Armies In The Sand The Struggle For Mecca And Medina:

Armies in the Sand John Sabini, 1981-01-01 Cities of God and Nationalism Khaldoun Samman, 2015-12-03 A tour de force in different fields of knowledge It takes world city and world history literatures to a higher level of depth and understanding It is difficult to imagine a more pioneering in depth study of world cities Ramon Grosfoguel Professor Department of Ethnic Studies University of California Berkeley A remarkable and original discussion of three great sacred cities across time and their transformation by nationalism in the modern world Immanuel Wallerstein Yale University Far from spawning an age of tolerance modernity has created the social basis of division and exclusion This book elaborates this provocative claim as it explores the rich but divided histories of three cities located at the crossroads of Islam Christianity and Judaism Many observers presume that violence is built into these sacred cities because their citizens cling to religious or cultural ideals of some archaic age only when this history is overcome can citizens enter a new age of brotherhood Samman persuades us to refocus our attention on modernity which has instilled troubling dilemmas from the outside He shows how these sacred places long ago entered the modern world where global political and economic forces exacerbate nationalism and regional divisions If we are to resolve deep conflicts we must re imagine the institutional basis on which modernity rather than religion is built **A Shi'ite Pilgrimage to Mecca, 1885-1886** Mirzâ Mohammed Hosayn Farâhâni, 2015-01-28 Western accounts of the Hajj the ritual Muslim pilgrimage to Mecca are rare since access to Mecca is forbidden to non Muslims In the Muslim world however pilgrimage literature is a well established genre dating back to the earliest centuries of the Islamic era A Shi ite Pilgrimage to Mecca is taken from the original nineteenth century Persian manuscript of the Safarn meh of Mirz Mo ammad osayn Far h ni a well educated keenly observant Iranian Shi ite gentleman This memoir holds a wealth of social and economic information about Czarist Russia the Ottoman Empire Egypt Northern Iran and Arabia The author is a meticulous observer recording details of distances currencies accommodations modes of travel and so on He records the experiences encountered by pilgrims of his day physical hardships disease generosity and compassion banditry hospitality comradeship and exaltation And without prejudice he discusses the tensions between the Shi ites and the Sunnites in the holy places tensions that still exist and have erupted in bloody clashes during recent pilgrimages A Shi ite Pilgrimage to Mecca will appeal to a wide audience of general readers Middle Eastern scholars anthropologists and historians War on Sacred Grounds Ron E. Hassner, 2010-12-15 Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims Holy places thus create the potential for military theological or political clashes not only between competing religious groups but also between religious groups and secular actors In War on Sacred Grounds Ron E Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested he also proposes potential means for

managing these disputes Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount Haram el Sharif leading to the clashes of 2000 and the competing claims of Hindus and Muslims at Ayodhya which resulted in the destruction of the mosque there in 1992 He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979 Sacred sites he contends are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided The management of conflicts over sacred sites requires cooperation Hassner suggests between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers Because a reconfiguration of sacred space requires a confluence of political will religious authority and a window of opportunity it is relatively rare Drawing on the study of religion and the study of politics in equal measure Hassner's account offers insight into the often violent dynamics that come into play at the places where religion and politics collide **Sacred Law in the Holy City**

Judith Mendelsohn Rood, 2020-11-09 The Muslim community's political and socio economic role in Jerusalem under Ottoman administration during the 1830s is analyzed in this volume from a natural law perspective A bitter political contest between Sultan Mahmud II and Muhammad Ali Pasha resulted in the military occupation of Syria and imposition of a brutal new political and legal regime which crushed the indigenous elites of southern Syria Through a careful analysis of the archives of the Islamic law court of Jerusalem the study offers a fresh appraisal of how the Ottoman Empire ruled Jerusalem and considers the Muslim response elucidating the reasons for the breakdown of their relations with non Muslim Ottoman subjects and differentiating the Ottoman understanding of law and government from that of their enemies the Wahhabis

