*Arnold Bennett* Walter F. Wright, 1971      *Arnold Bennett: Romantic Realist* Walter Francis Wright, 1971      *Modernism, Modernity, and Arnold Bennett* Robert Squillace, 1997 This book delineates the unique role of Arnold Bennett in the transformation of the British novel from the aesthetic psychological and sociopolitical assumptions of modernity to those of modernism Early in his career Bennett believed that the rejection of inherited traditions and authorities that was promulgated by such champions of modernity as Darwin Marx and even Herbert Spencer would culminate in an assertion of personal autonomy Bennett eventually assimilated the modernist critique of modernity which discovered with the help of Freud and the First World War an intractable human irrationality that expressed itself in the most apparently reasonable schemes for human improvement

**Naturalist Fiction** David Baguley, 1990 This is the first major study of naturalist fiction as a distinct literary genre It focuses mainly on French naturalist literature analysing a number of key works in detail but also draws examples from other national traditions particularly from the English novel Professor Baguley questions and revises many traditional assumptions on important theoretical issues such as the nature of literary history the concepts of realism and naturalism and the relations between science and literature He demonstrates the prevalence of certain recurrent generic patterns themes and techniques in the general body of naturalist literature ranging from disquieting tragic developments to the most outrageous ironic and parodic effects He argues persuasively that far from being a mere record of the external aspects of reality naturalist fiction is a literature of scandalous provocation which employs the strategies of realist art to convey a profoundly disturbing vision of that reality
