Manzano,2017-12-12 This latest contribution to the understanding of the Bible s final book will be a welcomed addition to anyone s personal library The author is quick to admit that Revelation has many strange images and perplexing elements However he is just as quick to stress that these images and elements are not the focus The Apostle John in writing this apocalyptic volume centers the attention on Jesus Christ the only hope for those who have accepted Him as Lord and Savior as well as those who still need to Many people know Revelation for its striking confusing symbolism Many of these people would experience less confusion if they realized that most of these symbols are borrowed by the beloved disciple from other parts of the Bible Manzano is faithful and responsible in allowing the Bible to interpret itself and establishing the Old Testament especially the book of Daniel as the foundation for decoding Revelation s mysteries As Bible prophecy continues to unfold and this world continues to unravel like a cheap sweater the frustration and turmoil that ensues will dissipate by the encouraging tone of this book Readers are subsequently prompted to dive into Revelation and study afresh to reconnect with the Lamb King around whom its messages revolve

Understanding the New Testament and the End Times, Second Edition Rob Dalrymple,2018-04-16 Many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church nor of the scholarly world today For some this has led to a disillusionment with eschatological speculations For others the results are apathy and a failure to understand the mission of God s people This is tragic For when the entirety of the New Testament is read and understood from an eschatological perspective the grand narrative of Scripture and its fulfillment in Jesus comes clearly into focus A proper

framework for understanding eschatology directly correlates to a proper understanding of the mission of God's people who are themselves carrying forth the biblical story as we approach the New Jerusalem To fail to comprehend eschatology is to fail to comprehend our mission This book has two objectives First to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview Second to demonstrate that a proper eschatological framework relates to the mission of God's people and the demand for holiness Thus eschatology matters **The God Dilemma V. Thomas, 2009-08 Today's modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write Modern science can test the strength of one's faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past Deep religious experiences or self-induced delusions can be explained by physical psychological biological and medical sciences today Evil or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God To quote Mark Twain Faith is to believe in what you know for sure is not true The GOD Dilemma is an unscientific investigation to justify believing in religion today and in particular the Christian faith It argues that scientific and logical discussions about religion and the existence of God are futile however we cannot stop thinking about it Humans are maybe born with a faith in God's existence and with a conscience that tells them which is morally and ethically right and which is not Author Thomas used to believe in religion God and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years he never consciously discarded his Christian faith He now shares his investigations and attempts to believe in Jesus Christ once again despite today's knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians In the international scene Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity The new phenomenon called Christian Zionism which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of Christ categorically contradicts the teachings of Jesus in the four Gospels Zionism is based on the Old Testament Bible OTB and Revelations in the New Testament both of which are scientifically ridiculous The OTB is also historically questionable about a God interacting with his only chosen people in Middle East and morally criminal God sponsored and assisted armed robbery and genocide to create Israel ancient and modern by today's legal and ethical standards Why has the life and teachings of Jesus Christ not produced universal love and non violence among Christians Why are American Christians the most active supporters of or not speaking out against the wars bombing and destruction by the USA since WWII Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt What were the reasons for anti-Semitism and the Holocaust in Christian Europe of the past Why is the European Union and the US punishing the Palestinians for the Holocaust crimes in Europe Can God's orders in the Bible be legally used by the United Nations to recreate Israel again in

the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in today s enlightened age using the source of the Christian religion the Bible
