The Art, History and Architecture of Florentine Churches Susan Bracken, 2016-12-14 Churches and palaces in Florence have been the subject matter of book length often multi volume studies over the centuries This book is a compendium of the main churches in Florence and has been written with two distinct audiences in mind English speaking students of Renaissance art architecture literature and history and the well read traveller to Florence who wishes to place the works of art and architecture into the wider context of Italian culture The choice of churches discussed here was influenced by the author's experience as teacher for several university programmes on site in Florence The buildings described and analysed are those which students will most likely encounter in the course of their study abroad stay in Florence whether they wish to specialise in art architecture or the history of the Florentine Renaissance This book represents a textbook that offers concise information on the history art and architecture of 25 of the main Florentine churches provides plans and photos of the facades and introduces the student to some of the most important vocabulary and the main textual sources of the thirteenth to the seventeenth centuries

The History of Florence in Painting Antonella Fenech Kroke, 2013-12-10 A landmark hardcover slipcased volume that tells the story of the archetypal Renaissance city anew through its art Placed at the heart of Italy Florence was already in the Middle Ages a center of commerce and fine craftsmanship Spurred on by a few powerful dynasties of merchants and financiers above all the Medici but also the Strozzi the Pitti and others the city became the leading force in the Renaissance of the arts literature and science Challenging the primacy of the Venetian Republic and even the city of the Popes Florence attained a glory that was reflected down through the later centuries of Medici rule And Florence was all along a city of painters who recorded its sights the likenesses of its leaders and luminaries its battles civic myths and patron saints and of course the changing tastes of their Tuscan patrons In this magnificent volume are assembled a wide variety of artworks both familiar and rarely seen that interwoven with an authoritative text illustrate the eventful history of Florence from the age of Cimabue and Giotto through the High Renaissance of Leonardo and Michelangelo to the Mannerism of Vasari and Bronzino and even to the era of modern travelers like Sargent and Degas The History of Florence in Painting is a feast for the eyes and the intellect and worthy companion to the previous volumes in this series The History of Venice in Painting The History of Paris in Painting and The History of Rome in Painting

Images and Identity in Fifteenth-century Florence Patricia Lee Rubin, 2007-01-01 An exploration of ways of looking in Renaissance Florence where works of art were part of a complex process of social exchange Renaissance Florence of endless fascination for the beauty of its art and architecture is no less intriguing for its dynamic political economic and social life In this book Patricia Lee Rubin crosses the boundaries of all these areas to arrive at an

original and comprehensive view of the place of images in Florentine society The author asks an array of questions Why were works of art made Who were the artists who made them and who commissioned them How did they look and how were they looked at She demonstrates that the answers to such questions illuminate the contexts in which works of art were created and how they were valued and viewed Rubin seeks out the meeting places of meaning in churches in palaces in piazzas places of exchange where identities were taken on and transformed often with the mediation of images She concentrates on questions of vision and visuality on seeing and being seen With a blend of exceptional illustrations close analyses of sacred and secular paintings by artists including Fra Angelico Fra Filippo Lippi Filippino Lippi and Botticelli and wide ranging bibliographic essays the book shines new light on fifteenth century Florence a special place that made beauty one of its defining features

The Palazzi of Florence Leonardo Ginori Lisci, 1985 **Art and Violence in Early Renaissance Florence** Scott Nethersole, 2018-07-17 This study is the first to examine the relationship between art and violence in 15th century Florence exposing the underbelly of a period more often celebrated for enlightened and progressive ideas Renaissance Florentines were constantly subjected to the sight of violence whether in carefully staged rituals of execution or images of the suffering inflicted on Christ There was nothing new in this culture of pain unlike the aesthetic of violence that developed towards the end of the 15th century It emerged in the work of artists such as Piero di Cosimo Bertoldo di Giovanni Antonio del Pollaiuolo and the young Michelangelo Inspired by the art of antiquity they painted engraved and sculpted images of deadly battles ultimately normalizing representations of brutal violence Drawing on work in social and literary history as well as art history Scott Nethersole sheds light on the relationship between these Renaissance images violence and ideas of artistic invention and authorship
