Answering Back Girls Boys And Feminism In Schools:

Answering Back Jane Kenway, 1998 *Answering Back* exposes the volatility of gender reform in many different schools and classrooms. It tells stories in close up and from below allowing everyone to talk anxious boys naughty girls cantankerous teachers pontificating principals and feisty feminists. This book challenges many sacred ideas about gender reform in schools and will surprise and unsettle teachers and researchers. It draws on a deep knowledge of gender issues in schools and of feminist theories policies and practices. It is compelling and provocative reading at the leading edge. *Feminism, Gender and Universities* Miriam E. David, 2016-04-15 *Feminism Gender and Universities* demonstrates the positive and robust impacts that feminism has had on higher education through the eyes and in the words of the participants in changing political and social processes. Drawing on the collective biography of leading feminist scholars from around the world and current evidence relating to gender equality in education this book employs methods including biographies life histories and narratives to show how the feminist project to transform women's lives in the direction of gender and social equality became an educational and pedagogical one. Through careful attention to the ways in which feminism has transformed feminist academic women's lives the author explores the importance of education in changing socio political contexts raising questions about further changes that are necessary. Delving into the deeper and more hidden echelons of education the book examines the contested nature of current managerial or business approaches to university and education revealing these to be incompatible with feminist thought. A plea for more careful attention to education and the ways in which the processes of knowledge making influence and are influenced by gender and sexual relations. *Feminism Gender and Universities* will appeal to scholars across the social sciences with interests in gender pedagogy and modern academic life. **Shaping the Future**, 2007-01-01 World wide the production of teachers has become a sharp political issue during the early years of the twenty first century. Current systems for ensuring a supply of capable and knowledgeable teachers have come sustained under attack from politicians economists parents organisations and social critics alike. There is less agreement now about teacher education than in any time over the past fifty years. Much of the debate in the public and political arenas has been driven by narrow and expedient consideration and too much of it demonstrates a poor grasp of the deep and complex issues which teacher education in a democracy must confront. At the same time there has been a serious educational debate which has focused on what a well trained teacher ought to be able to do and what methods of training and education can produce competent teachers. The chapters of this book address these issues in a critical way asking what should the objectives of teacher education be. The authors demonstrate the international reach of the debate over teacher education and they ground their discussions within the national contexts of their own experience. All the authors share the view that teacher education involves much more than acquiring a set of skills and techniques. Important as these are the well trained teacher needs for example to have an understanding of the contexts of teaching of the reasons why we teach of the role of schools as

institutions within political environments as well as a coherent perspective on curriculum and the relevant bodies of theory which give overall point to what is being done What teacher education entails will probably never be beyond contestation at least not so long as it takes place within capitalist democracies These democracies with their tensions running between liberal ideals and economic imperative push and pull teacher education in contradictory directions At present educational ideals seems too quickly and too dogmatically to be traded for immediate fiscal policy The authors of these chapters articulate the reasons why such short term thinking will be detrimental to any approach to teacher education which commits itself to producing well rounded and comprehensively professional teachers

Between Femininities Marnina Gonick,2012-02-01 Arguing for a recognition of the contradictory and ambivalent identifications that both attract and repel those who live the social category girl Marnina Gonick analyzes the discourses and practices defining female sexuality embodiment relationship to self and other material culture use of social space and cultural political agency and power Based on a school community project involving collaborative production of a video which tells the stories of several fictional girl characters Gonick examines the contradictory and textured structure of the discourses available to girls through which their identities are negotiated Woven throughout the book is the integral concern with the way in which ethnographic writing as a discursive practice is also implicated in the production and signification of social identities for girls

Education, Social Justice and the Legacy of Deakin University Richard Tinning,Karen Sirna,2012-01-01 The late Joe Kincheloe once wrote that the amazing Deakin Mafia provided innovative and unprecedented critical scholarship on education for a few short years Informed by various theoretical perspectives eg critical theory neo Marxist poststructuralist postcolonial feminist critical literacy Bourdieuan Foucauldian key Deakin University scholars pursued their commitments to social justice though education A certain criticality characterised their work Individually and collectively they created a national and international reputation for critical scholarship in education Since that time the 1980s and 90s however most of the Deakin mafia have moved to senior academic posts elsewhere in Australian and internationally and their influence in educational research and discourse now continues as members of the Deakin diaspora This collection is an account of the stories of many of these scholars It will provide valuable reading for any scholar of education who is particularly interested in critical pedagogy and the critical project in education more generally It also provides insights into what makes a faculty of education successful at a particular point in time

Engaging Men in Building Gender Equality Michael Flood,Richard Howson,2015-06-18 Men s roles in building gender equality are currently on the public agenda Across the globe there are growing efforts to engage men and boys in building more equitable relations with women and girls Programs that engage with men have proliferated in fields such as violence prevention sexual and reproductive health parenting education and work The last decade has seen the emergence of national and global campaigns initiatives by international agencies and scholarly research Engaging

Defining and Redefining Gender Equity in Education Janice Koch,Beverly Irby,2002-08-01 In the past 25 years there has

been an enormous increase in the amount of research exploring issues of gender and schooling. New journals have been established and in the older journals special issues have been devoted to addressing gender equity in education. For the editors this has raised some questions and concerns as we organized the topics for this first volume of the Research on Women and Education book series.

