The Arms Trade, Security and Conflict Paul Levine, Ron Smith, 2003-05-15 The Arms Industry is an area that is of huge concern to many people around the world The economics of this hugely important industry are a vital strand that needs to be understood This volume brings together contributors from all over the globe such as Todd Sandler and Keith Hartley and focuses on the important issues surrounding the Arms Trade *The International Arms Trade* Rachel Stohl, Suzette Grillot, 2009-11-09 This book explores the complexities and realities of the global conventional weapons trade It traces the history of the arms trade and examines how it has evolved since the end of the Cold War In particular the role of the largest arms exporters and importers and the business of selling conventional arms around the world are assessed and new light is shed on the illicit arms trade and the shadowy dealers who profit from their deadly commerce The book also looks closely at the devastating effect the business can have on countries societies and individuals and concludes with an evaluation of the various existing control strategies and the potential for future control opportunities Book Jacket *Arms Trade and Conflict-Resolution*. Swedish Red Cross "*Arms Export, International Security and Humanitarian Commitment*", 1992

Research Handbook on the Arms Trade Andrew T.H. Tan, 2020-12-25 This comprehensive Research Handbook examines the key drivers of the arms trade mapping the main trends in Asia Europe the Middle East Africa and Latin America It also explores the principal defence markets internationally including the US China India Russia and the UK in greater detail *Handbook of Defense Economics* Todd Sandler, Keith Hartley, 2007-04-12 The second volume of the Handbook of Defense Economics addresses defense needs practices threats and policies in the modern era of globalization This new era concerns the enhanced cross border flows of all kinds e g capital and labor flows revolutionary rhetoric guerrillas and terrorists including the spillovers of benefits and costs associated with public goods and transnational externalities i e uncompensated interdependencies affecting two or more nations These ever increasing flows mean that military armaments and armies are less able to keep out security threats Thus novel defense and security barriers are needed to protect borders that are porous to terrorists pollutants political upheavals and conflicts Even increased trade and financial flows imply novel security challenges and defenses Globalization also underscores the importance of a new set of institutions e g the European Union and global governance networks and agents e g nongovernmental organizations and partnerships This volume addresses the security challenges in this age of globalization where conflicts involve novel tactics new technologies asymmetric warfare different venues and frightening weapons Volume 2 contains topics not covered in volume 1 i e civil wars peacekeeping economic sanctions the econometrics of arms races conversion peace economics and the interface of trade

peace and democracy Volume 2 also revisits topics from volume 1 where there has been a significant advancement of knowledge i e conflict analysis terrorism arms races arms trade military manpower and arms industries All of the main securities concerns of today are analyzed Chapters are written by the leading contributors in the topic areas Up to date surveys on the pressing defense issues theoretical empirical and policy issues Coverage of theoretical and empirical studies of terrorism Contributions by the leading researchers in the field of defense economics *Taking Aim at the Arms Trade* Doctor Anna Stavrianakis,2013-07-18 Taking Aim at The Arms Trade NGOs Global Civil Society and the World Military Order takes a critical look at the ways in which NGOs portray the arms trade as a problem of international politics and the strategies they use to effect change NGOs have been pivotal in bringing the suffering caused by the arms trade to public attention documenting its negative impact on human rights conflict security and development around the world and pushing for measures to control or eradicate the trade Overall however their activity has helped sideline debate on Northern military predominance while facilitating intervention in the South based on liberal understandings of the arms trade conflict development and human rights They thus contribute to the perpetuation of a hierarchical world military order and the construction of the South as a site of Northern benevolence and intervention Stavrianakis exposes the tensions inherent in NGOs engagement with the arms trade and argues for a re examination of dominant assumptions about NGOs as global civil society actors *International Conflict and Security Law* Laurie R. Blank,2023-02-14 This incisive book provides an extensive analysis of the robust array of international law applicable across the spectrum of international conflict and security With a particular focus on new and emerging technologies and domains such as cyber and outer space Laurie Blank illustrates how international conflict and security law applies to 21st century challenges **Arms Trade and Nonproliferation** United States. Congress. Joint Economic Committee. Subcommittee on Technology and National Security,1992 **Non-Proliferation Export Controls** Daniel Joyner,2017-03-02 This volume provides a comprehensive and interdisciplinary examination of the Multilateral Non Proliferation Export Control system and the national and international context within which it functions Key features **Conflict and Security in Africa** Rita Abrahamsen,2013 Spanning the period from the cold war to the war on terror examines the political economy dynamics of security and insecurity on the continent as well as its implications for political actions More than any other part of the globe Africa has become associated with conflict insecurity and human rights atrocities In the popular imagination and the media overpopulation environmental degradation and ethnic hatred dominate accounts of African violence while in academic and policy making circles conflict and insecurity have also come to occupy centre stage with resource hungry warlords and notions of greed and grievance playing key explanatory roles Since the attacks of 9 11 there has also been mounting concern that the continent s so called ungoverned spaces will provide safe havens for terrorists intent on destroying Western civilization The Review of African Political Economy has engaged extensively with issues of conflict and security both analysing on going conflicts and often

