 theory of how soldiers persevere through the hardships of long wars Nationalism and its effect on military strategy have long
 been of interest to scholars of conflict Outcomes of war are not solely determined by firepower and numbers but also by the
 motivations of soldiers fighting for their nation This book presents a new theory about the will to fight arguing that how a

conflict resonates with the myths symbols and core beliefs underlying national identity shapes soldiers morale discipline and initiative in battle Brathwaite compares the will to fight of British Indian and Australian soldiers in World War II She draws on military records such as unit diaries and morale reports to demonstrate the connection between identity and the will to fight Her research is important because political leaders make key decisions on matters ranging from the use of force to military manpower policy based on beliefs about what motivates soldiers in battle Scholars of security studies policymakers and military professionals will be interested in this new theory of a key aspect of military effectiveness and power New Reclamation Era ,1924 **The Widower's Second Chance** Jessica Keller,2014-07-15 Learning To Love Again Idyllic Goose
