Cooper,2019-04-08 The newly expanded and revised edition of Cooper s popular anthology featuring classic writings on aesthetics both historical and contemporary The second edition of this bestselling anthology collects essays of canonical significance in aesthetics and the philosophy of art featuring a wide range of topics from the nature of beauty and the criteria for aesthetic judgement to the value of art and the appreciation of nature Includes texts by classical philosophers like Plato and Kant alongside essays from art critics like Clive Bell with new readings from Leonardo da Vinci Oscar Wilde Walter Pater Ronald W Hepburn and Arthur C Danto among others Intersperses philosophical scholarship with diverse contributions from artists poets novelists and critics Broadens the scope of aesthetics beyond the Western tradition including important texts by Asian philosophers from Mo Tzu to Tanizaki Includes a fully updated introduction to the discipline written by the editor as well as prefaces to each text and chapter specific lists of further reading      **Aesthetics** David Goldblatt,Lee Brown,1997 For courses in Aesthetics Unique in perspective this collection of nearly 90 readings is designed to introduce students at any level of sophistication to the philosophical problems of aesthetics as they pertain to specific arts e g Painting Photography Music Film and Video Art etc It reflects the tendency to resist thinking of art as an abstract whole and to acknowledge the diverse character of philosophical thinking about individual arts      **Aesthetics** David Goldblatt,Lee B. Brown,2016-09-16 As with previous editions the new Aesthetics A Reader in Philosophy of the Arts uses classic and contemporary readings of leading philosophers of the arts This Third Edition includes more than a dozen new essays either written or adapted especially for this volume Containing more than 90 essays in total the new edition offers generous choices for class readings thus minimizing supplementary material needed for required assignments and independent research In keeping with earlier editions the Third Edition is a large collection of essays most comparatively brief and organized first by groupings of art forms and then by general essays about the arts It attempts to keep pace with theorizing about those art forms not traditionally covered in most books on aesthetics like the jazz rock comics video games and even the aesthetics of junkyards

There is then an emphasis on the popular and mass arts and everyday aesthetics as well as on time honored problems in philosophy of the arts This edition which contains contributions by both analytic and continental philosophers expands upon offerings in non Western art and aesthetics Finally although intended to keep pace with topics and issues currently debated instructors and students will find in a special section key classic texts
