Around The World In 500 Days:

500 Days Serge Testa, 2009-11-16 A record breaking solo sailing adventure on the smallest yacht to ever complete a circumnavigation A Voyage Round the World in 500 Days, with Details G. Sutherland Dodman, 1879 *500 Days* Kurt Eichenwald, 2012-09-11 In *500 Days* Kurt Eichenwald lays bare the harrowing decisions deceptions and delusions of the 18 months that changed the world forever as leaders raced to protect their citizens in the wake of 9 11 Eichenwald's immediate style and true to life dialogue puts readers at the heart of these historic events from the Oval Office to 10 Downing Street from Guantanamo Bay to the depths of CIA headquarters from the al Qaeda training camps to the torture chambers of Egypt and Syria Eichenwald exposes a world of secrets and lies that has remained hidden until now **Shanghaiing Sailors** Mark Strecker, 2014-05-19 Shanghaiing or forcing a man to join the crew of a merchant ship against his will plagued seafarers the world over between 1849 and 1915 Perpetrators were known as crimps and they had no respect for a man's education social status race religion or seafaring experience The merchant ships were involved in the opium tea and gold trades and the practice was spurred by the opening of the Suez Canal A major reason for it was a shortage of sailors and the unwillingness of seamen to sail on certain types of ships They suffered from great deprivations all for a paltry sum usually squandered during shore leave Navies and pirates had their own form of shanghaiing called impressment This work explores the rich history of shanghaiing and impressment with a focus on victims and also considers the 19th century seafarer and the circumstances that made shanghaiing so lucrative **The Literary Journalist as a Naturalist** Pablo Calvi, 2024-11-09 This book is a scholarly anthology that proposes a deep discussion about the multiple ways in which narrative journalism has portrayed nature human interactions with nature the global actions and the consequences of activities that have either attempted to explore it exploit it harness it dominate it and protect it This essay collection offers an academic framework for literary journalistic narratives about nature and includes the study of long form journalism originated in different corners of the world all exploring human non human nature interactions in all their power finitude peril and urgency *FCO public diplomacy* Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2011-02-06 The 2012 London Olympic and Paralympic Games is likely to be a once in a generation opportunity for the UK to attract the attention and interest of the entire global community The report reviews other countries experience of using major sporting events for public diplomacy purposes The Games offer an unparalleled opportunity to promote UK business trade and inward investment The Committee recommends holding a major trade event close to or during the Games to secure the maximum commercial benefit to the national economy The FCO should also make more of the claim that the 2012 Games will be the world's first sustainable Games publicising around the world the many examples of environmental good practice in the planning and building of the event And it should continue to use the Games to promote British culture and values at home and abroad emphasising that London is an open and welcoming city and that the UK is a diverse inclusive and friendly country The Committee is worried

that budget cuts may result in the FCO's work related to the Olympics becoming a matter solely of individual initiatives by embassies and High Commissions without adequate central coordination. The Committee recommends that the FCO should form a rapid response unit set up well before the Games which can rebut or challenge negative stories appearing in the world media.

Imagining Germany Imagining Asia Veronika Fuechtner, Mary Rhiel, 2013. This collection of new essays explores how Germany's imagined Asia informed its national fantasies at crucial historical junctures. It will influence future scholarly explorations of Asian German cultural transfer. The first collection of essays in the new field of Asian German Studies. *Imagining Germany Imagining Asia* demonstrates that Germany and Asia have always shared cultural spaces. Indeed since the time of the German Enlightenment Asia served as the foil for fantasies of sexuality, escape, danger, competition and racial and spiritual purity that were central to foundational ideas of a cohesive German national culture during crucial historical junctures such as fascism or reunification. By exploring the complex and varied phenomenon of German Orientalism, these essays argue that the relation between an imagined Germany and an imagined Asia defies the idea of a one-way influence; instead conceiving of their cultural transfers and synergies as multidirectional and mutually perpetuating. Examining literary and non-literary texts from the eighteenth century to the present, these essays cover a wide range of topics and genres in disciplines including philosophy, film and visual culture, theater, literary studies and the history of science. Ideally positioned to shape further contributions, *Imagining Germany Imagining Asia* will attract a wide range of readers interested in German Asian colonial, postcolonial and transnational studies. Contributors: Sai Bhatawadekar, Petra Fachinger, Veronika Fuechtner, Randall Halle, David D. Kim, Hoi-eun Kim, Kamakshi Murti, Perry Myers, Mary Rhiel, Qinna Shen, Quinn Slobodian, Chunjie Zhang. Veronika Fuechtner is Associate Professor of German at Dartmouth College. Mary Rhiel is Associate Professor of German at the University of New Hampshire.

Hell on Two Wheels Amy Snyder, 2011-06. Contestants have died, been maimed and spiraled down into the nightmarish realm of madness. Half of them don't finish. In fact, only 200 racers have ever made it to the end. Outside magazine calls it the toughest test of endurance in the world. RAAM, the Race Across America, is a bicycle race like no other. This epic race is the most brutal organized sporting event you've never heard of and one of the best kept secrets in the sports world. Author Amy Snyder follows a handful of athletes before, during and after the 2009 event, the closest and most controversial in history. *Hell on Two Wheels* is a thrilling and remarkably detailed account of their ups and downs, triumphs and tragedies. By experiencing the race from the perspective of the racers themselves, *Hell on Two Wheels* breaks new ground in helping us appreciate how such a grueling effort can be so cleansing and self-revelatory. This is more than just a race; it's a monster, a crucible, an unforgettable allegory about the human experience of pain and joy and self-discovery.
