Art Across Timevii Text:

Time Regained: In Search of Lost Time VII Marcel Proust, 2024-05-09 *Time Regained* was released in Paris by Gallimard in 1927 five years after Marcel Proust's death bringing his seven part saga to its close The novel revisits the streets of a shell shocked France while binding the whole sequence into one looping meditation on memory By the day the last page reached print some readers saw Proust as a prophet others as a writer lost in moral fog In its pages the nameless narrator returns to wartime Paris finds gilded drawing rooms stripped of certainty and drifts through blacked out streets before stepping into the library of the Princesse de Guermantes where the shuffle of a servant's shoes jolts him into the idea that his life can be turned into a book The manuscript left in tangled drafts was stitched together by Robert Proust and editor Jacques Rivière English translators have usually kept the title *Time Regained* though one edition chose *Finding Time Again* and each version shows how Proust pushed memory to the edge of obsession Yet the novel shrugs at clear judgement betrayal lost friends and the wreckage of war glide past as shifting impressions while the narrator decides that style alone can lend weight to an event Proust treats cruelty and kindness as passing tremors of sensation a stance that feels less like wisdom than polite despair The book ends with linguistic fireworks but it leaves behind an uneasy thought when every claim to truth melts into the glow of recollection life drifts without a compass This critical reader's edition presents a modern translation of the original manuscript crafted for the contemporary reader with lucid language and streamlined sentences that illuminate Proust's intricate French syntax and period specific allusions Supplementary material enriches the text with autobiographical historical and linguistic context including an afterword by the translator on Proust's personal history cultural impact and intellectual legacy an index of the philosophical concepts he weaves highlighting his explorations of memory time and the influence of Henri Bergson a comprehensive chronological list of his published writings and a detailed timeline of his life emphasizing the friendships and social circles that shaped his artistic vision
