short story form It also includes an interview with Saunders specially conducted for the volume and a preliminary bibliography of his published works and critical responses to an expanding and always exciting creative uvre Coinciding with the release of the Saunders first novel *Lincoln in the Bardo* 2017 *George Saunders Critical Essays* is the first book length consideration of a major contemporary author s work It is essential reading for anyone interested in twenty first century fiction *Imaginary Communities* Phillip Wegner, 2002-06-04 Drawing from literary history social theory and political critique this far reaching study explores the utopian narrative as a medium for understanding the social space of the modern nation state Considering the narrative utopia from its earliest manifestation in Thomas More s sixteenth century work *Utopia* to some of the most influential utopias of the late nineteenth and twentieth centuries this book is an astute study of a literary genre as well as a nuanced dialectical meditation on the history of utopian thinking as a quintessential history of modernity As he unravels the

dialectics at work in the utopian narrative Wegner gives an ambitious synthetic discussion of theories of modernity considering and evaluating the ideas of writers such as Ernst Bloch Louis Marin Gilles Deleuze Walter Benjamin Martin Heidegger Henri Lefebvre Paul de Man Karl Mannheim Mikhail Bakhtin Jürgen Habermas Slavoj Žižek and Homi Bhabha

Paternalism Incorporated David Leverenz, 2004 Between the Civil War and World War I David Leverenz maintains the corporate transformation of American work created widespread desire for upward mobility along with widening class divisions In his view several significant narrative constructs notably the daddy's girl and the daddy's boy emerge at the intersection between paternalist practices and more democratic possibilities for self advancement From Mark Twain's Laura Hawkins in *The Gilded Age* to the protagonist of Theodore Dreiser's *Sister Carrie* and Willa Cather's Alexandra Bergson in *O Pioneers!* Leverenz finds that the image of the daddy's girl constrains the emerging threat of the career woman even as it articulates the lure of upward mobility for women In surveying the figure of the daddy's boy Leverenz examines tensions between young men's desires for upward mobility and older men's desires for paternal control *Paternalism Incorporated* also addresses yearnings for individualism and paternalism in various critiques of the emerging corporation Another chapter links honor and shaming to race in the philanthropic practices of Andrew Carnegie and John D Rockefeller framed with narratives by William Dean Howells Booker T Washington and Jane Addams After showing how a daddy's girl becomes a paternalist in Henry James's *The Golden Bowl* Leverenz considers F Scott Fitzgerald's *Tender is the Night* as paternalism's elegy contrasted with the Shirley Temple film *The Little Colonel* *Literature in the Public Service* C. Sullivan, 2013-01-11 How can one make state administrative systems interesting embody an abstract public ethos and give heroism to homogeneity The discipline of literature and bureaucracy dismisses Weber's neurocrat Milton Trollope and Hare are case studies on implementing the what if visions literature explored during a period of great change in public service **American Dreams**

Ricardo Miguez, 2009-03-26 The scholars included in this collection sought to indicate more contemporary working definitions for the expression American Dream or rather Dreams The multidisciplinary selections come from many countries and represent scholars from different backgrounds They reflect the current developments and approaches in the field of US Studies and we hope to help broaden the scope of programs in higher education institutions The chapters are thematically organized in two sections Initial Dialogues and Comparative Dialogues The first one comprises essays that set the foundations for our discussions and intends to familiarize newcomers with the theme The second section extends the possibilities of working comparatively with the American Dreams and a number of other interdisciplinary fields of interest for US Studies programs [The Cambridge Companion to American Literature of the 1930s](#) William Solomon, 2018-09-20 Offers a timely introduction to the intersection of radical politics and American literature in the period of the Great Depression

[What America Read](#) Gordon Hutner, 2009-11-05 Despite the vigorous study of modern American fiction today's readers are only familiar with a partial shelf of a vast library Gordon Hutner describes the distorted canonized history of the

twentieth century American novel as a record of modern classics insufficiently appreciated in their day but recuperated by scholars in order to shape the grand tradition of Hemingway Fitzgerald and Faulkner In presenting literary history this way Hutner argues scholars have forgotten a rich treasury of realist novels that recount the story of the American middle class s confrontation with modernity Reading these novels now offers an extraordinary opportunity to witness debates about what kind of nation America would become and what place its newly dominant middle class would have and Hutner suggests should also lead us to wonder how our own contemporary novels will be remembered *American Literary History and the Turn toward Modernity* Melanie V. Dawson, Meredith L. Goldsmith, 2018-08-10 Approaching the period of 1880 1930 in American literature as one in which the processes of rethinking the past were as prevalent as wholly new works of art this collection treats the century s long turn as a site that overtly staged the tension among conflicting sets of values those of past present and the imagined future As the authors of this collection demonstrate the literature from the century s turn is irreducible to the characteristics either of the nineteenth or the twentieth centuries rather it is literature of dual practices and multiple values that embodies elastic qualities of historical plurality a true literature in transition *Warhol's Working Class* Anthony E. Grudin, 2017-10-20 Warhol and class Varieties of pop Warhol s participatory culture Warhol s brand images Warhol modernism egalitarianism Conclusion Warhol s neoliberalism **Fictions of Western American Domesticity** Amanda J. Zink, 2018-06 This work provides a compelling explanation of something that has bedeviled a number of feminist scholars Why did popular authors like Edna Ferber continue to write conventional fiction while living lives that were far from conventional Amanda J Zink argues that white writers like Ferber and Willa Cather avoided the subject of their own domestic labor by writing about the performance of domestic labor by others showing that American print culture both in novels and through advertisements moved away from portraying women as angels in the house and instead sought to persuade other women to be angels in their houses Zink further explores lesser known works such as Mexican American cookbooks and essays in Indian boarding school magazines to show how women writers dialoging domesticity exemplify the cross cultural encounters between colonial domesticity and sovereign domesticity By situating these interpretations of literature within their historical contexts Zink shows how these writers championed and challenged the ideology of domesticity **The Fabric of American Literary Realism** Babak Elahi, 2014-01-10 This critical study traces the connections between the rising economic importance of the garment industry and the advent of a powerful movement towards literary realism in American fiction Examining the works of Henry James Theodor Dreiser Abraham Cahan Anzia Yezierska and Willa Cather and the shifting of the American ideal from the homespun to the ready made it explains how that cultural and psychological change appeared in the new literature of the nation On Jameson , *Post-Agreement Northern Irish Literature* Birte Heidemann, 2016-06-23 This book uncovers a new genre of post Agreement literature consisting of a body of texts fiction poetry and drama by Northern Irish writers who grew up during the Troubles but published their work in the aftermath of

the Good Friday Agreement In an attempt to demarcate the literary aesthetic parameters of the genre the book proposes a selective revision of postcolonial theories on liminality through a subset of concepts such as negative liminality liminal suspension and liminal permanence These conceptual interventions as the readings demonstrate help articulate how the Agreement's rhetorical negation of the sectarian past and its aggressive neoliberal campaign towards a progressive future breed new forms of violence that produce liminally suspended subject positions
