The Passion of Love in the Summa Theologiae of Thomas Aquinas Daniel Joseph Gordon,2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

Following Rabbi Jesus Phil Needham,2018-01-24 *Following Rabbi Jesus* is a surprising exposure of who the Jesus we find in the Gospels really is what he teaches those who dare to follow him and how he models what it means to live God s radical kingdom way The reader of the book will discover in this exploration a very different Jesus from the celebrity or hero of much popular church culture the tame ineffective Jesus of compromised Christianity and the inaccessible conceptual Christ of much academic theology The reader who takes the chance of honestly engaging the Jesus we meet in the Gospel stories may find an engaging and liberating contrast to the life he is now living He may even want to make a turn or two and start over *Take It Easy, Vol 1 Talks on Zen Buddhism* Osho,2023-03-07 Religion is the vast sky of existence Reason is a tiny human phenomenon The reason has to be lost has to be dropped Only by going beyond the mind does one start

understanding what is That s the radical change No philosophy can bring that radical change only religion Religion is non philosophic anti philosophic and Zen is the purest form of religion Zen is the very essence of religion Hence it is irrational it is absurd If you try to understand it logically you will be bewildered It can only be understood illogically It has to be approached in deep sympathy and love YOU CANNOT approach Zen through empirical scientific objective concepts They all have to be dropped It is a heart phenomenon You have to feel it rather than think it You have to BE it to know it Being is knowing And there is no other knowing *The Structures of Love* James Penney,2012-04-28 Both Freud and Lacan defined the transference as the ego s last stand its final desperate attempt to keep the truth of the unconscious at bay Both also viewed the transference as a social phenomenon In *The Structures of Love* James Penney argues that transference is the concept with which psychoanalysis thinks through the unconscious demands that circumscribe and can sabotage our creative initiatives in the arts and politics Penney suggests a method of cultural analysis that enables us to identity the transformative potential of genuine artistic and political acts He stages a dialogue between Lacan s psychoanalysis and the philosophy of Alain Badiou includes chapters on Frantz Fanon and Jean Genet Chantal Akerman and Lucien Freud and explores the aesthetic political and ethical consequences of the transference idea pushing it into exciting new territory *The 'Kiss' and the Medicine of Love* Tommaso Ghezzani,2025-03-11 This is a revised critical edition of philosopher and scientist Francesco Patrizi s manuscript *Il Delfino overo del bacio* c 1555 with an English translation and commentary *Il Delfino or The Kiss* survives in a single manuscript compiled by an assistant and interspersed with autograph corrections by Patrizi himself The only modern critical edition of the text edited by Danilo Aguzzi Barbagli 1975 is known to contain many errors that prevent a correct understanding of the work This book therefore fills this historiographical gap and at the same time provides a reliable text for further translations of Patrizi s work into other languages *Love's Grateful Striving* M. Jamie Ferreira,2001-06-07 Soren Kierkegaard s *Works of Love* 1847 a series of deliberations on the commandment to love one s neighbor has often been condemned by critics Here Ferreira seeks to rehabilitate *Works of Love* as one of Kierkegaard s most important works He shows that Kierkegaard s deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality duty equality mutuality reciprocity self love sympathy and sacrifice Ferreira also argues that *Works of Love* bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation
