Armies Of The Carthaginian Wars 265 46 Bc:

Armies of the Carthaginian Wars Terence Wise, Richard Hook, 1996 Truceless War ,2007-09-30 The revolt of Carthage's mercenaries and oppressed Libyan subjects in 241 237 BC nearly ended her power and even existence This truceless war unrivalled for its savagery was fought over most of Punic North Africa and spread to Sardinia It brought to power in Carthage Hamilcar Barca father of Hannibal whose generalship though flawed was critical to Carthage's final victory The main narrative by the Greek historian Polybius a century later is vividly evocative inspiring Flaubert's novel Salammbô yet repeatedly unclear on military and geographical details the extent and structure of the rebel coalition and chronology Truceless War analyses Polybius and other sources to present a coherent and absorbing study of the war's causes and events and of Polybius historiographical methods *Cornelius Nepos, Life of Hannibal* Bret Mulligan, 2015-10-05 Trebia Trasimene Cannae With three stunning victories Hannibal humbled Rome and nearly shattered its empire Even today Hannibal's brilliant if ultimately unsuccessful campaign against Rome during the Second Punic War 218 202 BC make him one of history's most celebrated military leaders This biography by Cornelius Nepos c 100 27 BC sketches Hannibal's life from the time he began traveling with his father's army as a young boy through his sixteen year invasion of Italy and his tumultuous political career in Carthage to his perilous exile and eventual suicide in the East As Rome completed its bloody transition from dysfunctional republic to stable monarchy Nepos labored to complete an innovative and influential collection of concise biographies Putting aside the detailed chronological accounts of military campaigns and political machinations that characterized most writing about history Nepos surveyed Roman and Greek history for distinguished men who excelled in a range of prestigious occupations In the exploits and achievements of these illustrious men Nepos hoped that his readers would find models for the honorable conduct of their own lives Although most of Nepos' works have been lost we are fortunate to have his biography of Hannibal Nepos offers a surprisingly balanced portrayal of a man that most Roman authors vilified as the most monstrous foe that Rome had ever faced Nepos' straightforward style and his preference for common vocabulary make *Life of Hannibal* accessible for those who are just beginning to read continuous Latin prose while the historical interest of the subject make it compelling for readers of every ability **Greek Hoplite 480-323 BC** Nicholas Sekunda, 2000-12-25 The Greek hoplite the archetypal spear armed warrior is perhaps the most prevalent figure in our view of the Golden Age of Ancient Greek civilisation It was during this period that the state began to take greater responsibility for military organisation and the arming and equipping of its citizens From the victory at Marathon over Darius of Persia 490 BC through bitter inter state warfare to the rise of Philip of Macedonia and his son Alexander the Great the hoplite soldier was in the front line This title narrates the life and experiences of the common Greek warrior how he was recruited trained and fought and also looks in detail at how his weapons armour shields and helmets developed in the course of time US Cavalry on the Plains 1850-90 Philip Katcher, 1985 Two events in the 19th century turned the minds of Americans westwards

towards eventual and inevitable conflict with the Plains Indians The first was victory in the Mexican American War which brought millions of acres of new land in the West The second was the discovery of gold in California One of the results of this migration was conflict with the Indians who inhabited the Plains So it was natural that the Army the nation s armed peace keepers should be sent to garrison the West This book by Philip Katcher tells the absorbing story of the US cavalrymen who patrolled the Plains from 1850-90 *The Israeli Army in the Middle East Wars 1948-73* John Laffin, Mike

Chappell, 1982-07-29 Israel assumes in advance that defeat in war means an end to the Jewish nation and it wages war accordingly This fact influences the Israeli approach to its army and to the strategy tactics training and conduct of war Surrounded by hostile nations Israel has fought six victorious wars between 1948 and 1973 For a force which began as an irregular impoverished and improvised group this is a formidable record Backed by plenty of photographs and eight full page colour plates this fine text examines the six wars fought between 1948-73 including the extraordinary Israeli victory of 1967

Armies of the Carthaginian Wars 265-146 BC Terence Wise, 1982-03-25 The epic conflict between Rome and Carthage remains one of the most compelling stories of military history The wars included such legendary events as the crossing of the Alps by Hannibal and the Battle of Cannae Terence Wise s fine text details the armies of both sides of the wars including the many different allied troops employed by the Carthaginians Numidians Celts Spanish and others who helped make the army one of the most colourful and cosmopolitan of its day The text is accompanied by numerous illustrations and photographs including eight full page colour plates by Richard Hook **The Logistics of the Roman**

