David M. Cochran Jr., Carl A. Reese

Arlington County In Virginia A Pictorial History:

Lost Arlington County Charlie Clark, 2021 Arlington began three centuries ago as the farm section of Alexandria County and emerged in the 1900s as a vibrant suburb of the nation's capital Global notice came after the creation and expansion of Arlington National Cemetery the Pentagon and Fort Myer site of history's first airplane casualty September 17 1908 Add in some modern marquee employers PBS WETA Nestlé the Foreign Service Institute and Amazon and it's a recipe for accelerating change Unsurprisingly residents are increasingly at odds over rising housing costs and demolitions of long valued homes and businesses A key to preserving Arlington's character is a deeper knowledge of history Local journalist and author Charlie Clark provides a compendium of gone but not forgotten institutions businesses homes and amusements

Arlington House, the Robert E. Lee Memorial: History, 2001 **Arlington House, the Robert E. Lee Memorial**, 2001

Historical and Archeological Study of the George Washington Memorial Parkway from the Theodore Roosevelt Memorial Bridge to the Lorcom Lane Turnabout on Spout Run Parkway, Arlington, Virginia Paul B. Cissna, 1990 *Air House*, 1994

Air House Perry D. Jamieson, 2001 **Air House** Air Force History and Museums Program (U.S.), 2009 Arlington County in Virginia Nan Netherton, Ross De Witt Netherton, 1987 **A Pictorial History of Arkansas** Fay Hempstead, 1890

Northern Virginia Heritage, 1985 **Handbook of the Linguistic Atlas of the Middle and South Atlantic States** William A. Kretzschmar, William A. Kretzschmar Jr., 1993-09-15 Who uses skeeter hawk snake doctor and dragonfly to refer to the same insect Who says gum band instead of rubber band The answers can be found in the Linguistic Atlas of the Middle and South Atlantic States LAMSAS the largest single survey of regional and social differences in spoken American English It covers the region from New York state to northern Florida and from the coastline to the borders of Ohio and Kentucky Through interviews with nearly twelve hundred people conducted during the 1930s and 1940s the LAMSAS mapped regional variations in vocabulary grammar and pronunciation at a time when population movements were more limited than they are today thus providing a unique look at the correspondence of language and settlement patterns This handbook is an essential guide to the LAMSAS project laying out its history and describing its scope and methodology In addition the handbook reveals biographical information about the informants and social histories of the communities in which they lived including primary settlement areas of the original colonies Dialectologists will rely on it for understanding the LAMSAS and historians will find it valuable for its original historical research Since much of the LAMSAS questionnaire concerns rural terms the data collected from the interviews can pinpoint such language differences as those between areas of plantation and small farm agriculture For example LAMSAS reveals that two waves of settlement through the Appalachians created two distinct speech types Settlers coming into Georgia and other parts of the Upper South through the Shenandoah Valley and on to the western side of the mountain range had a Pennsylvania influenced dialect and were typically small farmers Those who settled the Deep South in the rich lowlands and plateaus tended to be plantation farmers from Virginia and the Carolinas who

retained the vocabulary and speech patterns of coastal areas With these revealing findings the LAMSAS represents a benchmark study of the English language and this handbook is an indispensable guide to its riches **Places of Commemoration** Joachim Wolschke-Bulmahn,2001 Everyone is occupied consciously or unconsciously with identity one's origin and the question of one's place in humankind and society of the past present and future Identity and memory are not stable and objective things but representations or constructions of reality related to a particular interest such as class gender of power relations Identity is problematic without history and without the commemoration of history and of course such remembrance may distort historical events and facts When dealing with gardens a substantial part of our physical environment there are always unspoken questions of identity Places of Commemoration examines commemorative sites of different character including gardens landscapes memorials cemeteries and sites of former Nazi concentration camps detailing the ideas behind the creation of memorials and monuments and the struggles over the narratives they present

