

INDULGENCE & RESTRAINT

In this scene we have an example of indulgence & Restraint. Porro said (don't worry sir I will protect you) he thought that Todd will be upset when the Indian people threw the colored balls, but Todd was interested on this situation in addition, when he saw the burger advertisement he didn't care about the taxi's cost because MC located in another city consider by US culture and they are indulgent and its score 68. On the other hand, Restraint stands for a society that suppresses gratification of needs and regulates it by means of strict social norms and in this scene taxi's driver said to Todd (Sir its too expensive to take you to Bombie and Todd replied its Ok I will pay) so Indian people restrained and its score according to Hofstede dimension is 74. labour intensive processes using exclusive and sometimes exotic materials parchment made from dozens or hundreds of skins inks and paints made from prized minerals animals and plants books were expensive and built to last They usually outlived their owners Rather than discard them when they were superseded book owners found ways to update amend and upcycle books or book parts These activities accelerated in the fifteenth century Most manuscripts made before 1390 were bespoke and made for a particular client but those made after 1390 especially books of hours were increasingly made for an open market in which the producer was not in direct contact with the buyer Increased efficiency led to more generic products which owners were motivated to personalise It also led to more blank parchment in the book for example the backs of inserted miniatures and the blank ends of textual components Book buyers of the late fourteenth and throughout the fifteenth century still held onto the old connotations of manuscripts that they were custom made luxury items even when the production had become impersonal Owners consequently purchased books made for an open market and then personalised them filling in the blank spaces and even adding more components later This would give them an affordable product but one that still smacked of luxury and met their individual needs They kept older books in circulation by amending them attached items to generic books to make them more relevant and valuable and added new prayers with escalating indulgences as the culture of salvation shifted Rudy considers ways in which book owners adjusted the contents of their books from the simplest add a marginal note sew in a curtain to the most complex take the book apart embellish the components with painted decoration add more quires of parchment By making sometimes extreme adjustments book owners kept their books fashionable and emotionally relevant This study explores the intersection of codicology and human desire Rudy shows how increased modularisation of book making led to more standardisation but also to more opportunities for personalisation She asks What properties did parchment manuscripts have that printed books lacked What are the interrelationships among technology efficiency skill loss and standardisation The Lives of the Fathers, Martyrs, and Other Principal Saints Alban Butler,1833 **Hansard's Parliamentary Debates** Great Britain. Diesen Fragen von zentraler Bedeutung für die Arbeit eines jeden Chemikers geht das Buch von Jerome A Berson am Beispiel ausgewählter Chemiker auf höchst fesselnde und informative Weise nach. Der Autor versteht es ausgezeichnet durch umfangreiche Zitate dieser Forscher ihrer Zeitgenossen und Schüler die wissenschaftlichen Hintergründe chemischer Erkenntnisse mit den Schicksalen ihrer Entdecker zu verbinden. So ist ein detailliertes Bild vom Leben und Wirken Woodward's, Kekulé's, Meerwein's und anderer herausragender Wissenschaftler entstanden. Ein Stück lebendiger
