Paul Hammond

Art And Its Shadow:

Art & Its Shadow Mario Perniola, 2004-05-01 Art and its Shadow is an extraordinary analysis of the state and meaning of contemporary art and film Ranging across the work of Andy Warhol cyberpunk Wim Wenders Derek Jarman thinking on difference and the possibility of a philosophical cinema Mario Perniola examines the latest and most disturbing tendencies in art Perniola explores how art notably in posthumanism psychotic realism and extreme art continues to survive despite the hype of the art market and the world of mass communication and reproduction He argues that the meaning of art in the modern world no longer lies in aesthetic value above the art work nor in popular taste below the art work but beside the artwork in the shadow created by both the art establishment and the world of mass communications In this shadow is what is left out of account by both market and mass media the difficulty of art a knowledge that can never be fully revealed and a new aesthetic future *Art and Its Shadow* Mario Perniola, 2004

The Shadow and Its Shadow Paul Hammond, 2000-11 The Shadow and Its Shadow is a classic collection of writings by the Surrealists on their mad love of moviegoing The forty odd theoretical polemical and poetical re visions of the seventh art in this anthology document Surrealism s scandalous and nonreductive take on film Writing between 1918 and 1977 the essayists include such names as Andr eacute Breton Louis Aragon Robert Desnos Salvador Dal iacute Luis Bu ntilde uel and man Ray as well as many of the less famous though equally fascinating figures of the movement Paul Hammond s introduction limns the history of Surrealist cinemania highlighting how these revolutionary poets artists and philosophers sifted the silt of commercial often Hollywood cinema for the odd fleck of gold the windfall movie that somehow slipping past the censor questioned the dominant order Such prospecting pivoted around the notion of lyrical behavior as depicted on the screen and as lived in the movie house The representation of such behavior led the Surrealists to valorize the manifest content of such denigrated genres as silent and sound comedy romantic melodrama film noir horror movies As to lived experience moviegoing Surrealists looked to the spectacle s latent meaning reading films as the unwitting providers of redemptive sequences that could be mentally clipped out of their narrative context and inserted into daily life there to provoke new adventures Hammond s book is a reminder of the wealth and range of surrealist writings on the cinema T he work represented here is still challenging and genuinely eccentric locating itself in an ethic of love reverie and revolt Sight Breton which was published by City Lights

The Resurgence: Chronicles of the Shadow Chaser. . Randal J. Belaire, 2010-04-24 For a decade Dr Arthur Brown had been protecting the city of Toronto as the Shadow Chaser But a series of events on one unfortunate night changed his life forever He was able to heal and move on but the Shadow Chaser was no more Now 20 years later that same evil has returned to prey on the innocent Brown with the help of his friend Alexander Taylor prepares for war Brown chooses Kevin Wolf a dispirited seventeen year old damaged by the brutal murder of a loved one to reprise his role But will the new Shadow Chaser be able to fend off the impending darkness or will he descend as did Brown into a self imposed abyss *Cubism in the Shadow of War* David Cottington, 1998-01-01

This groundbreaking book provides a major reassessment of the history and significance of cubism David Cottington examines the cubist movement and sets it within the complex political economic and cultural forces of pre World War I France Cubism as a part of the Parisian artistic avant garde played an integral role in the turbulent Belle Epoque The author focuses on cubisms relation to the particular discourses of nationalism aestheticism gender the social purpose of art that gave meaning to the experience of modernity in Paris in the decade before the war In Part I of the book the author discusses the cubist conjuncture the years that followed the collapse of the Bloc des Gauches The Bloc more than a parliamentary alliance represented an effort of collaboration between the liberal middle class and sectors of the working class led by Parisian intellectuals and artists future cubists among them In the wake of the Blocs failure workers withdrew into trade unionism and artists into aesthetic avant gardism Cottington analyzes this consolidation of the artistic avant garde its relation to the expanding dealer centered art market and the dominant and counter discourses of the day In Part II he considers specific aspects of cubist art and the cubist movement from the conservative modernism of the paintings of Le Fauconnier and Gleizes to the aestheticism of Picassos papiers collés to the collective architectural and interior design project of the cubist house These examples and others Cottington concludes reveal cubism as a contradictory and unstable constellation of interests and practices sometimes complicit with dominant social and political forces sometimes opposed to them but in every case shaped by them

