Around America:

Homeless Across America Kevin E. Lake, 2008-04-29 Homeless Across America is the story of a man who went from being a successful stock broker and family man to being a homeless vagabond traveling around the country and living out of the back of his truck Lake's journey took him to the homes of some of our greatest Presidents such as George Washington Abraham Lincoln and Harry Truman He walked the fields of several decisive battles that occurred on our nation's soil such as the Battle of New Orleans and the fight at the Alamo He traveled much of the very coarse that the Lewis and Clark expedition had traveled more than two hundred years ago while mapping out our nation Lake's travels and the experiences they provided for him played a bigger part in his personal life as well They helped him overcome many of the negative feelings he had about his own personal circumstances by causing him to realize that practically anyone who had ever lived as opposed to simply exist had gone through some sort of turmoil in their past but had made it through to go on to see brighter days

Trekking Across America Lyell D Jr Henry, 2024 For several decades following the end of the Civil War the most popular sport in the United States was walking Professional pedestrians often covered 500 miles or more for up to six grueling days and nights in pursuit of large money prizes in competitions held in big city arenas Walking was also a favorite amateur sport newspapers often noted a pedestrian mania or walking fever that only began to give way in the mid 1880s to fast rising crazes for baseball bicycling and roller skating As competitive walking faded however another kind of walking that had also begun in the late 1860s came to full flower Between 1890 and 1930 hundreds of men women even children and entire families were on the nation's roads and railroad tracks trekking between widely separated points frequently New York and San Francisco and sometimes moving in unusual ways such as on roller skates or by walking barefooted backwards on stilts or while rolling a hoop To finance their attention seeking journeys many sold souvenir postcards Although they claimed various reasons for making these treks for most the treks clearly were a means of personal

expression The public usually found these performers entertaining but public officials and newspaper editors often denounced them as nuisances or frauds Tapping vintage postcards and old newspaper articles this is the first book to bring back to view this once familiar feature of American life Following a prologue providing background and context five chapters address different aspects of this trekking phenomenon In 106 illustrations and seventy six vignettes some poignant many amusing all engaging the book provides a fair representation of the many trekkers who moved across the country during those years An epilogue offers some final musings about those trekking performers and their place in the annals of American popular culture
