Answers For A Searching Soul:

In Search of the Soul, Second Edition Joel B. Green, 2010-11-01 Why A Search for the Soul Many Christians assume that it is biblically faithful and theologically noncontroversial to speak of humans having a soul Yet a wide range of biblical scholars are questioning whether we have correctly understood what the Bible means when it speaks of the soul And contemporary neuroscience is laying more and more questions at the doorstep of the church asking whether our human sense of self is intelligible on the basis of soul But for thoughtful Christians following science on this point looks like caving in to reductionism while denying science gives off the door of obscurantism In Search of the Soul provides a rare opportunity to listen in as four Christian philosophers set forth their best arguments for their distinct views and then respond to each other While each of these views calls for careful framing and patient exposition they are labeled as follows SUBSTANCE DUALISM Stewart Goetz EMERGENT DUALISM William Hasker NONREDUCTIVE PHYSICALISM Nancey Murphy CONSTITUTION VIEW OF PERSONS Kevin Corcoran The editor introduces the debate by laying out the critical issues at stake and wraps it up by considering the implications for the Christian life particularly hospitality and forgiveness This is a book of timely interest to philosophers theologians psychologists and pastors Whatever conclusions readers may draw they will find here an instructive and engaging discussion of a controversy that will not go away any time soon *The Search for Meaning in a World Without Answers* Pasquale De Marco, 2025-07-11 In the vast expanse of human consciousness there lies an enigma a profound yearning for meaning in a world that often appears indifferent to our plight The Search for Meaning in a World Without Answers is an introspective odyssey that delves into the existential quandaries that have haunted humanity for millennia With eloquence and erudition this book confronts the disconcerting reality of suffering the fleeting nature of existence and the existential void left by the decline of traditional belief systems Yet amidst the bleakness it uncovers a glimmer of hope a resilient spirit that yearns for meaning purpose and connection in a world that often appears indifferent to our plight Through a series of thought provoking chapters the author explores the depths of human consciousness the intricacies of our relationships and the boundless potential that lies within us With profound insights and a keen eye for detail the book delves into the nature of love the power of forgiveness and the transformative potential of suffering It challenges us to confront our fears embrace our vulnerabilities and strive to cultivate a life of authenticity and integrity This introspective quest reveals a profound truth meaning is not something that can be found or bestowed upon us it is something that must be actively sought and created It is in the forging of connections the pursuit of knowledge the embrace of creativity and the relentless search for truth that we discover the elusive elixir of meaning that nourishes our souls and illuminates our path in an often bewildering world With courage as our guide and an unyielding spirit of inquiry we traverse the labyrinth of existence seeking not definitive answers but rather a deeper understanding of the human condition We embrace the inherent uncertainty of life acknowledging that the search for meaning is an ongoing journey a pilgrimage of the heart and mind that

spans a lifetime The Search for Meaning in a World Without Answers is an essential guide for anyone seeking to navigate the complexities of human existence It is a book that will challenge your assumptions expand your horizons and inspire you to embark on your own journey of self discovery and meaning making If you like this book write a review **In Search of the Soul** Joel B.