The Cinema and Its Shadow Alice Maurice, 2013-03-15 The Cinema and Its Shadow argues that race has defined the cinematic apparatus since the earliest motion pictures especially at times of technological transition In particular this work explores how racial difference became central to the resolving of cinematic problems the stationary camera narrative form realism the synchronization of image and sound and perhaps most fundamentally the immaterial image the cinema's shadow which figures both the material reality of the screen image and its racist past Discussing early race subjects Alice Maurice demonstrates that these films influenced cinematic narrative in lasting ways by helping to determine the relation between stillness and motion spectacle and narrative drive The book examines how motion picture technology related to race embodiment and authenticity at specific junctures in cinema's development including the advent of narratives feature films and sound In close readings of such films as The Cheat Shadows

and Hallelujah Maurice reveals how the rhetoric of race repeatedly embodies film technology endowing it with a powerful mix of authenticity and magic In this way the racialized subject became the perfect medium for showing off shoring up and reintroducing the cinematic apparatus at various points in the history of American film Moving beyond analyzing race in purely thematic or ideological terms Maurice traces how it shaped the formal and technological means of the cinema

Ethics and Poetics Margrét Gunnarsdóttir Champion, Irina Rasmussen Goloubeva, 2014-04-11 Bringing together international scholars interested in the ethics of fiction this book extends the rich field of ethical literary criticism that has emerged in the last twenty years New ground is broached in that the authors explore literariness itself as constitutive of ethical intimations about the pluralistic community and about egalitarian modes of communication The epistemological point of departure is the ethical thought of modernity as filtered through Hegelian recognition as infinite social responsibility The structure of the anthology reflects this anchoring as the authors investigate modalities of recognition and social regeneration via literary language which effects the transvaluation of values of the collective imaginary and of intermediality This collection is generally concerned with the immanence of intersubjectivity in literature and with how from this immanence new modes of ethical communication are generated The authors of *Ethics and Poetics* clarify how modern narratives in ways akin to yet different from political interrogations such as deconstruction psychoanalysis Marxism and gender studies refine the understanding of the recursive process of recognition thereby disclosing ethico political dimensions of the reading experience The chapters in this anthology share an interest in ethico literary responses to shifts within modernity from communal to transnational imagination All the articles explore how modalities of recognition in modern and contemporary literature deeply affect and potentially regenerate real social spaces

Shadow Work Vincenzo Venezia, Have you ever been afraid to confront your deepest hidden side fearing that uncovering certain truths might change the way you see yourself Do you feel stuck in repetitive patterns as if part of you is always one step behind holding you back Do you long to live a more authentic life but fear looking too deeply into yourself There s a part of you that you ve learned to hide Maybe out of fear maybe to fit in or maybe because no one ever taught you that accepting every part of yourself isn t a weakness it s a strength And yet that part hasn t disappeared It s there in the silence surfacing in unexpected moments in a memory that resurfaces in a feeling you can t quite explain in a small voice whispering that there s more Behind the masks you wear every day are emotions and desires that only want to be heard not to judge you but to set you free Have you ever felt like this You carry an invisible weight the pain of old wounds you ve never dared to touch You feel stuck as if you re living a life that doesn t entirely belong to you Your relationships often feel shallow and you re unsure how to build deeper connections The past sometimes feels like it s holding you back like an invisible chain You re afraid to show your true self worried that others might judge or reject you You try to move forward but you keep encountering the same patterns and obstacles You feel an inner emptiness a vague sense of dissatisfaction even when everything seems fine You avoid facing yourself because you re afraid of uncovering parts of you that you don t want to confront You feel overwhelmed by emotions as if letting them rise to the surface might make you lose control You sense that something is missing like a puzzle piece you can t find You torment yourself in silence feeling an unexplained anger or pain inside as if a hidden part of you is sabotaging your efforts If these words made you feel a spark of recognition if you saw a part of yourself reflected in these questions then this book was written with you in mind This is not a manual that tells you what to do It s a mirror that gently invites you to look within It s a path that guides you step by step to Make peace with past experiences without being overwhelmed Overcome emotional blocks that keep you stuck Discover who you truly are without masks or filters Build authentic relationships with others and with yourself This book won t ask you to change who you are It will help you remember who you ve always been and free the most authentic version of yourself Because beneath all the pain beneath all the masks there is a light waiting to be rediscovered The shadow you fear is where your truth resides Embrace it and you will uncover who you truly are