One Thousand Roads to Mecca Michael Wolfe, 2015-09-29 Wolfe does an exemplary job of detailing the ceremonies performed at Mecca and the reasons behind them Highly recommended Library Journal starred review This updated and expanded edition of One Thousand Roads to Mecca collects significant works by observant travel writers from the East and West over the last ten centuries including two new contemporary narratives creating a comprehensive multifaceted literary portrait of the enduring tradition Since its inception in the seventh century the pilgrimage to Mecca has been the central theme in a large body of Islamic travel literature Beginning with the European Renaissance it has also been the subject for a handful of adventurous writers from the West who through conversion or connivance managed to slip inside the walls of a city forbidden to non Muslims These very different literary traditions form distinct impressions of a spirited conversation in which Mecca is the common destination and Islam the common subject of inquiry Along with an introduction by Reza Aslan featured writers include Ibn Battuta J L Burckhardt Sir Richard Burton the Begum of Bhopal John F Keane Winifred Stegar Muhammad Asad Lady Evelyn Cobbold Jalal Al e Ahmad and Malcolm X One Thousand Roads to Mecca is a historically geographically and ethnically diverse collection of travel writing that adds substantially to the literature of Islam and the West Serves as an excellent introduction to a religion people culture and philosophy Santa Cruz Sentinel **The Wahhabis**

seen through European Eyes (1772-1830) Giovanni Bonacina, 2015-03-31 In *The Wahhabis seen through European Eyes 1772-1830* Giovanni Bonacina offers an account of the early reactions in Europe to the rise of the Wahhabi movement in Arabia. Commonly pictured nowadays as a form of Muslim fundamentalism, the Wahhabis appeared to many European witnesses as the creators of a deistic revolution with serious political consequences for the Ottoman ancien régime. They were seen either in the light of contemporary events in France or as Islamic theological reformers in the mould of Calvin, opposing an established church and devotional traditions. These audacious but fascinating attempts to interpret the unknown by way of the better known are illustrated in Bonacina's book. ***The Future of Islam*** Wilfred Scawen Blunt, 2013-12-19 When it first appeared in 1882, this book was a pioneering work in every respect. It was the first coherent study of modern Islam, explaining in a simple and functional manner its tenets and roots, the diversity of its cultural and political experience, and its dynamism and potential for good in the modern world. This was at a time when the Muslim world was perceived by most people in the West as inert and spent, caught in an irredeemable malaise of its own making. Blunt's attitude, shaped by several factors and sharpened by personal knowledge of important parts of the Muslim world and close association with many leading reformers, in it was unprecedented and startling at the time. This new edition includes an Introduction and numerous footnotes updating statistics, explaining the background to historical events and religious and political figures, and filling in gaps. ***Saudi Arabia, a Country Study*** American University (Washington, D.C.). Foreign Area Studies, 1984

The Killing of Dr. Albrecht Roscher J. W. Heldring, 2011-11-30 Africa in the mid nineteenth century was still very much an unknown continent, its vast lands a source of unceasing interest and mystery to the white man. This was the age of discovery, the decades before the fascination wore off and the scramble for Africa began in earnest. Explorers such as Burton, Speke and Livingstone were the names on everyone's lips. In this climate Albrecht Roscher grew up to be an outstanding young scholar whose interest in the works of classical writers such as Ptolemy and Herodotus inspired in him a love of geography, science and biology, which the achievements of Burton and others only served to inflame. Africa beckoned. However little did he imagine as he left Germany for the shores of East Africa that he would never return. His murder before he managed to fulfill his ambitions has ensured that he has been largely consigned to a footnote in the history of African exploration. In *The Killing of Dr. Albrecht Roscher* Heldring sets out to redress the balance in what is a fitting tribute to a man who had he lived longer might have gone on to rival the achievements of Burton, Livingstone and the other great explorers of that age. ***World and Its Peoples*** Marshall Cavendish, 2006-09 Describes the geography, people, culture and politics of the countries of the Middle East, Central Asia and North Africa. ***Encyclopedia of the Ottoman Empire*** Gábor Ágoston, Bruce Alan Masters, 2009 Presents a comprehensive A to Z reference to the empire that once encompassed large parts of the modern day Middle East, North Africa and southeastern Europe. ***A Brief History of Egypt*** Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics, economics, social and cultural developments from ancient times to the present. *Prophets and Princes*
