 Philip Gardiner and Gary Osborn trace the extraordinary influence of the snake cult which was prevalent all over the world in ancient times They demonstrate how a central rite in which snake venom was mixed with snake blood in a ceremonial mixing bowl which came to be called the grail produced a healing elixir which formed the basis of myriad religious and symbolic rituals including the Christian Eucharist These rituals operated on a number of levels On a physical level the powerful healing properties of this elixir which is now proven by modern science to enhance t cell replication was in fact the basis of the Elixir of Life But there is a deeper level for the symbolism of these rituals which can be found in all the great mystery traditions of the world though shrouded in myth and symbolism Whether it be the quest to find the elusive Philosopher s Stone or indeed the Holy Grail the Ultimate Quest is in fact to achieve true enlightenment

 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip

Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world's most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code Throughout Secret Societies Gardiner Uncover an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one
