Stanford,Amy Verner,1999 There s a real flowering I think of southern poetry right now assembling at the edges of everything This observation by Pulitzer Prize winning poet Charles Wright reflects upon the continuing vibrancy and importance of the southern poetic tradition Although the death of James Dickey in 1997 left southern poetry without a recognizably dominant voice an array of other vibrant voices continue to be heard and recognized Southbound Interviews with Southern Poets provides a glimpse of the many poets who promise to keep southern poetry vital into the twenty first century

using the idea or ideas many and contrary of Southernness to appraise poetries created from the profuse tangled histories of the region Turner's close readings are dynamic even lyrical He offers a new understanding of rhythm's central place in contemporary poetry while considering the work of fifteen poets Through his focus on varied yet interwoven forms of cultural memory Turner also shows that memory is not in fact pass The way we remember has as much to say about our present as our past memory is living shifting culturally formed and framed This is a valuable and important book that entwines new visions of poetic forms with forms of regional remembrance and identity Natasha Trethewey Pulitzer Prize winner and author of *Native Guard Poems* Offering new perspectives on a diversity of recent and still practicing southern poets from Robert Penn Warren and James Dickey to Betty Adcock Charles Wright Yusef Komunyakaa Natasha Trethewey and others this study brilliantly illustrates poetry's value as a genre well suited to investigating historical conditions and the ways in which they are culturally assimilated and remembered Daniel Cross Turner sets the stage for his wide ranging explorations with an introductory discussion of the famous Fugitive poets John Crowe Ransom Allen Tate and Donald Davidson and their vision of a constant southernness that included an emphasis on community and kinship remembrance of the Civil War and its glorified pathos of defeat and a distinctively southern white voice Combining poetic theory with memory studies he then shows how later poets with their own unique forms of cultural remembrance have reimagined and critiqued the idealized view of the South offered by the Fugitives This more recent work reflects not just trauma and nostalgia but makes equally trenchant uses of the past including historiophoty the recording of history through visual images and countermemory resistant strains of cultural memory that disrupt official historical accounts As Turner demonstrates the range of poetries produced within and about the American South from the 1950s to the present helps us to recalibrate theories of collective remembrance on regional national and even transnational levels With its array of new insights on poets of considerable reputation six of the writers discussed here have won at least one Pulitzer Prize for poetry *Southern Crossings* makes a signal contribution to the study of not only modern poetics and literary theory but also of the U S South and its place in the larger world Daniel Cross Turner is an assistant professor of English at Coastal Carolina University His articles which focus on regional definition in national and global contexts and on aesthetic forms potential to record historical transitions appear in edited collections as well as journals including *Genre Mosaic* the *Southern Literary Journal* the *Southern Quarterly* and the *Mississippi Quarterly*
