## **Ark Of The Covenant:**

**The Ark of the Covenant** Roderick Grierson, Stuart C. Munro-Hay, 2000-03-02 At the heart of the city of Aksum in Ethiopia stands a small chapel whose entrance is constantly guarded Ethiopians believe that this chapel contains the Ark of the Covenant their religious epic The Glory of Kings gives an account of how Makeda the Queen of Sheba had a son by Solomon and how it was this son who removed the Ark from Jerusalem because of the disobedience of the people of Israel

**The Discovery of the Ark of the Covenant** Alan Wilson, Barum Blackett, 2007-08-29 British history records that there were two major migrations from the near east into Britain in antiquity One was the fleet migration from Syria led by Albyne around 1560 BC and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC Ancient alphabet inscriptions and other tangible and written records show that the second migration was that of the Ten Tribes of Israel The same ancient Alphabet is found all the way along the British migration routes from Palestine to Assyria through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland In Britain the Ten Tribes were known as the Khumry This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made This holy box was the national talisman of the Hebrew nation It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation A series of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark where annually the high priest entered the holy of holies chamber to serve the divine box Nothing much is said of the Ark until c 790 BC the Judean King Ahaziah attached the Israelite King Jehoash and was totally defeated The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark guardians of the Ark Therefore Jehoash removed the Ark from Jerusalem and took it north to Samaria Nothing is said in the Biblical record of the Ark being anywhere near Jerusalem after this event in circa 790 BC In 740-736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpileser III to attack King Pekah of Ten Tribe Israel and as a result Israel was totally crushed by the Assyrian army A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has begun his migrations In successive campaigns by the Assyrian emperors Shalmaneser IV Sargon II and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran In 702 BC Sennacherib recorded how he deported 200 120 people in one mass exodus The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel Sennacherib was murdered

by two of his sons in c 687 BC and civil war Convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II They moved slowly and unstoppably through Siasia Minor and the Greeks recorded their migration as that of the Kimmerio Khumry There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles Finally around 650 BC the nation split into two and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain Either the Ark was taken to Etrurian Italy in circa 650 BC or it remained near the Dardanelles until around 504 BC before being brought into Britain The fact is that the Greal or Holy Greal is simply a record and a comparison would be that the Bible the Koran the American Declaration of Independence or the Two Tablets brought down the mountain by Moses would all be greals Britain is the land of the Holy Greal The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Cigfrangawr Giant Ravens It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim fearsome dragons figures What emerged was that these had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations The journeys of the planets seen as moving and not fixed stars are tracing out routes that can be followed around the Star t Mound Maps on the ground In short our British ancestors left us clear records of where to go The Ark is at a place where the giant mound marks the start Regulus in Leo the Lion the Judean emblem The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship The top of the large hillock has clearly been molded by the hand of man and satellite photography showed spoil heaps tumbling down the slopes form a tunnel excavated horizontally to underground chambers Five very ancient drainage systems of the type used in antiquity to drain and keeps chambers dry are clearly evident Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man made construction This is unassailable incontrovertible and absolute scientific proof of the highest order Ground penetrating radar and other methods shows at least two underground chambers and deep reading g electronic metal detection identifies a large non ferrous box of around four feet long and two feet wide This is the precise size of the Ark of the Covenant An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage cultures and history Ark of God David Hatcher Childress,2015-10-27 David Childress popular

author and star of the History Channel's show *Ancient Aliens* takes us on an incredible journey in search of the truth about and science behind the fantastic Biblical artifact known as the Ark of the Covenant. This object made by Moses at Mount Sinai, part wooden metal box and part golden statue, had the power to create lightning to kill people and also to fly and lead people through the wilderness. Featured in such popular movies as *Raiders of the Lost Ark* by Lucas and Spielberg, the Ark of the Covenant is probably the most mysterious object in the Old Testament: what was it? Was it an ancient electrical device? The Ark of the Covenant suddenly disappears from the Bible record and what happened to it is not mentioned. Was it hidden in the underground passages of King Solomon's temple and later discovered by the Knights Templar? Was it taken through Egypt to Ethiopia as many Coptic Christians believe? Childress looks into hidden history, astonishing ancient technology, and a 3,000-year-old mystery that continues to fascinate millions of people today.

**The Wonder and Glory Inside the Ark of the Covenant** Lois Myers,2010-05 The wonder and glory of God s word can never be completely told in a man s life time Every thing is new every day And just as the manna we need to have this word every day to prove his doctrine and to hear it out of the word of God John 17 8 say s he gave his word to the men that the Father gave him and Jesus prayed for them that they will show God s glory to the world that they are one as he is one with the Father Jesus said I have manifested thy name unto them and they have kept thy word and your Word is everlasting life and they are sanctified through thy truth I have kept them in thy name The wonder and the glory inside the Ark of the Covenant will show the lawgiver the manna and the tree of life He gives us the witness of death and taxes and the resurrection of the just and the unjust He tells us the wages of sin is death and the gift of God is eternal life our debt is paid in full The greatest mystery I Timothy 3 16 And without controversy great is the mystery of godliness God was manifest in the flesh justified in the Spirit seen of angels preached unto the Gentiles believed on in the world received up into glory I John 1 2 For the life was manifested and we have seen it Comfort one another with these words this day could be the day in Jerusalem **The Templars and the Ark of the Covenant** Graham Phillips,2004-09-13 Offers compelling evidence that the Knights Templar may have taken the Ark of the Covenant to the British Isles Presents scientific evidence affirming the powers attributed to the Ark Traces the Ark and the Stones of Fire from Jerusalem to Jordan and finally to central England where the Knights Templar hid them in the 14th century According to legend the Ark of the Covenant was an ornate golden

chest that was both a means of communicating with God and a terrible weapon used against the enemies of the ancient Israelites In order to use it the high priest had to wear a breastplate containing twelve sacred gemstones called the Stones of Fire These objects were kept in the Great Temple of Jerusalem until they vanished following the Babylonian invasion in 597 B C E At the ancient ruins of Petra in southern Jordan Graham Phillips uncovered evidence that 13th century Templars found the Ark and the Stones of Fire and that they brought these treasures back to central England when they fled the persecution of French king Philip the Fair a century later The author followed ciphered messages left by the Templars in church paintings inscriptions and stained glass windows to what may well be three of the Stones of Fire When examined by Oxford University scientists these stones were found to possess odd physical properties that interfered with electronic equipment and produced a sphere of floating light similar to ball lightning The Bible asserts that the Ark had the power to destroy armies and bring down the walls of cities Now Graham Phillips provides scientific evidence that these claims may be true and offers compelling documentation that the Ark may be located in the English countryside not far from the birthplace of William Shakespeare at Stratford upon Avon
