sickles of the reapers they spoke of Sif the golden haired wife of Thor the queen of the pastures and the fields When the seasons were mild and the harvests were plentiful and peace and gladness prevailed they blessed Frey the giver of good gifts to men To them the blue sky dome which everywhere hung over them like an arched roof was but the protecting mantle which the All Father had suspended above the earth The rainbow was the shimmering bridge which stretches from earth to he aven The sun and the moon were the children of a giant whom two wolves chased forever around the earth The stars were sparks from the fire land of the south set in the heavens by the gods Night was a giantess dark and swarthy who rode in a car drawn by a steed the foam from whose bits sometimes covered the earth with dew And Day was the son of Night and the steed which he rode lighted all the sky and the earth with the beams which glistened from his mane *Hearings* United States.
