

AN ARK FOR THE POOR

L'Arche communities welcome all persons, no matter what their weaknesses or handicaps. In this book, L'Arche's founder, Jean Vanier, tells the story of the community's first thirty years: its foundations and growth, its joys and sorrows. Rather than list dates and places, Vanier chronicles the transformation that occurs when the poorest and weakest among us find a haven of love and safety to carry them through the storms of life: an ark for the poor.

Jean Vanier was born in Canada in 1928. From the first L'Arche community that he founded in France in 1964, L'Arche communities have spread throughout the world. They offer handicapped people and those who share their lives a place where they can grow and belong. Jean Vanier is known world-wide as a speaker, preacher and author of several books.

The L'Arche Collection is designed to help readers integrate L'Arche's spirituality into their everyday lives and to acquaint the whole church with the experience of L'Arche communities.

Ark For The Poor The Story Of Larche:

An Ark for the Poor Jean Vanier, 2012 L Arche communities welcome all persons no matter what their weaknesses or handicaps In this book L Arche s founder Jean Vanie tells the story of the community s first thirty years its foundations and growth its joys and sorrows Rather than list dates and places Vanier chronicles the transformation that occurs when the poorest and weakest among us find a haven of love and safety to carry them through the storms of life an ark for the poor

My Home in L'Arche Geoff Rigby, Stephen Rigby, David Treanor, 2014-12-01 Fifty years ago L Arche was born in a small French town called Trosly when Jean Vanier invited two men with intellectual disabilities living in a Mental Institution to come and live with him One hundred and forty three L Arche Communities now exist in over forty countries Sharing stories has become an essential feature of life within L Arche Communities and forms the basis for developing lasting mutual relationships not only between core members assistants and other members of a Community home but also within the broader L Arche Community Within our L Arche Communities in Australia we have developed a Remembering Celebrating and Dreaming process that encourages core members and companions from within the Community to spend time together getting to know each other dreaming about plans for the future and celebrating lives together Often a core member may not have been afforded an opportunity to share some aspects of their lives or to talk about issues that worry them or what they would like to do to make their lives comfortable Spending time listening and sharing stories helps to facilitate this process and provides an opportunity to share some of these memories and dreams with the broader Community families and friends One of the key parts of the L Arche Mission is to make known the gifts of people with intellectual disabilities and all too often we find that it is not only with those directly involved with core members that these gifts become apparent and have a profound influence but with all who come in contact with them Most of the time the stories that arise from these relationships are not shared outside the L Arche Communities The importance of sharing stories emanates from our history Universally as L Arche welcomed more people into Community we discovered that there was little or no attention paid to the lives and events of core members Many people had lived significant experiences and they needed these listened to and acknowledged as part of who they are and their personal history The primary objective of this book is to share some of these stories from people with and without intellectual disabilities who have been involved in some way within L Arche Communities Living together and sharing as a Community as well as being part of the broader L Arche Australia and International Federation Family involves participation in many activities that involve day to day commitments and organisational demands All of these are part of the L Arche Australia story and we have tried to include snippets of information that highlight some of the background of L Arche together with features from day to day Community life and operation of the various Communities We hope you enjoy these stories and gain a little understanding of the heart of L Arche

The Betrayal of Witness Stanley Hauerwas, Hans S. Reinders, 2024-04-16 The downfall of Jean Vanier due to the history

of sexual abuse that came to light in 2020 has shocked everyone familiar with his life and work as the founder and leader of L Arche. The authors in this book raise significant questions regarding his influential legacy and its relevance for theology and disability and for L Arche in particular. Without any attempt to whitewash or downplay the seriousness of his transgressions, the question cannot be avoided: to sort out the good and the bad in Vanier. It requires soul searching on the part of his theological heirs and those who have been influenced by him. Finally, his work with and influence upon L Arche raises the question of sustainability and how its communities might or might not be shaped by his tarnished legacy.

Untamed Hospitality (The Christian Practice of Everyday Life) Elizabeth Newman, 2007-04-01

Christian hospitality is more than a well-set table, pleasant conversation, or even inviting people into your home. Christian hospitality, according to Elizabeth Newman, is an extension of how we interact with God. It trains us to be capable of welcoming strangers who will challenge us and enhance our lives in unexpected ways, readying us to embrace the ultimate stranger: God.

In *Untamed Hospitality*, Newman dispels the modern myths of hospitality as a superficial commodity that can be bought and sold at The Pottery Barn and restores it to its proper place within God's story as displayed most fully in Jesus Christ. Worship, she says, is the believer's participation in divine hospitality, a hospitality that cannot be sequestered from our economic, political, or public lives. This in-depth study of true hospitality will be of interest to professors, students, and scholars.