Army at War Jonathan Roth, Jonathan P. Roth, 1999 This work is devoted to a study of Roman logistics from the Punic Wars through the Principate It explores various aspects of supply rations trains foraging supply lines administration and logistics in warfare The book traces the increasing sophistication of the Roman military supply system **Subject Guide to Books in Print**, 1991 **Great Captains of Antiquity** Richard A. Gabriel, 2000-11-30 Gabriel expands upon the groundbreaking

work of B H Liddell Hart s Great Captains by offering detailed portraits of six great captains of the ancient world who met the challenges of their age and shaped the future of their societies and civilization itself through their actions He analyzes the lives of Thutmose III of Egypt Sargon II of Assyria Philip II of Macedon Hannibal of Carthage Scipio Africanus of Republican Rome and Caesar Augustus of Imperial Rome for the lessons contemporary leaders particularly military leaders can learn While all were great military men with the exception of Caesar Augustus they were also great political leaders who in this capacity more often than through their feats of arms shaped their societies All were educated men and all possessed the quality of imaginative reasoning A provocative analysis for scholars students and general readers of military history and the ancient world Military personnel will find the parallels to current military organization and thinking particularly valuable

Legion Versus Phalanx Myke Cole, 2020-01-21 Taking a populist approach to a serious subject Myke Cole combines a novelist s flair for drama with an ancient historian s eye for detail to create a unique book that delves into one of the most

popular areas of the Ancient World From the time of Ancient Sumeria the heavy infantry phalanx dominated the battlefield Armed with spears or pikes standing shoulder to shoulder with shields interlocking the men of the phalanx presented an impenetrable wall of wood and metal to the enemy Until that is the Roman legion emerged to challenge them as masters of infantry battle Covering the period in which the legion and phalanx clashed 280 168 BC Myke Cole delves into their tactics arms and equipment organization and deployment Drawing on original primary sources to examine six battles in which the legion fought the phalanx Heraclea 280 BC Asculum 279 BC Beneventum 275 BC Cynoscephalae 197 BC Magnesia 190 BC and Pydna 168 BC he shows how and why the Roman legion with its flexible organization versatile tactics and iron discipline came to eclipse the hitherto untouchable Hellenistic phalanx and dominate the ancient battlefield Hannibal Richard A. Gabriel, 2011-02-28 The Romans destruction of Carthage after the Third Punic War erased any Carthaginian historical record of Hannibal s life What we know of him comes exclusively from Roman historians who had every interest in minimizing his success exaggerating his failures and disparaging his character The charges leveled against Hannibal include greed cruelty and atrocity sexual indulgence and even cannibalism But even these sources were forced to grudgingly admit to Hannibal s military genius if only to make their eventual victory over him appear greater Yet there is no doubt that Hannibal was the greatest Carthaginian general of the Second Punic War When he did not defeat them outright he fought to a standstill the best generals Rome produced and he sustained his army in the field for sixteen long years without mutiny or desertion Hannibal was a first rate tactician only a somewhat lesser strategist and the greatest enemy Rome ever faced When he at last met defeat at the hands of the Roman general Scipio it was against an experienced officer who had to strengthen and reconfigure the Roman legion and invent mobile tactics in order to succeed Even so Scipio s victory at Zama was against an army that was a shadow of its former self The battle could easily have gone the other way If it had the history of the West would have been changed in ways that can only be imagined Richard A Gabriel s brilliant new biography shows how Hannibal s genius nearly unseated the Roman Empire **Le armi che hanno cambiato la storia di Roma antica** Marco

Lucchetti, 2018-01-25 La forza armata pi potente dell antichit e le armi che l hanno resa immortale Il racconto avvincente dell esercito romano attraverso le armi che lo resero imbattibile L esercito romano considerato la forza armata pi potente e preparata che la storia dell antichit abbia mai visto Le legioni furono sicuramente il motore che avvi la conquista del mondo allora conosciuto e lo scudo che difese per secoli i suoi domini Questi addestratissimi soldati impiegarono armi micidiali molte derivate dai popoli con cui vennero a contatto o di cui assorbirono le tradizioni Nella narrazione viene dato ampio spazio anche alla Marina Militare spesso dimenticata che tanto contribu alla realizzazione di un impero globale e alla creazione di una delle pi grandi talassocrazie della storia Un racconto sulla storia militare di Roma con la descrizione del suo esercito da Romolo VIII secolo a C a Maurizio VI secolo d C passando per il mitico re Art affiancato da un esauriente cronologia delle guerre combattute e dall elenco delle legioni pi famose Evoluzione riforme invenzioni ingegneria manualit e
