**Princes & Pumpkins** David Hatfield Sparks,2013-07-12 The poems of David Hatfield Sparks resonate with the rise of the postmodern multicultural LGBTQ and feminist political and spiritual movements Inspired by Walt Whitman H D Jack Spicer Robert Duncan Adrienne Rich Audre Lorde and his close friend Gloria Anzalda and drawing upon ancient and indigenous mythologies and spiritualities together with magical practices a passion for Nature and a delight in Camp Sparks seeks to trace the multilayered multidimensional at times nostalgic at times wild and defiant spiritual journey of a Queer mystic The poems in this collection follow a dream like

chronology of responses to events in his life and in the lives of others he has known Not ignoring the shadows he acknowledges the suffering inflicted by those men and women who have condemned Queer identity and practices such as his parenting of his daughter Mariah By means of a revolutionary spirituality he is determined to transform suffering into liberation and enlightenment The poems are organized into three sections Those of the first section Prequel are drawn from the pre Stonewall bohemian struggling life of a married hippie that culminates in the birth of a magical child The second section Personas delves into the complexities of what Sparks calls gay being and becoming that includes the construction dismantling and reconstruction of the many masks and identities gay Queer men have worn and inhabit sissy artist monk trickster rebel This theme continues in the third section Parables but herein the poet excavates language and images from deeper psychic levels in a profound spiritual exploration mirroring Rich's Diving into the Wreck that confronts and reinvents religious Queer relevant symbols and myths in the forms of elegies dirges ritual dramas and chants in an intoxicating brew that delights

*Chuck Palahniuk* Francisco Collado-Rodriguez, 2013-06-06 Offering a world full of traumatized characters trapped in a consumerist society where men women sex and gender have become unstable commodities Chuck Palahniuk has become one of the most controversial of contemporary novelists This book is the first guide to bring together scholars from a full range of critical perspectives to explore three of Palahniuk's most widely studied novels *Fight Club* *Invisible Monsters* and *Choke* Examining these works in light of such key critical themes as violence masculinity postmodern aesthetics and trauma the book also explores the ethical dimension of Palahniuk's work that is often lost in the heat of the controversies surrounding his books Together with annotated guides to further reading Chuck Palahniuk also includes section introductions surveying the contexts and reception of each novel making this an essential guide for students and scholars of contemporary literature

*The Cambridge Companion to Fantasy Literature* Edward James, Farah Mendlesohn, 2012-01-26 Fantasy is a creation of the Enlightenment and the recognition that excitement and wonder can be found in imagining impossible things From the ghost stories of the Gothic to the zombies and vampires of twenty first century popular literature from Mrs Radcliffe to Ms Rowling the fantastic has been popular with readers Since Tolkien and his many imitators however it has become a major publishing phenomenon In this volume critics and authors of fantasy look at its history since the Enlightenment introduce readers to some of the different codes for the reading and understanding of fantasy and examine some of the many varieties and subgenres of fantasy from magical realism at the more literary end of the genre to paranormal romance at the more popular end The book is edited by the same pair who produced *The Cambridge Companion to Science Fiction* winner of a Hugo Award in 2005

*Contemporary Poetry and Postmodernism* I. Gregson, 1996-11-01 Contemporary Poetry and Postmodernism explores the fraught relationship between the poetry of the mainstream and kinds of modernist poetry that have had to make their way outside it Mainstream poets like Paul Muldoon James Fenton and Carol Ann Duffy multiply voices and so draw on resources from the novel Bakhtin's concept of the dialogic is therefore used to

explain their techniques By contrast Shklovsky s concept of estrangement is shown to be more useful in accounting for the radical experimentation of poets like Edwin Morgan Christopher Middleton and Denise Riley However the book concludes by suggesting that partly because of the influence of surrealism in women poets like Selima Hill and Jo Shapcott the mainstream has recently been infiltrated by modernist and postmodernist estrangement effects [Routledge Encyclopedia of Narrative Theory](#) David Herman, Manfred Jahn, Marie-Laure Ryan, 2010-06-10 The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time process and change However the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars teachers and students to have access to a comprehensive reference resource [The Cinematic Novel and Postmodern Pop Fiction](#) Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig Betrayed by Rita Hayworth Heartbreak Tango The Buenos Aires Affair Kiss of the Spider Woman and Pubis angelical Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire [The Cambridge Introduction to Twentieth-Century American Poetry](#) Christopher Beach, 2003-10-23 The Cambridge Introduction to Twentieth Century American Poetry is designed to give readers a brief but thorough introduction to the various movements schools and groups of American poets in the twentieth century It will help readers to understand and analyze modern and contemporary poems The first part of the book deals with the transition from the nineteenth century lyric to the modernist poem focussing on the work of major modernists such as Robert Frost T S Eliot Ezra Pound Wallace Stevens Marianne Moore and W C Williams In the second half of the book the focus is on groups such as the poets of the Harlem Renaissance the New Critics the Confessionals and the Beats In each chapter discussions of the most important poems are placed in the larger context of literary cultural and social history *Journal of the short story in English* ,2003

*Situating Scandinavian Poetry in the Computational Network Environment* Hans Kristian Strandstuen Rustad, 2023-09-05 How to grasp poetry in its contemporary digital situation a situation wherein poetry travels across digital and analogue media platforms and intended or not collaborates with computers *Situating Scandinavian Poetry in the Computational Network*

environment investigates how heterogeneous forms of poetry in Scandinavia interact with and work in a digital media environment how digital programmable and network media intervene with and shape new poetic forms or remediate older forms of poetry and how digital and digitalized poetry through its self reflexivity sheds light on digital media technology and its role for poetry and potentially for literature and aesthetics more in general In doing so it also argues for the importance of close reading poetry in digital media It includes an historical and theoretical approach to poetry in digital media and analysis of poetic works in Scandinavia The book is written within the framework of posthumanism and what N Katherine Hayles calls technogenesis and makes up the argument that contemporary poetry constitutes and is constituted by a computational network environment of human and non human subjects wherein poems travels in an egalitarian media ecology The book is relevant for researchers and students in the field of poetry students and researchers in the field of literary studies media studies and digital culture studies and teachers interested in presenting newer forms of poetry for their students     Surreal South Laura Benedict, Pinckney Benedict, 2007 An anthology of short fiction poetry Cover