looking for a fresh take on a timeless subject **Making Room** Christine D. Pohl,1999-08-03 Although hospitality was central to Christian identity and practice in earlier centuries our generation knows little about its life giving character Making Room revisits the Christian foundations of welcoming strangers and explores the necessity difficulty and blessing of hospitality today Combining rich biblical and historical research with extensive exposure to contemporary Christian communities the Catholic Worker L Abri L Arche and others this book shows how understanding the key features of hospitality can better equip us to faithfully carry out the practical call of the gospel *Gospel Virtues* Jonathan R. Wilson,2004-08-16 Virtues are in but the work of Bill Bennett and others says little about specifically Christian virtues Jonathan Wilson now recounts the recent rise of virtue ethics and provides a compelling Christian account and justification of them Wilson engages such key figures as Alasdair MacIntyre and Stanley Hauerwas Focusing especially on the theological virtues of faith hope and love he not only sets forth a closely reasoned intellectual argument but suggests how an embrace of virtue ethics might change the nitty gritty practice of the church s education worship and hospitality Accessible informed and faithful *Gospel Virtues* is important reading for all who care about issues of character and community Religion as a Social Determinant of Public Health Ellen L. Idler,2014-08-13 Religion as a Social Determinant of Public Health explores the complex multifaceted role of faith traditions in public health throughout history today and in the future The volume brings together leading scholars in the social sciences public health and religion to address the important yet often neglected role of religious institutions in health and development efforts around the globe **The Month** ,1996 **Welcome as a Way of Life** Benjamin S. Wall,2016-07-19 This book is about the theology of Jean Vanier Drawing from Vanier s writings it situates Vanier s theological thinking on community care and what it means to be and become human in the context of welcome This book draws attention to how welcome for Vanier is a visible expression of genuine hospitality friendship and human growth offering an alternative way of conceiving and naming the social forming dynamics within Christian community with special attention given to how welcome occurs within the communities of L Arche At a deeper level this book assesses Vanier s thinking on the place and role both the self and community play in welcoming the truth of reality as it is revealed and given within community in order to prepare the way for exploring how welcome is a sign of community life the visible expression of individual and communal trust in God s providence and a conduit of God s presence in the world *The Hermeneutical Spirit* Amos Yong,2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author s previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred

Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context Foundational Social Ritual Practices of Parish Life Michael J. McCallion, 2022-01-12 This book highlights for professional parish ministers the vital importance of the foundational or pre communal aspects that make a parish community healthy and strong It provides not a sociology of the parish but a sociology of the first ingredients that go into making a parish community It is not therefore a book explaining or analyzing the organizational dimensions or social structures that make up a parish such as the roles and statuses needed for a parish to function Rather the book examines the formation of relationships in the first place within the context of a parish and how such relationships might be maintained over time Upward social mobility is a deterrent to forming such relationships while social ritual practices such as eating together are a means for establishing and sustaining parish relationships The book is theoretically grounded in the work of Emile Durkheim who discusses in minute detail the ingredients of social solidarity and community life in his classic work *The Elementary Forms of Religious Life* **Canadian Books in Print. Author and Title Index**, 1975 Reconsidering Intellectual Disability Jason Reimer Greig, 2015-08-18 Drawing on the controversial case of Ashley X a girl with severe developmental disabilities who received interventionist medical treatment to limit her growth and keep her body forever small a procedure now known as the Ashley Treatment *Reconsidering Intellectual Disability* explores important questions at the intersection of disability theory Christian moral theology and bioethics What are the biomedical boundaries of acceptable treatment for those not able to give informed consent Who gets to decide when a patient cannot communicate their desires and needs Should we accept the dominance of a form of medicine that identifies those with intellectual impairments as pathological objects in need of the normalizing bodily manipulations of technological medicine In a critical exploration of contemporary disability theory Jason Reimer Greig contends that L Arche a federation of faith communities made up of people with and without intellectual disabilities provides an alternative response to the predominant bioethical worldview that sees disability as a problem to be solved *Reconsidering Intellectual Disability* shows how a focus on Christian theological tradition s moral thinking and practice of friendship with God offers a way to free not only people with intellectual disabilities but all people from the objectifying gaze of modern medicine L Arche draws inspiration from Jesus s solidarity with the least of these and a commitment to Christian friendship that sees people with profound cognitive disabilities not as anomalous objects of pity but as fellow friends of God This vital act of social recognition opens the way to understanding the disabled not as objects to be fixed but as teachers whose lives

can transform others and open a new way of being human *Making Room, 25th anniversary edition* Christine D. Pohl, 2024-01-16 Hospitality is the heart of Christian ministry To the early Christians hospitality was central to the gospel mission This hospitality did not consist of entertaining neighbors but welcoming the stranger especially those who could not return the favor Yet despite urgent need hospitality has fallen by the wayside Christine Pohl s classic work *Making Room* first spoke to this issue in 1999 And it is just as relevant today with the refugee crisis the rise in homelessness and growing loneliness and isolation This revitalized edition with a new foreword and afterword by the author introduces the theology of hospitality to a new generation Pohl combines rich biblical and historical research with experience in contemporary Christian communities including the Catholic Worker L Abri Good Works Inc and others Pragmatic and thoughtful Pohl deals frankly with both the blessings and the boundaries of hospitality Readers will find a wealth of wisdom to revive authentic hospitality in their ministry *A Theological Diagnosis* Matt Edmonds, 2011-06-15 Matt Edmonds makes a vital critique of contemporary efforts to remove disability from the world around us Surveying the logic and language of both secular and religious health movements he highlights the misplaced generalisations and dubious values that cumulatively serve to undermine individual inclusion and well being on a day to day basis ***The Whole Heaven Catalog*** Marcia Kelly, Jack Kelly, 1998 A resource guide to products services arts crafts and festivals of religious spiritual and cooperative