Mapping the Field Jane Martin, Marion Bowl, Gemma Banks, 2023-10-04. From its origins in the University of Birmingham's then Institute of Education in 1948, *Educational Review* has emerged as a leading international journal for generic educational research. Seventy-five years on, *Mapping the Field* presents a detailed account of education theory and research policy and practice through the lens of key articles published in the journal over this timespan. Volume II opens with Part I, a collection of articles examining teachers' job dissatisfaction and stress and the gendered composition of the teaching workforce. Articles in Part II trace a shift in academic focus from schools seen as families to the parent-school relationship. The concepts of inclusion and equality and strategies for their fulfilment in education are interrogated in Part III. The volume concludes with Part IV in which diverse identities in the education field are represented. Curated and introduced by the editors, the articles included in both volumes of *Mapping the Field* represent a careful selection from the work of scholars whose ideas have been and continue to be influential in the field of education. Overall, this major text covers a wide range of topics and offers original insights into educational policy, provision, processes and practice from around the world.

Handbook of Social Psychology John DeLamater, 2006-11-24. Psychology focusing on processes that occur inside the individual and Sociology focusing on social collectives and social institutions come together in *Social Psychology* to explore the interface between the two fields. The core concerns of social psychology include the impact of one individual on another, the impact of a group on its individual members, the impact of individuals on the groups in which they participate, the impact of one group on another. This book is a successor to *Social Psychology: Social Perspectives* and *Sociological Perspectives in Social Psychology*. The current text expands on previous handbooks in social psychology by including recent developments in theory and research and comprehensive coverage of significant theoretical perspectives.

Constructing the Self in a Digital World Cynthia Carter Ching, Brian J. Foley, 2012-09-10. This title examines the relationship between identity and technology in the learning and lives of young people.

Feminist Engagements Kathleen Weiler, 2002-06-01. *Feminist Engagements* is a collection of essays by some of the top names in feminist education in which they read and revise the works of the major twentieth-century theorists in education and cultural studies.

A Feminist Critique of Education Christine Skelton, Becky Francis, 2005. Compiled by the current editors of the journal *Gender Education*, this new book maps the development of thinking in gender and education over the last fifteen years, featuring groundbreaking articles from leading authors in the field.

Gender and Teaching Frances A. Maher, Janie Victoria Ward, 2001-09. This book includes four cases dealing with related aspects of gender and teaching along with a range of preservice and practicing teachers and administrators' reactions to each case. It presents four public

arguments pertaining to the issues raised in the cases

Global Feminist Politics Suki Ali, Kelly Coate, Wangui wa Goro, 2000-03-23 Global Feminist Politics examines the changing global context for feminist political action its meaning and forms It acknowledges the existence of dissent and debate among feminists asserting that such debate leads to innovation in theory and practice This book reaches the conclusion that the future of the women s movement depends upon a dialogue which is unafraid to cut across perceived differences Focusing on key issues raised by a feminist commitment to global political change this book covers subjects including the relevance of contemporary feminist politics for younger women gendered accounts of genocide and catastrophe exile migration and diaspora gender and the internet women and the nationalist movement in India gender issues in Pakistan Australia South Africa and the Middle East Featuring an international panel of cutting edge feminist thinkers Global Feminist Politics demonstrates the innovative work being undertaken in the academic and professional worlds as well as in women s activism It is an invaluable resource for students in Women s Studies and Development Studies as well as all those interested in the development of contemporary global feminism

Activating Participation Gill Crozier, Diane Reay, 2005 Participatory democracy at grass roots level is hugely complex especially in a diverse society This book seeks to examine this issue in the context of children s education identifying the key factors that affect parents participation and what their role should be

Handbook of Studies on Men and Masculinities Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men s and boys identities conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men s studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men s studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men

boys and gender as well as an excellent addition to any academic library Challenging Democracy Madeleine Arnot, Jo-Anne Dillabough, 2014-02-04 This collection establishes a highly topical new international field of study that of gender education and citizenship It brings together for the first time important cutting edge research on the contribution of the educational system to the formation of male and female citizens It shows how gender relations operate behind apparently neutral concepts of liberal democratic citizenship and citizenship education The editors asked leading international educationalists to describe the theoretical frameworks and methodologies they used to research gender and citizenship Challenging Democracy suggests ways in which the educational system could help develop genuinely inclusive democratic societies in which men and women play an equal role in shaping the meaning of citizenship **Feminist Critique of Education** Christine Skelton, Becky Francis, 2005-11-18 This book provides a valuable route map to the development of thinking in gender and education over the last fifteen years It includes over thirty five seminal articles from the journal Gender and Education written by many of the leading authors in the field from the UK the USA Australia and Europe Compiled by the current editors of the journal to show the development of the field the book is divided into six sections Gender Identities Theory and Method Policy and Management Sexuality Ethnicity Social Class The specially written introduction by the editors contextualises the selection and introduces students to the main issues and current thinking in the field Available in one easy to access place this authoritative reference book provides a collection of articles that have lead the field It should find a place in every library and on every departmental bookshelf **Taboo** ,2004 *Gender Consciousness and Privilege* Celeste Brody, Kasi Allen Fuller, Penny Poplin Gosetti, Susan Randles Moscato, Nancy Gail Nagel, Glennellen Pace, Patricia Schmuck, 2005-08-12 Develops a new framework for working in schools that helps educators make informed decisions about change at individual classroom curricular and school levels on behalf of gender equity Addresses the issue of understanding the impact of education on the two sexes and looks at responsibility for creating gender fair environments organising work and creating environments for learning The book draws on a two year study into the role that gender played as three Catholic high schools prepared to move from single sex to coeducation It does not weigh the advantages of single sex against coeducative approaches but studies gender in a setting where the participants consciousness of gender issues was heightened faculty and administration were formally and informally discussing gender concepts and students were talking about male and female issues The book shows that the combination of leadership staff and curricular awareness and an understanding of gender fair and gender affirmative practices can serve to improve institutional effectiveness and lead to higher levels of student achievement