challenging predominant modes of explanation and interpretation This Review of African Political Economy Reader provides a timely comprehensive and critical contribution to contemporary debates about conflict and security on the continent The first section covers some of the continent's main post Cold War conflicts and demonstrates their global connections The articles also discuss the so called resource curse as well as the global arms trade and reveal the complexities of the relationship between the economic and the political The second section focuses on security as part of post Cold War global governance and discusses the effects of liberal peace building as well as the link between development assistance and the war on terror The final section examines life as it continues in conditions of war and shows how insecurity reconfigures urban space transforms social order identities and authority Rita Abrahamsen is Professor in the Graduate School of Public and International Affairs University of Ottawa Canada Published in association with ROAPE ROAPE African Readers Series Editors Tunde Zack Williams Ray Bush Governance and Border Security in Africa Celestine Oyom Bassey, Oshita O. Oshita, 2010 The need therefore for effective governance through border security regimes arises from the intractable challenges of conflict management as a core objective of multilateral institutions and non governmental agencies in global governance Thus governance along the Frontier has come to be marked by density and complexity This density and complexity in frontier relations under score the disciplinary concern for border governance Book Jacket *Arms Trade and Nonproliferation: March 13, 1992* United States. Congress. Joint Economic Committee. Subcommittee on Technology and National Security, 1992 Advanced Introduction to International Conflict and Security Law Nigel D. White, 2023-03-02 This updated and revised second edition of Advanced Introduction to International Conflict and Security Law provides a concise and insightful guide to the key principles of international law governing peacetime security arms control the use of force armed conflict and post conflict situations Nigel D White explores the complex legal regimes that have been created to control levels of armaments to limit the occasions when governments can use military force to mitigate the conduct of warfare and to build peace *International Security Studies* Peter Hough, Andrew Moran, Bruce Pilbeam, Wendy Stokes, 2015-02-20 This new textbook provides students with a comprehensive and accessible introduction to the subject of security studies with a strong emphasis on the use of case studies In addition to presenting the major theoretical perspectives the book examines a range of important and controversial topics in modern debates covering both traditional military and non military security issues such as proliferation humanitarian intervention food security and environmental security Unlike most standard textbooks the volume also offers a wide range of case studies including chapters on the USA China the Middle East Russia Africa the Arctic the Middle East Europe and Latin America providing detailed analyses of important global security issues The 34 chapters contain pedagogical features such as textboxes summary points and recommended further reading and are divided into five thematic sections Conceptual and Theoretical Military Security Non Military Security Institutions and Security Case Studies This textbook will be essential reading for all students of security

studies and highly recommended for students of critical security studies human security peace and conflict studies foreign policy and International Relations in general **The Oxford Handbook of Women, Peace and Security** Sara E. Building Global Security Through Cooperation Joseph Rotblat, John P. Holdren, 2012-12-06 1989 was by any standards an extraordinary year the year in which the Cold War ended However although much has changed much remains unresolved or not changed at all Even though the rationale for the huge military forces has been removed from the East West relationship these forces still retain a tremendous potential to do harm Moreover threats to peace may grow along North South and South South axes An example of such a threat is the rapid growth in size and sophistication of military arsenals in

the South The contributions to this volume make it clear that the problems of East and West North and South are intertwined Security can be gained only through cooperation The contributors who come from widely differing geographical cultural and political backgrounds all share the Pugwash tradition of scientific objectivity