From Arlington to Appomattox Charles R. Knight,2021-06-15 Brilliant really gives one a sense of what it took to both lead and run an army in the Civil War Superb Chris Kolakowski author of The Virginia Campaigns March August 1862 In From Arlington to Appomattox Charles Knight does for Robert E Lee and students of the Civil War what E B Long's Civil War Day by Day did for our understanding of the conflict as a whole This is not another Lee biography but it is every bit as valuable as one We know Lee rode out to meet the survivors of Pickett's Charge and accept blame for the defeat that he tried to lead the Texas Brigade in a counterattack to save the day at the Wilderness and took a tearful ride from Wilmer McLean's house at Appomattox But where was Lee and what was he doing when the spotlight of history failed to illuminate him Focusing on what he was doing day by day offers an entirely different appreciation for Lee Readers will come away with a fresh sense of his struggles both personal and professional and discover many things about Lee for the first time through his own correspondence and papers From Arlington to Appomattox is a tremendous contribution to the literature of the Civil War Knight's study will become the standard reference work on Lee's daily wartime experiences R E L Krick author of Staff Officers in Gray A staggering work of scholarship Jeffry D Wert author of A Glorious Army Robert E Lee's Triumph 1862 1863 A pleasure to read Michael C Hardy author of General Lee's Immortals Keeps the reader engaged Journal of America's Military Past **Special Bibliography - US Army Military History Research Collection** US Army Military History Research Collection,1974

Covert Capital Andrew Friedman,2013-08-03 The capital of the U S Empire after World War II was not a city It was an American suburb In this innovative and timely history Andrew Friedman chronicles how the CIA and other national security institutions created a U S imperial home front in the suburbs of Northern Virginia In this covert capital the suburban landscape provided a cover for the workings of U S imperial power which shaped domestic suburban life The Pentagon and the CIA built two of the largest office buildings in the country there during and after the war that anchored a new imperial culture and social world As the U S expanded its power abroad by developing roads embassies and

villages its subjects also arrived in the covert capital as real estate agents homeowners builders and landscapers who constructed spaces and living monuments that both nurtured and critiqued postwar U S foreign policy Tracing the relationships among American agents and the migrants from Vietnam El Salvador Iran and elsewhere who settled in the southwestern suburbs of D C Friedman tells the story of a place that recasts ideas about U S immigration citizenship nationalism global interconnection and ethical responsibility from the post WW2 period to the present Opening a new window onto the intertwined history of the American suburbs and U S foreign policy Covert Capital will also give readers a broad interdisciplinary and often surprising understanding of how U S domestic and global histories intersect in many contexts and at many scales American Crossroads 37 **Pictorial History of America** ,1958 The dramatic story of the United States and Canada from the age of discovery to the Atomic Era told in 2500 pictures 200 000 words and 55 historical maps in full color Motion Picture Exhibition in Washington, D.C. Robert K. Headley,2015-08-13 From inauspicious beginnings in the kinetoscope parlors and nickelodeons to the movie palaces of the golden era and finally to the pared down multiplexes of today this is the history of motion picture viewing in the nation s capital and vicinity The research is supported by numerous interviews The book includes a 200 page listing of all the movie theaters in the area past and present with data such as location dates of operation architect and seating capacity as well as a summary of each theater s history and current status Maps drawings and photographs most of which have never before been published round out this comprehensive study

A Model for Identifying and Evaluating the Historic Significance of Post-World War II Housing ,2012 The report which contains numerous illustrations and photographic examples of postwar housing will also serve as an important reference document for cultural preservation professionals Vast numbers of postwar houses located in every American city town suburb and rural area are either currently more than 50 years old or will soon become 50 years old and are thus potentially eligible for listing in the National Register of Historic Places National Register Because of the passage of time the number of potentially eligible houses will increase dramatically in the next decade presenting a major challenge to DOT decision makers and preservation planners **Southeastern Geographer** David M. Cochran Jr.,Carl A. Reese,2013-12-01 Southeastern Geographer is published by UNC Press for the Southeastern Division of the Association of American Geographers www.sedaag.org The quarterly journal publishes the academic work of geographers and other social and physical scientists and features peer reviewed articles and essays that reflect sound scholarship and contain significant contributions to geographical understanding with a special interest in work that focuses on the southeastern United States

Virginia Review ,1987
