Antaeus Special Fiction Issue:

Antaeus, Special Fiction Issue ; 13/14, Spring/Summer 1974 Edward Gorey, 1974 Antaeus, Special Fiction Issue ; No. 70, Spring, 1993 Daniel Halpern, 1993 Antaeus, 1979 Under the Sign of Pisces, 1976 *The History of the Science-fiction Magazine* Michael Ashley, 2000 This third volume in Mike Ashley's four volume study of the science fiction magazines focuses on the turbulent years of the 1970s when the United States emerged from the Vietnam War into an economic crisis. It saw the end of the Apollo moon programme and the start of the ecology movement. This proved to be one of the most complicated periods for the science fiction magazines. Not only were they struggling to survive within the economic climate, they also had to cope with the death of the father of modern science fiction John W Campbell Jr while facing new and potentially threatening opposition. The market for science fiction diversified as never before with the growth in new anthologies, the emergence of semi professional magazines, the explosion of science fiction in college, the start of role playing gaming magazines, underground and adult comics, and with the success of Star Wars media magazines. This volume explores how the traditional science fiction magazines coped with this, from the death of Campbell to the start of the major popular science magazine Omni and the first dreams of the Internet. Annual Report National Endowment for the Arts, 1994 Reports for 1980-19 also include the Annual report of the National Council on the Arts. **Conversations with Ann Beattie** Dawn Trouard, 2007 Collected interviews with the quintessential New Yorker writer, author of such books as *The Doctor's House*, *Follies* and *Falling in Place*. *Prize stories* 1975 William Miller Abrahams, 1975-04-25 New Boston Review, 1978

Conversations with Raymond Carver Raymond Carver, 1990 The twenty five interviews gathered here, several available in English for the first time, include craft interviews, biographical portraits, self analyses, wide ranging reflections on the current literary scene. **Marco Frascari's Dream House** Marco Frascari, Federica Goffi, 2017-05-08 This previously unpublished work is essential reading for anyone who has followed Marco Frascari's scholarship and teachings over the last three decades. It also provides the perfect introduction for anyone new to his writings. As ever, Frascari does not offer prescriptive tools and frameworks to enact his theories of drawing and imagination; instead, he teaches how to build one's own through individual practice. An illuminating introduction places the text in a wider context, providing the reader with a fascinating and important context and understanding to this posthumous work. Frascari's sketchbooks are reproduced faithfully in full colour to provide the reader with a remarkable insight into the design process of this influential mind.
