George Eliot's English Travels Kathleen McCormack, 2005-11-16 George Eliot's more than fifty long and short journeys within England took her to dozens of sites scattered around the country. Revising the traditional notion that George Eliot drew her settings and characters only from the areas of her Warwickshire childhood, Kathleen McCormack demonstrates that English travel furnished the novelist with a wide variety of originals for the composite characters and settings she would so memorably create. McCormack traces the way in which George Eliot gathered material during her travels and also drafted long sections of the novels while away from her London home. She argues that by examining the choices George Eliot made in transforming, discarding, or directly describing her English originals, we might take a significant step forward in the interpretation of her writings. Where other critics have tried to interpret characters as one-to-one renderings of living or dead models, for example, this study reveals more elaborate blendings of what George Eliot called the widely sundered elements that made up her fiction. McCormack also reaches the fascinating conclusion that the novels were a form of coded communication between the author and people in her life, including other prominent Victorians such as Edward Burne-Jones, Robert Lytton, and Barbara Bodichon. Presenting fresh biographical information and original insights into George Eliot's writing strategies, *George Eliot's English Travels* promises a decisive shift in our understanding of one of the most important figures in Victorian literature.

Taxi, Limousine, and Transport Network Company Regulation James M. Cooper, Jorgen Aarhaug, John Scott, 2023-05-11 The vehicle-for-hire (VFH) market, broadly comprising taxis, limousines, and app-based transport, has faced multiple and significant changes over the years, with the period since 2010 a time of major upheaval. This book documents the development of the market over time, examining its regulation and control structures, exploring its history, trends, and market theories, and discussing how these are both promoted and challenged by the changes affecting the sector. This book reviews recent developments in the VFH industry, from the influx of new market entrants and the emergence of app-based services to their widespread use, comparing international markets and their regulation and drawing on a series of case studies in key locations in North America, Europe, and Asia. It establishes and details economic, market, social, and political theory affecting the VFH industry and devotes its second half to the definition and emergence of transport typologies and markets in which the sector has a role or potential role. The book concludes from a neutral standpoint on the balance between market participants, addressing the immediate future facing the industry, including the impacts of COVID and other external factors. It considers the short- and long-term effects of market change, the role played by regulators, and the market conditions imposed upon them. Written for industry practitioners, both suppliers and regulators, as well as the academic community, this book will inform the community and prompt further analysis of a significant and growing field in transportation.

Invisible Ancestor Miriam A. Bibby, 2024-04-01 The outstanding qualities of the Galloway horse landrace are

referenced in literary sources from the late sixteenth century onwards Brief but eloquent and revealing allusions appear in the work of William Shakespeare Thomas Dekker Ben Jonson and other writers with connections to the Tudor Stuart Caroline and Carolean courts The Galloway nag was sufficiently influential for its name to become a generic widely applied to small horses of a certain type speedy enduring and reliable This is still the case in the north of England and Australia where the terms Galloway and Galloway continue to be used today The Galloway contributed to a surprising number of modern horse breeds including the Thoroughbred yet few people are aware of its influence Miriam A Bibby shows how and why its contribution has been overwritten by other narratives In doing so she also reveals previously unexplored sources that indicate the complex role played by the imagined Galloway in Anglo Scottish relations Collectively these represent a unique new genre of commentary that she identifies as Galloway Nag Satire This is the first major study devoted to the history of the Galloway horse

Boaters of London Ben Bowles, 2024-05-03 London and the Southeast of England is home to an alternative community of people called boaters individuals and families who live on narrowboats cruisers and barges along a network of canals and rivers Many of these people move from place to place every two weeks due to mooring rules and form itinerant communities in the heart of some of the UK's most built up and expensive urban spaces Boaters of London is an ethnography that delves into the process of becoming a boater adopting an alternative lifestyle on the water and the political impact that this travelling population has on the state

FROM THE STREETS TO SCOTLAND YARD GWENTON SLOLEY, 2014-03-30 Growing up in the sunny climes of Jamaica Que had what would be considered a normal childhood This was true until he was separated from his mother at the tender age of eight From this point on his life began to unravel The discovery of a devastating family secret and the subsequent loss of his mother brought about a sudden change in him Something snapped He moved to London a life of crime followed and Que soon became the apprentice of London crime boss Kat In his gripping story Que recounts the events of his life which led to him being shot on his 19th birthday and witnessing first hand the birth of the so called postcode wars He lived the kind of life only afforded by celebrities and faced the lonely road of those leaving the streets behind for good The most beautiful person to have known defeat You've known suffering struggle and loss yet you have always found your way out of the depths You are my one true love

Urban Cosmopolitics Anders Blok, Ignacio Farias, 2016-01-29 Invoking the notion of cosmopolitics from Bruno Latour and Isabelle Stengers this volume shows how and why cities constitute privileged sites for studying the search for and composition of common worlds of cohabitation A cosmopolitical approach to the city focuses on the multiple assemblages of human and nonhuman actors that constitute urban common worlds and on the conflicts and compromises that arise among different ways of assembling the city It brings into view how urban worlds are always in the process of

being subtly transformed destabilized decentred questioned criticized or even destroyed As such it opens up novel questions as to the gradual and contested composition of urban life thereby forcing us to pay more explicit attention to the politics of urban assemblages Focusing on changing sanitation infrastructures and practices emerging forms of urban activism processes of economic restructuring transformations of the built environment changing politics of expert based urban planning as well as novel practices for navigating the urban everyday the contributions gathered in this volume explore different conceptual and empirical configurations of urban cosmopolitics agencements assemblies atmospheres Taken together the volume thus aims at introducing and specifying a novel research program for rethinking urban studies and politics in ways that remain sensitive to the multiple agencies materialities concerns and publics that constitute any urban situation

Museums in Postcolonial Europe Dominic Thomas, 2013-09-13 The history of European nation building and identity formation is inextricably connected with museums and the role they play in displaying the acquired spoils and glorious symbols of geopolitical power in order to mobilize public support for expansionist ventures This book examines the contemporary debate surrounding the museum in postcolonial Europe Although there is no consensus on the European colonial experience the process of decolonization in Europe has involved an examination of the museum's place and ethnic minorities and immigrants have insisted upon improved representation in the genealogies of European nation states Museological practices have been subjected to greater scrutiny in light of these political and social transformations In addition to the refurbishment and restructuring of colonial era museums new spaces have also been inaugurated to highlight the contemporary importance of museums in postcolonial Europe as well as the significance of incorporating the perspective of postcolonial European populations into these spaces This book includes contributions from leading experts in their fields and represents a comparative trans historical and transcolonial examination which contextualises and reinterprets to the legacies and experiences of European museums This book was published as a special issue of *Africa and Black Diaspora: An International Journal*
