This second edition of the first comprehensive commentary on the Swiss Rules of International Arbitration covers the new version of these rules which entered into force on 1 June 2012. It is a practical guide for arbitrators, counsel, state courts and persons involved in the conduct and administration of arbitral proceedings under the Swiss Rules. This commentary presents the new version of the Swiss Rules from a double perspective. On the one hand it emphasizes the relationship between these Rules and the Swiss legal regime governing international arbitration, namely the provisions of chapter 12 of the Swiss Private International Law Statute. On the other hand it puts these Rules in an international perspective by comparing them with the corresponding provisions of the other major institutional rules: ICC, LCIA, SCC, DIS, VIAC, SIAC, HKIAC, CIETAC, AAA, ICDR, WIPO and ICSID, and with the provisions of the former edition of the rules. Finally it highlights the main differences between the Swiss Rules and the UNCITRAL Arbitration Rules which were revised in 2010. This book is written by arbitration practitioners based in Switzerland who work with established law firms widely experienced in international commercial arbitration. It is the work of a refreshing new generation of Swiss arbitration specialists. Two of the editors were members of the working group for the revision of the Swiss Rules and thus bring special insight into the book about the revision process.      Blockchains, Smart Contracts, Decentralised Autonomous Organisations and the Law Daniel Kraus,Thierry Obrist,Olivier Hari,2019 The growth of Blockchain technology presents a number of legal questions for lawyers, regulators and industry participants alike.
